RECEIVED FPSC

DATE: October 9, 2002
TO: Blanca Bayo, Director, Division of the Commission Clerk and Administrative Services
FROM: David P. Wheeler, Senior Analyst, Division of Electric Regulation *DPW*
RE: Docket No. 020414-EI - Petition of Tampa Electric Company for expedited approval of energy charge treatment under optional provision contract with IMC Phosphates MP Inc.

In Docket No. 020414-EI, the Commission approved the ratemaking treatment proposed in a contract between IMC and Tampa Electric Company (TECO) for the provision of electric service to IMC. Pursuant to order No. PSC-02-0780-PAA-EI issued in the Docket on June 10, 2002, TECO was required to file an accounting at the termination of the contract to demonstrate that the agreement did not adversely impact TECO's general body of ratepayers. The order gives the staff the authority to administratively close the docket upon their verification that there was no adverse impact. Staff has reviewed the accounting filed by TECO on August 28, 2002, and has determined that the agreement did not adversely impact TECO's ratepayers. Therefore, staff is requesting that the docket be closed.
