**Re: Docket No. 020990-WS; Highlands Ridge Utilities, LLC's Application for
Amendment to Certificates of Authorization**
Our File No.: 35078.04

Dear Ms. Bayo:

This letter is in response to the Staff's October 14, 2002, correspondence requesting additional information in connection with the above-referenced matter.

We had previously provided revised maps to Richard Redemann. He has advised me that they are satisfactory. With regard to the potential for providing public access spray irrigation, the wastewater treatment plant is currently experiencing flows of only .040 mgd, substantially less than the minimum for public access spray irrigation. The Utility believes that it will be many years before the flows are sufficient to allow for public access spray irrigation. Thus, we believe it would be premature to adopt a tariff page for reuse, even at a zero rate.

Very truly yours,

MARTIN S. FRIEDMAN
