Subject: Florida Water Service

I am submitting this letter to inform you that I am against Florida Water Services request that The Public Service Commission take over the authority to adjust their rate hike request, This is just another attempt on their part not to deal with the local goverment that is elected by the people of HERNANDO COUNTY.

In closing I will state that the letter they sent to the people they service in HERNANDO COUNTY was a farce you would have to be a lawyer to understand what they were saying and a laywer may also have a problem as there was no cover letter attached to the document stating what the document was about.

Respectfully Submitted
