Pat, we'll use your e-mail to open a docket today for processing the depreciation study, and move the study to the new docket.

Good morning. I just realized that FPUC erroneously submitted its depreciation study (document number 07848-02) last week with its waiver request docket number (020327-EI). This document needs to be removed from 020327-EI and a new docket opened to process the depreciation study. Thanks.
