Dear Sir or Madam:

Regarding the recent legal notice mailed out to me by Florida Water Services Corp., I would like to voice my opposition to the request that they want to change the authorization and be regulated by the Florida Public Service Commission. It would seem to me that leaving it in the hands of the counties would be more realistic. The counties have been in charge and it is my opinion that they should continue to do so.

Thank you for taking the time to read my letter and I ask that you and the commission seriously consider the above request, leaving the counties to do the regulating..

Sincerely,

John B. Borgeson
