Thanks, I'll get CCA to change the docket title and the rec is being written.

Kay, could you please change the docket title again to reflect the following docket title:

Request for approval of waiver of carrier selection requirements of Rule 25-4.118, F.A.C., due to the purchase of North American Communications Control, Inc. (holder of IXC Certificate No. 4463) customer base by A.R.C. Networks, Inc. d/b/a InfoHighway (holder of IXC Certificate No. 4707).

The reason for this is we do not regulate the sale of customer base.

Kim/Beth, check this docket out and see if we have to have, "approval of transfer of customer base and accounts receivable" as a part of our approval. Since we do not regulate the sale of customer base and North American Communications is not cancelling their certificate, shouldn't all we be doing is waiving carrier selection requirements???
