Dear Director,

020745-SU

Please be advised that as residents of and homeowners on Little Gasparilla Island we are adamantly opposed to any wastewater system being installed on our island. We chose to build our home here because of the pristine nature of Little Gasparilla. We love the lifestyle here and do not wish to add mainland amenities.

Please do not proceed with what amounts to the beginning of the destruction of this island and our lifestyle here.

Sincerely,

Al and Carol Locascio  
8798 Grand Ave.  
Little Gasparilla

P.S. - we have a brand new septic  
syst.
