Certainly.

Somehow the name in the docket title did include a comma (though there isn't one on the application) while the MCD version did not (it agrees with application).

We'll fix and place this e-mail in docket file.

Name of company is Budtel, Inc. not Budtel Inc. I will change the name on the consent recomment. Contact CCAS to change the docket title.

I can not stress enough that you need to make sure the docket title, secretary of State's documentation and staff's recommendation all agree before I get it.
