RE: Docket No. 000075-TP - Investigation into Appropriate Methods to Compensate Carriers for Exchange of Traffic Subject to Section 252 of the Telecommunications Act of 1996

On November 21, 2002, I received an unsolicited e-mail which I read in part; this portion of the e-mail reads as follows:

Hi Sally,

Just FYI- Attached is an approved Staff Recommendation from the Georgia Public Service Commission on many of the same issues under consideration in Florida's Reciprocal Compensation docket. May be helpful as you prepare Florida's recommendation.

Thanks,

Based on the text I did read, it was apparent that the attachment, and possibly the text that followed, constituted extra-record information which should not be considered in addressing the pending Motions for Reconsideration in the above referenced docket. The above cited portion referenced the topic of reciprocal compensation, but did not contain any substantive information. By copy of this memorandum, all parties of record are being advised of this unsolicited communication.
