58. Please provide FPL's total non-separated wholesale sales and purchases, in dollars and Mwths, for each year from 1997 to 2001. Identify gains on sales and savings from purchases for each year. Assuming FPL's proposed 80%/20% sharing mechanism had been in place for years 1997 through 2001, calculate the shareholder and ratepayer benefits that would have accrued in each year.

59. For each of the last five years, please identify the net credit or charge to fuel clause associated with FPL's financial hedging transactions.
