Subject: Docket No. 020400-TX

Hi Ruth,

This company does not have a period after Inc. according to the Sec of State data base. However a period is part of te CASR title and under Company, and Case Mgmt is picking it up as attached to Inc. when it shouldn't be that way. Can you put a space between that period and Inc so Case mgmt doesn't pick it up? And delete it from the Company area as well. By the way, the application does not show a period so the documentation in the file is correct.

Thanks bunches,

Toni
