Re: Florida Water Services Corp.

Dear Director,

I recently received a legal notice from Florida Water Services Corp. They are applying for an original certificate of authorization for an existing utility currently charging for service. I understand they want to change the authorization so that they are regulated by the Florida Public Service Commission instead of by the counties of Hernando and Pasco. As a resident of Hernando County I wish to state that I definitely disapprove of this and it is of utmost importance to me that you reject this authorization.

A concerned resident.

Yours truly,
