Dear Director,

I read in the St Petersburg Times, Sunday, July 7th, that Florida Water Services Corp. was applying for a certificate to be regulated by the Florida Public Service Commission instead of, by the Hernando and Pasco Counties.

I did receive a notice by Florida Water Service Corp. informing me of a possible change. However, I didn't fully understand the notice until I read about it in the paper. Now, I am writing to you about this change. I am concerned about what this change might mean in regards to increased rates on my water bill. If it is Florida Water's intention (to change the authorization so as to raise rates at their whim) then I am against the change.

Please be aware that this concerned citizen is not in favor of Florida Water Service Corp. being regulated by Florida Public Service Commission. I like the service the way it presently is (being regulated by the counties).

Thank you for your time.

Laura Sauls
