RE: Proposed Settlement for Docket No. 0270715-TI

Dear Ms. Isler:

NATEL definitely wishes to keep its IXC Certificate active and in compliance with Commission rules. We apologize for the oversight in filing this document. We feel the original Report request may have gone to our old address on Brookline. Nor was Natel aware that a fine was due, because two Regulatory Agencies prepared reports for the company. We have created a data base of all Report we are aware of to monitor the filing of various Commission Report through out the industry. This should prevent late payments and delinquent filing of Reports such as in this case.

The Company agrees to waive any objection to the administrative cancellation of its certificate should Natel fail to comply in accordance with its settlement offer. If, however, there is a factual dispute as to the manner or level of compliance with any provision in the settlement, Commission staff will bring the matter to the Commission for consideration.

Natel respectfully has enclosed a payment of \$250 monetary settlement for the violation of the Regulatory Assessment Fee rules. Please advice when the Commission Order for reinstating the IXC Certificate can be issued.
