Re: Docket No. 020409-SU; Field audit of Utilities, Inc. of Sandalhaven (UIS), Application for a rate increase in Charlotte County.

Dear Mr. Friedman:

This letter is to confirm my telephone conversation with you regarding the coordination of the engineering field audit of UIS. Engineering staff requests several items be made available for my investigation to ensure fast, expedient treatment of your rate case. Please review the following requests and have them available on September 24, 2002, when I arrive to begin my investigation.

- (1) A short personal interview with the available employees will help expedite the investigation.
- (2) All vehicles are to be available for inspection.
- (3) All utility related electricity bills from the beginning of the test year to present which include meter number and location, kilowatts used, dollar paid, and electric company's account numbers.
- (4) A summary and description of all construction work in progress for the test year 2001 and 2002 to date, whether interest bearing or not, date completed and date booked. In addition, for each project, indicate whether the construction has any component for future growth or relates only to current rate payers.
