This sounds good to me. Let me know what Kay says, and I will print the new CASR and touch-up the memo. Thanks for your advice on this one.

Jeff

Jeff, In Order to minimize confusion I think changing the title would probably be a good idea. I was looking to make sure all the elements in the title were actually reflected in the final product but since those elements from the original agreement are being replaced, the underlying agreement and the two attachments being adopted do not reflect "adoption of an existing interconnection, unbundling and resale agreement between BellSouth and ICG by Winstar". How about "Request for Approval of Negotiated Interconnection, Unbundling, Resale and Collocation Agreement Between BellSouth Telecommunications, Inc. and Winstar Communications, LLC and the Adoption of the Underlying Intereconnection Agreement and Selected Attachments to the Agreement between Bell South Telecommunications, Inc. and ICG Telecom Group, Inc. by Winstar Communications, LLC." ? I know it is long and I was trying to spare us the complexity but I think this may make things easier down the road and more accurately reflects what is being adopted. The May 7, 2002, letter refers to this in their caption as a negotiated agreement so I do not think we need to have any futher information or corrections from the company. If you agree we can foreward this e-mail to Kay and change the title for our records. Let me know your opinion on this matter. Thanks, Jessica

Looking through the underlying agreement, the only things being adopted are "Ordering and Provisioning" (Attachment 6) and "Rights-of-Way, Conduits and Pole Attachments (Attachment 8).

Their letter/title probably could have been less confusing.

The memo is already prepared for this one. I'll bring it around when I bring around 020389-TP, 020390-TP, and 020391-TP.

Jeff

Jeff, I agree with your interpretation and I believe the title can stay as it is because all of the elements are there even though the resale, UNE, interconnection and collocation attachments from the original agreement are being replaced. I just wanted to make sure that we agreed and we caught and potential problems with this one. Thanks, Jessica

Jessica, looking through this agreement I see that Winstar is adopting ONLY "Attachments 6 and 8", and ANY and ALL amendments of the original, underlying agreement, is this what you gather from this?

What are your concerns?

Thank you,

Jeff Bates
