RE: Docket No. 001382-WS - Application for staff-assisted rate case in Lake County by Pennbrooke Utilities, Inc.

ISSUE 1: Should Pennbrooke's rates be reduced to remove the rate impact of the pro forma plant item not completed by the utility?

RECOMMENDATION: Yes. Wastewater rates should be reduced by 4.99% (\$10,576) annually. The utility should file revised tariff sheets and a proposed customer notice to reflect the Commission-approved rates. The approved rates should be effective for service rendered on or after the stamped approval date on the tariff sheet, pursuant to Rule 25-30.475(1), Florida Administrative Code. The appropriate wastewater rates are reflected on Schedule A of staff's July 25, 2002 memorandum.
