COMMISSION
CLERK

Re: Undocketed Filings for 2002; Docket No. 020000-TP

Dear Ms. Bayo:

Enclosed for filing in the above docket are the original and fifteen (15) copies of ALLTEL Florida, Inc.'s Request for Confidential Classification. This request covers the ALLTEL Florida, Inc.'s response to the Commission's data request on local competition, which was filed with the Division under a Notice of Intent to Request Confidential Classification on July 30, 2002.

Exhibit "B" to the Request is a confidential version of the document for which confidential classification has been requested. One copy of Exhibit "B" is contained in a sealed envelope that is enclosed with this letter.

Please acknowledge receipt and filing of the above by stamping the duplicate copy of this letter and returning the same to this writer.

Thank you for your assistance in this matter.

Sincerely,

In re: Undocketed Filings for 2002

DOCKET NO. 020000-TP
FILED: 08/20/2002

**ALLTEL FLORIDA, INC.'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION**

ALLTEL Florida, Inc. ("ALLTEL" or the "Company"), pursuant to Section 364.183, Florida Statute, and Rule 25-22.006, Florida Administrative Code, hereby files this Request for Confidential Classification, and states:

1. ALLTEL is a telecommunications company with its principal place of business in Florida in Live Oak, Florida. Pleadings, orders, notices and other papers filed or served regarding this request should be served upon:

Bettye Willis	J. Jeffry Wahlen
ALLTEL Corporate Services, Inc.	Ausley & McMullen
One Allied Drive	P. O. Box 391
Little Rock, AR 72203-2177	Tallahassee, FL 32302

2. On June 26, 2002, the Florida Public Service Commission sent to the Company a data request requesting information for use in the preparation of the Commission's next Local Competition Report to the Florida Legislature ("Data Request"). The Data Request seeks "data directly related to matters within the commission's jurisdiction in the form specified by the commission..." within the meaning of Section 364.183(1), Florida Statutes.

3. On July 30, 2002, the Company filed its Confidential Response to the Data Request ("Response") with the Division of Commission Clerk and Administrative Services ("Clerk"), together with a Notice of Intent to Request Confidential Classification for portions of

its Response. Therein, the Company asserted that certain information therein was confidential and designated the confidential information by highlighting it with a yellow marker. The Company's confidential filing was assigned Document Number 07969-02. A non-confidential version (redacted) of the Response was contemporaneously delivered to the Commission's Office of Market Monitoring & Strategic Analysis. Thus, under Rule 25-22.006(5), Florida Administrative Code, the Commission is required to keep confidential and exempt from public disclosure the information asserted to be confidential by ALLTEL under the procedures in Section 25-22.006(5), Florida Administrative Code.

4. In addition, in accordance with the procedures set forth in Section 25-22.006(4), Florida Administrative Code, the Company asserts that the highlighted information in its Response is "proprietary confidential business information" within the meaning of Section 364.183, Florida Statutes, and requests that the Commission keep that information confidential and exempt from public disclosure in accordance with Section 25-22.006(4), Florida Administrative Code. Two edited versions of the data request with the confidential information redacted are attached as Exhibit "A." Another copy of the Response with the confidential information highlighted is attached as Exhibit "B." The line-by-line identification and justification required by Rule 25-22.006(4)(c), Florida Administrative Code, is attached as Exhibit "C." The material for which confidential classification is claimed and sought is intended to be and is treated by the Company as private and has not been disclosed.

WHEREFORE, ALLTEL respectfully requests that the Commission grant this Request for Confidential Classification.

Respectfully submitted this 20th day of August, 2002.

J. JEFFREY WAHLEN
Ausley & McMullen

ALLTEL FLORIDA, INC.'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION

Two Edited Versions with Confidential Information Redacted

Exhibit A

2002 Incumbent Local Exchange Carrier (ILEC) Data Request

CONFIDENTIAL

Company: ALLTEL Florida, Inc.

Contact name and title: Bettye Willis, Staff Manager – State Government Affairs

2002 Incumbent Local Exchange Carrier (ILEC) Data Request

Company: ALLTEL Florida, Inc.

Contact name and title: Bettye Willis, Staff Manager – State Government Affairs

Telephone number: 501-905-5692

E-mail address: bettye.j.willis@alltel.com

For the following questions, please provide the information requested as of June 30, 2002.

- 1. Please identify, by exchange and respective wire center, the number of business access lines served. (Please break down between non-resold v. resold lines and provide a total)

Response: See Attachment I

- 2. Please identify, by exchange and respective wire center, the number of residential access lines served. (Please break down between non-resold v. resold lines and provide a total)

Response: See Attachment I

- 3. Please indicate, by exchange and respective wire center served, the number of Alternative Local Exchange Carrier resold access lines, by type and to whom they are provided.

Response: See Attachment I

- 4. (a) Please indicate, by exchange and respective wire center served, the number of UNEs provided, by type of UNE (including type of loop, e.g., 2-wire voicegrade unbundled loop, ADSL-capable unbundled loop, DS# unbundled loop, port, etc.) and to whom they are provided. Where applicable, provide the voicegrade equivalent lines.

Response: 0

- (b) Please indicate, by exchange and respective wire center served, the number and type of interconnection trunks provided to ALECs. Where applicable, provide voicegrade equivalent lines.

Response: 0

- 5. Please indicate, by exchange and respective wire center served, the number of UNE platform configurations provided, by configuration (e.g. loop and port, loop, port and switching, etc.) and to whom they are provided. Where applicable, provide the voicegrade equivalent lines.

Response: 0

- 6. (a) Please indicate, by exchange and respective wire center served, and by residence and business, the total number of lines over which you or an affiliate are providing xDSL service in Florida, indicating the type of DSL, e.g., ADSL, HDSL, etc.

Response: We offer ADSL in six exchanges. The number of subscribers by exchange is listed below. We do not have a break-out between business and residential.

	A	B	C	D
1 Alachua	High Springs	Live Oak	Jasper	
2 Lake Butler	Branford			

2002 Incumbent Local Exchange Carrier (ILEC) Data Request

Company: ALLTEL Florida, Inc.

Contact name and title: Bettye Willis, Staff Manager – State Government Affairs

(b) Please indicate your revenues from xDSL service, broken out by business and residence, recurring and non-recurring.

Response: See Attachment 2

(c) Please identify your exchanges and respective wire centers in which xDSL service is available.

Response: See response to (a) above.

(d) Please identify your exchanges and respective wire centers in which xDSL service is not available.

Response: Callahan, Waldo, Interlachen, Wellborn, McIntosh, White Springs, Melrose, Jennings, Hilliard, Brooker, Mayo, Luraville, Crescent City, Dowling Part, Hastings, Florahome, Citra, Raiford, Orange Springs, Boys Ranch, Fort White.

(e) Please identify your current rates for your xDSL offerings.

Recurring Charges:

Speed: 768k Downstream/128k Upstream	\$29.95
1.5M Downstream/256k Upstream	\$59.95
1.5M Downstream/768k Upstream	\$119.95

7. If known, please identify the CLECs operating in each of your exchanges and respective wire centers.

Response: See Attachment I

8. Please provide any comments, suggestions or information you believe will assist staff in evaluating and reporting on the development of local exchange competition in Florida. This may include alternative methods of calculating ALEC market share (e.g. E911 database). If you indicate alternative methods of calculating CLEC market share, please provide the data needed to calculate any of the alternative methods, or identify where such data can be obtained. In addition, we would appreciate any comments or information on intermodal local competition (e.g., wireless, cable telephony), reports or studies you have completed on CLEC market share, or anything else that you believe to be relevant.

Response: None

9. Please provide a copy of your (or your parent company's) most recent annual report to stockholders, and Form 10-K

Response: See Attached

10. Please provide year-end 2001 and 2002 data for total company Florida operations as outlined below. This data should be consistent in form with what your company previously provided in its 1995 Annual Report to the FPSC in Schedules I-1, S-2, and S-3.

Operating Revenues (methodology consistent with 1995's I-1)

Total Local Network Service Revenues:	\$12,264,953
Total Network Access:	12,819,748
Total Long Distance Network:	1,085,300
Total Miscellaneous:	1,572,269
Grand Total – Company:	27,742,270

Access Lines in Service by Customer (methodology consistent with 1995's S-2)

	<u>12/31/2001</u>	<u>6/30/2002</u>
Business:		
Single-line:	9,233	9,260
Multi-line:	0	0
Public Access Lines:	126	103
Residential Access Lines:	75,273	75,584

2002 Incumbent Local Exchange Carrier (ILEC) Data Request

CONFIDENTIAL

Company: ALLTEL Florida, Inc.

Contact name and title: Bettye Willis, Staff Manager – State Government Affairs

Mobile Access Lines:	0	0
Total Access Lines (Switched and Special):	84,632	94,947

If the access line data provided above includes resold access lines (i.e., purchased from you by CLECs for resale), please separate the access line data between those lines which are not resold and those which are resold. If the access line data above does not include resold lines, please provide the number of resold lines broken down into the same categories.

Telephone Calls (methodology consistent with 1995's S-3)

Local Calls: **Not available**

IntraLATA Toll Calls Completed (Originating):

IntraLATA Toll Calls Completed (Terminating):

Intrastate:

Total:

InterLATA Billed Access Minutes (Originating and Terminating):

Interstate:

Intrastate:

Total:

11. Please provide the following information for each of the 12 month periods ending June 30, 2001 and 2002.
- (a) the number of residential access lines that were switched to a ALEC (i.e., that became resold lines)
Response: Not available
 - (b) the number of business access lines that were switched to a ALEC (i.e., that became resold lines)
Response: Not available
 - (c) gross gain in residential access lines (not net of lines lost to resale)
Response: See Attachment 3
 - (d) gross gain in business access lines (not net of lines lost to resale)
Response: See Attachment 3
 - (e) an estimate of the average revenue per line, per residential line lost
Response: Not available
 - (f) an estimate of the average revenue per line, per business line lost
Response: Not available
 - (g) the number of unbundled local loops provided to ALECs, by type (if available – i.e. 2W VG analog, etc.)
Response: 0

12. If you company filed a Form 477 with the Federal Communications Commission in March, 2002, please provide a copy of the completed form 477 with your response to this data request.

Response: See Attached

All filers must complete this section.

File data as of: December 31, 2001

1. Filing status Voluntary filing (meet no thresholds)
2. Company ALLTEL Wireline Company
3. Indicate the category that best describes the operations covered by this filing.
Wireline Local Exchange Carrier
4. Filers must report separate data for ILEC and non-ILEC operations. Use the following drop-down box to indicate whether this worksheet contains data for ILEC or for non-ILEC operations.
ILEC operations
5. Use the following drop-down box to select your company, parent or controlling entity name. Select "not shown" if it is not in the list. See instructions Section IV-B-1 for information on preparing file names.
ALLTEL Corporation

If you selected "not shown" above, then provide the following:

Name of company, parent or controlling entity.

6. State. Florida
7. Contact person (person who prepared the data contained below).
David Cameron
8. Contact person telephone number and e-mail address.
phone 501-905-5270
e-mail David.E.Cameron@alltel.com

9. Indicate whether this is an original or revised filing.
Original Filing
10. Indicate whether you request non-disclosure of some or all of the information in this file because you believe that this information is privileged and confidential and public disclosure of such information would likely cause substantial harm to the competitive position of the filer.
Filer certifies that some data in this report is privileged and confidential
11. If you requested non disclosure in line 10, indicate if this is your complete or redacted file.
Complete version of file

Please review instructions before completing form.

Reminders:

- 1) Ensure files are virus free by using up-to-date virus detection software. Filers are encouraged to submit files via e-mail (address: FCC477@fcc.gov).
- 2) If you are filing original or revised data for an earlier semi-annual reporting period, do not use this particular form (which is only for data as of December 31, 2001). See reminder 4.
- 3) You may not insert or delete columns or rows, move cells, or edit text or numbers outside the cells provided for data entries. Files that cannot be opened in EXCEL97, files whose structure has been altered, and files with improper names will have to be refiled.
- 4) If you have questions about the form, contact the Common Carrier Bureau, Industry Analysis Division at (202) 418-0940; via e-mail at 477INFO@fcc.gov; or via TTY at (202) 418-0484.
- 5) You must submit a Certification Statement signed by an officer of your company. A single statement may cover all files submitted. See Instructions sections IV & V.
- 6) If you request non-disclosure of some data, you must file a public version of the form with such information redacted. See Instructions sections IV.B and IV.C for information on preparing a redacted file.
- 7) Name your files as specified in Instructions section IV.B.1. To assist you, complete this Cover Page to generate an "example" name, below. Replace the character "#" in this example name with a sequence number as specified in the instructions. This number should be "1" unless using "1" would cause you to submit more than one file with the identical file name.

CONFIDENTIAL

ALLTEL Wireline Company ILEC operations for Florida December 31, 2001

Complete Part I if you and all affiliates (including commonly controlled entities) provide 250 or more broadband lines or wireless channels in the state over your own facilities or over lines you provisioned as broadband. See instructions for definitions of "own facilities", "broadband", "end user", and "residential and small business".

If you provide data in Part I, you must provide in Part V a list containing the 5-digit Zip Codes of the end-user locations in which you provide the broadband services reported herein. See instructions.

Data as of December 31, 2001

A. Lines and wireless channels of broadband service that you provided over your own facilities, or over UNE loops or other lines and wireless channels that you obtained from other service providers and equipped as broadband, categorized by technology at the end-user location.

(a) Total one-way and two-way (full) broadband lines and wireless channels	Percentages of lines and wireless channels reported in (a)				
	(b) % of (a) used by residential & small business customers	(c) % of (a) provided over your own facilities	(d) % of (a) provided (i.e. billed directly) to end users	(e) % of (a) providing customers greater than 200 kbps in both directions	(f) % of (a) providing customers greater than 2 mbps in both directions
1 - 1. Asymmetric xDSL.	[redacted]	[redacted]	[redacted]	[redacted]	[redacted]
1 - 2. Other traditional wireline including symmetric xDSL.	[redacted]	[redacted]	[redacted]	[redacted]	[redacted]
1 - 3. Coaxial carrier systems including hybrid fiber-coaxial systems.	3 0				
1 - 4. Optical carrier (fiber to the end user).	4 0				
1 - 5. Satellite.	5 0				
1 - 6. Terrestrial wireless fixed.	6 0				
1 - 7. Terrestrial wireless mobile.	7 0				
1 - 8. All other technologies, such as distribution over electric power lines.	8 0				

Note: In Part I, report actual counts. Do not report voice-grade equivalent measures.

CONFIDENTIAL

ALLTEL Wireline Company ILEC operations for Florida December 31, 2001

Complete Part II if you and all affiliates (including commonly controlled entities) provide 10,000 or more voice-grade equivalent lines or wireless voice-grade equivalent channels used for local exchange or exchange access service in the state. See instructions for definitions of "voice telephone service", "voice-grade equivalent lines", "residential and small business", "owned facilities", "COLO switching centers", and "end users".

If you provide data in Part II, you must provide in Part V a list containing the 5-digit Zip Codes of the end-user locations in which you provide the wireline or fixed wireless voice grade services reported herein. See instructions.

Data as of December 31, 2001

A. Voice telephone service provided to end users.

II - 1. Total lines and channels you provided to end users.

(a) Total voice-grade equivalent lines and voice-grade equivalent wireless channels in service	Percentages of lines and wireless channels reported in (a)			
	(b) % of (a) used for residential & small business service	(c) % of (a) provided over your own facilities	(d) % of (a) provided over UNE loops	(e) % of (a) in ILEC COLO switching centers

	[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]
--	------------	------------	------------	------------

B. Voice telephone service provided to other communications carriers, categorized by:

II - 2. Lines and channels that you provided under a Total Service Resale arrangement. See instructions.

	[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]

For the following questions, please provide the information requested as of June 30, 2002.

- 1. Please identify, by exchange and respective wire center, the number of business access lines served. (Please break down between non-resold v. resold lines and provide a total)

Response: See Attachment I

- 2. Please identify, by exchange and respective wire center, the number of residential access lines served. (Please break down between non-resold v. resold lines and provide a total)

Response: See Attachment I

- 3. Please indicate, by exchange and respective wire center served, the number of Alternative Local Exchange Carrier resold access lines, by type and to whom they are provided.

Response: See Attachment I

- 4. (a) Please indicate, by exchange and respective wire center served, the number of UNEs provided, by type of UNE (including type of loop, e.g., 2-wire voicegrade unbundled loop, ADSL-capable unbundled loop, DS# unbundled loop, port, etc.) and to whom they are provided. Where applicable, provide the voicegrade equivalent lines.

Response: 0

- (b) Please indicate, by exchange and respective wire center served, the number and type of interconnection trunks provided to ALECs. Where applicable, provide voicegrade equivalent lines.

Response: 0

- 5. Please indicate, by exchange and respective wire center served, the number of UNE platform configurations provided, by configuration (e.g. loop and port, loop, port and switching, etc.) and to whom they are provided. Where applicable, provide the voicegrade equivalent lines.

Response: 0

- 6. (a) Please indicate, by exchange and respective wire center served, and by residence and business, the total number of lines over which you or an affiliate are providing xDSL service in Florida, indicating the type of DSL, e.g., ADSL, HDSL, etc.

Response: We offer ADSL in six exchanges. The number of subscribers by exchange is listed below. We do not have a break-out between business and residential.

1	Alachua	High Springs	Live Oak	Jasper
2	Lake Butler	Branford		

2002 Incumbent Local Exchange Carrier (ILEC) Data Request

CONFIDENTIAL

Company: ALLTEL Florida, Inc.

Contact name and title: Bettye Willis, Staff Manager – State Government Affairs

(b) Please indicate your revenues from xDSL service, broken out by business and residence, recurring and non-recurring.

Response: See Attachment 2

(c) Please identify your exchanges and respective wire centers in which xDSL service is available.

Response: See response to (a) above.

(d) Please identify your exchanges and respective wire centers in which xDSL service is not available.

Response: Callahan, Waldo, Interlachen, Wellborn, McIntosh, White Springs, Melrose, Jennings, Hilliard, Brooker, Mayo, Luraville, Crescent City, Dowling Part, Hastings, Florahome, Citra, Raiford, Orange Springs, Boys Ranch, Fort White.

(e) Please identify your current rates for your xDSL offerings.

Recurring Charges:

Speed: 768k Downstream/128k Upstream	\$29.95
1.5M Downstream/256k Upstream	\$59.95
1.5M Downstream/768k Upstream	\$119.95

7. If known, please identify the CLECs operating in each of your exchanges and respective wire centers.

Response: See Attachment I

8. Please provide any comments, suggestions or information you believe will assist staff in evaluating and reporting on the development of local exchange competition in Florida. This may include alternative methods of calculating ALEC market share (e.g. E911 database). If you indicate alternative methods of calculating CLEC market share, please provide the data needed to calculate any of the alternative methods, or identify where such data can be obtained. In addition, we would appreciate any comments or information on intermodal local competition (e.g., wireless, cable telephony), reports or studies you have completed on CLEC market share, or anything else that you believe to be relevant.

Response: None

9. Please provide a copy of your (or your parent company's) most recent annual report to stockholders, and Form 10-K

Response: See Attached

10. Please provide year-end 2001 and 2002 data for total company Florida operations as outlined below. This data should be consistent in form with what your company previously provided in its 1995 Annual Report to the FPSC in Schedules I-1, S-2, and S-3.

Operating Revenues (methodology consistent with 1995's I-1)

Total Local Network Service Revenues:	\$12,264,953
Total Network Access:	12,819,748
Total Long Distance Network:	1,085,300
Total Miscellaneous:	1,572,269
Grand Total – Company:	27,742,270

Access Lines in Service by Customer (methodology consistent with 1995's S-2)

	<u>12/31/2001</u>	<u>6/30/2002</u>
Business:		
Single-line:	9,233	9,260
Multi-line:	0	0
Public Access Lines:	126	103
Residential Access Lines:	75,273	75,584

2002 Incumbent Local Exchange Carrier (ILEC) Data Request

Total:

11. Please provide the following information for each of the 12 month periods ending June 30, 2001 and 2002.
- (a) the number of residential access lines that were switched to a ALEC (i.e., that became resold lines)
Response: Not available
 - (b) the number of business access lines that were switched to a ALEC (i.e., that became resold lines)
Response: Not available
 - (c) gross gain in residential access lines (not net of lines lost to resale)
Response: See Attachment 3
 - (d) gross gain in business access lines (not net of lines lost to resale)
Response: See Attachment 3
 - (e) an estimate of the average revenue per line, per residential line lost
Response: Not available
 - (f) an estimate of the average revenue per line, per business line lost
Response: Not available
 - (g) the number of unbundled local loops provided to ALECs, by type (if available – i.e. 2W VG analog, etc.)
Response: 0
12. If you company filed a Form 477 with the Federal Communications Commission in March, 2002, please provide a copy of the completed form 477 with your response to this data request.

Response: See Attached

CONFIDENTIAL

1. Filing status
2. Company

3. Indicate the category that best describes the operations covered by this filing.

4. Filers must report separate data for ILEC and non-ILEC operations. Use the following drop-down box to indicate whether this worksheet contains data for ILEC or for non-ILEC operations.

5. Use the following drop-down box to select your company, parent or controlling entity name. Select "not shown" if it is not in the list. See instructions Section IV-B-1 for information on preparing file names.

If you selected "not shown" above, then provide the following:

Name of company, parent or controlling entity.

6. State.

7. Contact person (person who prepared the data contained below).

8. Contact person telephone number and e-mail address.
phone

e-mail

9. Indicate whether this is an original or revised filing.

10. Indicate whether you request non-disclosure of some or all of the information in this file because you believe that this information is privileged and confidential and public disclosure of such information would likely cause substantial harm to the competitive position of the filer.

11. If you requested non-disclosure in line 10, indicate if this is your complete or redacted file.

Reminders:

detection software. Filers are encouraged to submit files via e-mail (address: FCC477@fcc.gov).

2) If you are filing original or revised data for an earlier semi-annual reporting period, do not use this particular form (which is only for data as of December 31, 2001). See reminder 4.

3) You may not insert or delete columns or rows, move cells, or edit text or numbers outside the cells provided for data entries. Files that cannot be opened in EXCEL97, files whose structure has been altered, and files with improper names will have to be refiled.

4) If you have questions about the form, contact the Common Carrier Bureau, Industry Analysis Division at (202) 418-0940; via e-mail at 477INFO@fcc.gov; or via TTY at (202) 418-0484.

5) You must submit a Certification Statement signed by an officer of your company. A single statement may cover all files submitted. See Instructions sections IV & V.

6) If you request non-disclosure of some data, you must file a public version of the form with such information redacted. See Instructions sections IV.B and IV.C for information on preparing a redacted file.

7) Name your files as specified in Instructions section IV.B.1. To assist you, complete this Cover Page to generate an "example" name, below. Replace the character "#" in this example name with a sequence number as specified in the instructions. This number should be "1" unless using "1" would cause you to submit more than one file with the identical file name.

OMB NO: 3060-0816
EXPIRATION DATE: 11/30/2003

CONFIDENTIAL

ALLTEL Wireline Company ILEC operations for Florida December 31, 2001

Complete Part I if you and all affiliates (including commonly controlled entities) provide 250 or more broadband lines or wireless channels in the state over your own facilities or over lines you provisioned as broadband. See instructions for definitions of "own facilities", "broadband", "end user", and "residential and small business".

If you provide data in Part I, you must provide in Part V a list containing the 5-digit Zip Codes of the end-user locations in which you provide the broadband services reported herein. See instructions.

Data as of December 31, 2001

A. Lines and wireless channels of broadband service that you provided over your own facilities, or over UNE loops or other lines and wireless channels that you obtained from other service providers and equipped as broadband, categorized by technology at the end-user location.

(a) Total one-way and two-way (full) broadband lines and wireless channels	Percentages of lines and wireless channels reported in (a)				
	(b) % of (a) used by residential & small business customers	(c) % of (a) provided over your own facilities	(d) % of (a) provided (i.e. billed directly) to end users	(e) % of (a) providing customers greater than 200 kbps in both directions	(f) % of (a) providing customers greater than 2 mbps in both directions
1 - 1. Asymmetric xDSL.					
1 - 2. Other traditional wireline including symmetric xDSL.					
1 - 3. Coaxial carrier systems including hybrid fiber-coaxial systems.	0				
1 - 4. Optical carrier (fiber to the end user).	0				
1 - 5. Satellite.	0				
1 - 6. Terrestrial wireless fixed.	0				
1 - 7. Terrestrial wireless mobile.	0				
1 - 8. All other technologies, such as distribution over electric power lines.	0				

Note: In Part I, report actual counts. Do not report voice-grade equivalent measures.

CONFIDENTIAL

ALLTEL Wireline Company ILEC operations for Florida December 31, 2001

Complete Part II if you and all affiliates (including commonly controlled entities) provide 10,000 or more voice-grade equivalent lines or wireless voice-grade equivalent channels used for local exchange or exchange access service in the state. See instructions for definitions of "voice telephone service", "voice-grade equivalent lines", "residential and small business", "owned facilities", "COLO switching centers", and "end users".

If you provide data in Part II, you must provide in Part V a list containing the 5-digit Zip Codes of the end-user locations in which you provide the wireline or fixed wireless voice grade services reported herein. See instructions.

Data as of December 31, 2001

(a) Total voice-grade equivalent lines and voice-grade equivalent wireless channels in service	Percentages of lines and wireless channels reported in (a)			
	(b) % of (a) used for residential & small business service	(c) % of (a) provided over your own facilities	(d) % of (a) provided over UNE loops	(e) % of (a) in ILEC COLO switching centers

A. Voice telephone service provided to end users.

II - 1. Total lines and channels you provided to end users.

--	--	--	--	--

B. Voice telephone service provided to other communications carriers, categorized by:

II - 2. Lines and channels that you provided under a Total Service Resale arrangement. See instructions.

--	--	--	--	--

II - 3. Lines and channels you provided under other resale arrangements, such as resold Centrex.

--	--	--	--	--

C. UNE loops, special access lines, and those private lines that connect to carriers, categorized by:

(a) Total lines and wireless channels
--

II - 4. Lines and channels that you provided under a UNE loop arrangement, where you do not provide switching for the line.

--	--	--	--	--

II - 5. Lines and channels that you provided under a UNE loop arrangement, where you also provided switching for the line.

--	--	--	--	--

II - 6. Special access lines not provided as broadband and private lines that connect an end-user premises to a telecommunications common carrier and is not provided as broadband.

--	--	--	--	--

D. Total wireline voice grade equivalent lines & fixed wireless voice grade equivalent channels in service

Percentage of channels reported in (a), carried over the following types of facilities categorized by the technology used in the part of the line or wireless channel at the end-user location

(f) Cable coaxial	(g) Wireless	(h) All other including traditional wireline
----------------------	-----------------	---

Total lines and channels provided: [line II-1+line II-2 + line II-3]	97,870	0%	0%	100%

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Undocketed Filings for 2002

DOCKET NO. 020000-TP
FILED: 08/20/2002

ALLTEL FLORIDA, INC.'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION

Line-by-line Justification

<u>Page</u>	<u>Line(s)</u>	<u>Column(s)</u>	<u>Explanation</u>
1	1-2	A-D	These data points reflect the number of DSL lines in service by exchange in the Company's territory. DSL is a competitive service over which the FPSC currently has no jurisdiction. This data is confidential because disclosure could harm the Company for the reasons explained in Note 1.
4	1-27	A-D	These data points reflect the number of R ₁ (A) and B ₁ (B) lines in service by exchange in the Company's territory, as well as the totals (C) and the number of lines being resold by competitors (D). This is confidential market share data that is confidential because disclosure would harm the Company for the reasons explained in Note 1.
5	1-7	A-F	These data points reflect revenues from DSL service by the Company. DSL is a competitive service over which the FPSC currently has no jurisdiction. This data is confidential because disclosure would harm the Company for the reasons explained in Note 1.
6	1-20	A-N	These data points reflect residential revenue by month and in total and average, plus number of residential access lines and average revenue per access line. This is confidential market share data that is confidential because disclosure would harm the Company for the reasons explained in Note 1.

<u>Page</u>	<u>Line(s)</u>	<u>Column(s)</u>	<u>Explanation</u>
8	1-8 1-2	A B, C, E, F	These data points reflect DSL channels provided over the Company's facilities, as well as the type of customers using the channels. DSL is a competitive service over which the FPSC currently has no jurisdiction. This data is confidential because disclosure would harm the Company for the reasons explained in Note 1.
9	1-7 1-6 7	A B, C, D, E F, G, H	These data points reflect voice telephone services by type of customer. This is confidential market share data that is confidential because disclosure would harm the Company for the reasons explained in Note 1.

Note 1

The highlighted information reflects the Company's market penetration and/or market share for a service offered by the Company and competitors. By its very nature, the data demonstrates the extent to which the Company has been successful competing for customers and/or the number of customers served by the Company for which other competitors can compete. This data is valuable market share information that can be used by competitors and potential competitors to evaluate whether, when, where and how to compete in the relevant market. Information of this type and in this detail for the Company's competitors is not publicly available; therefore, public disclosure of the data will place the Company at a competitive disadvantage, thereby harming the Company.
