Attorney

(REVISED AUGUST 2002)

FORM 423-2B

Plant Name: Line(s)	Column	Justification
Transf. Facility IMT: 1-6	G	(19) See item (10) above.
Crystal River 1&2: 1-5		
Crystal River 4&5: 1-5		
Trans. Facility IMT: N/A	I	(20) The information under Rail Rate is a function of EFC's contract rate with the railroad and the distance between each coal supplier and Crystal River. Since these distances are readily available, disclosure of the Rail Rate would effectively disclose the contract rate. This would impair the ability of a high volume user such as EFC to obtain rate concessions, since railroads would be reluctant to grant concessions that other rail users would then expect.
Crystal River 1&2: 1-5		
Crystal River 4&5: 1-5		
Trans. Facility IMT: N/A	J	(21) Other Rail Charges consist of EFC's railcar ownership cost. This cost is internal trade secret information which is not available to any party with whom EFC contracts, railroads or otherwise. If this information were disclosed to the railroad, their existing knowledge of EFC's rail rates would allow them to determine EFC's total rail cost and be better able to evaluate EFC's opportunity to economically use competing transportation alternatives.
Crystal River 1&2: 1-5		
Crystal River 4&5: 1-5
