DISCUSSION OF ISSUES

ISSUE 1: Should the Commission grant the companies listed on Attachment A a cancellation of their respective certificates due to bankruptcy?

RECOMMENDATION: Yes. The Commission should grant each company listed on Attachment A a bankruptcy cancellation of their respective certificates with an effective date as listed on Attachment A. In addition, the Division of the Commission Clerk & Administrative Services will be notified that the unpaid Regulatory Assessment Fees, including statutory penalty and interest charges, should not be sent to the Comptroller's Office for collection, but that permission for the Commission to write-off the uncollectible amount should be requested. If the certificates for each company as listed on Attachment A are cancelled in accordance with the Commission's Order from this recommendation, the respective companies should be required to immediately cease and desist providing interexchange carrier telecommunications services in Florida. (Isler; Elliott; Teitzman)

STAFF ANALYSIS: Rule 25-24.474, Florida Administrative Code, establishes the requirements for cancellation of Interexchange Carrier (IXC) certificates. However, Chapter 11 of Section 109 of the Federal Bankruptcy Code provides for reorganization by business entities. The filing of a bankruptcy petition under Chapter 11 invokes an automatic injunction known as the Automatic Stay, codified in Bankruptcy Code Section 362. Section 362(b)(5) provides that, for governments, the filing of the petition does not operate as a stay "of the enforcement of a judgment, other than a money judgment, obtained in an actual proceeding by a governmental unit to enforce such governmental unit's police or regulatory power." (emphasis added) Thus, it would appear that we are not enjoined from exercising our police powers to protect public health, safety and welfare, but are enjoined from exercising our regulatory authority seeking to collect a debt. However, in this case, the companies listed on Attachment A have requested cancellation of their respective certificates. Under those circumstances, this Commission is free to do so.

Rule 25-4.0161, Florida Administrative Code, incorporated by Rule 25-24.480, Florida Administrative Code, which implements Section 364.336, Florida Statutes, requires the payment of Regulatory Assessment Fees by January 30 of the subsequent year for

telecommunications companies, and provides for penalties and interest as outlined in Section 350.113, Florida Statutes, for any delinquent amounts.

The Commission received notice that each of the companies listed on Attachment A had filed for Chapter 11 bankruptcy protection. In addition, the Commission received letters from each of the companies, which requested cancellation of their respective certificates and asked that any unpaid Regulatory Assessment Fees be written off as no funds exist.

Accordingly, staff believes the Commission should grant each company listed on Attachment A a bankruptcy cancellation of their respective certificates with an effective date as listed on Attachment A. In addition, the Division of the Commission Clerk & Administrative Services will be notified that the unpaid Regulatory Assessment Fees, including statutory penalty and interest charges, should not be sent to the Comptroller's Office for collection, but that permission for the Commission to write-off the uncollectible amount should be requested. If the certificates for each company as listed on Attachment A are cancelled in accordance with the Commission's Order from this recommendation, the respective companies should be required to immediately cease and desist providing interexchange carrier telecommunications services in Florida.

ISSUE 2: Should these dockets be closed?

RECOMMENDATION: The Order issued from this recommendation will become final upon issuance of a Consummating Order, unless a person whose substantial interests are affected by the Commission's decision files a protest within 21 days of the issuance of the Proposed Agency Action Order. The dockets should then be closed upon cancellation of the certificates. A protest in one docket should not prevent the action in a separate docket from becoming final. (Elliott; Teitzman)

STAFF ANALYSIS: Whether staff's recommendation on Issue 1 is approved or denied, the result will be a Proposed Agency Action Order. If no timely protest to the Proposed Agency Action is filed within 21 days of the date of issuance of the Order, these dockets should be closed upon issuance of a Consummating Order. A protest in one docket should not prevent the action in a separate docket from becoming final.
