**AMENDMENT NO. ONE TO THE  
MASTER NETWORK INTERCONNECTION AND RESALE AGREEMENT**

**BETWEEN**

**Sprint-Florida, Incorporated**

**AND**

**Supra Telecommunications and Information Systems, Inc.**

This Amendment No. One to the Master Network Interconnection and Resale Agreement dated August 6, 1999 ("Agreement") is entered into and effective this 19th day of November, 2002 ("Effective Date") is between Sprint-Florida, Incorporated ("Sprint") and Supra Telecommunications and Information Systems, Inc. ("CLEC"). Except as otherwise indicated, defined terms in this Amendment have the same meaning as in the Agreement.

**1. BACKGROUND**

- 1.1. Sprint and CLEC entered into the Agreement on August 6, 1999.
- 1.2. Previous amendments to the Agreement are as follows:  
None
- 1.3. Sprint and CLEC Agree to modify the Agreement as set forth in this Amendment No. One

In consideration of the promises and agreements contained in this Amendment, the parties agree as follows:

**2. CONDITIONS**

**3. AMENDMENT**

- 3.1. The Network Elements section of the Agreement is hereby amended to include the following sections:
- 3.2. Combination of Network Elements
  - 3.2.1.1. CLEC may order Unbundled Network Elements either individually or in the combination as specifically set forth in this Section of the Agreement.
- 3.3. Definitions
  - 3.3.1. **EEL** – Enhanced Extended Link (EEL). EEL for purposes of this Agreement refers to the existing unbundled network elements,

specifically NID, loop, multiplexing (MUX) if necessary and transport, in the Sprint Network.

### 3.4. General Terms and Conditions

- 3.4.1. Sprint will allow CLEC to order each Unbundled Network Element individually in order to permit CLEC to combine such Network Elements with other Network Elements obtained from Sprint as provided for herein, or with network components provided by itself or by third parties to provide telecommunications services to its customers, provided that such combination is technically feasible and would not impair the ability of other carriers to obtain access to other unbundled network elements or to interconnect with Sprint's network or in combination with any other Network Elements. Sprint may require CLEC to submit a Bona Fide Request if it seeks combinations Sprint is not currently combining for other CLECs.
- 3.4.2. Sprint will provide CLEC access to UNE-P as provided in this Agreement. CLEC is not required to own or control any of its own local exchange facilities before it can purchase or use UNE-P to provide a telecommunications service under this Agreement. Any request by CLEC for Sprint to provide combined UNEs that are not otherwise specifically provided for under this Agreement will be made in accordance with the BFR process described in Attachment 3, Section 3 of the Agreement and made available to CLEC upon implementation by Sprint of the necessary operational modifications.
- 3.4.3. The provisioning of UNE-P combinations is limited to existing facilities and Sprint is not obligated to construct additional facilities to accommodate any request by CLEC.
- 3.4.4. Notwithstanding Sprint's general duty to unbundle local Circuit Switching, Sprint shall not be required to unbundle local Circuit Switching, nor provide UNE-P for CLEC when CLEC serves end-users with four or more voice grade (DS0) equivalents or lines provided that Sprint provides nondiscriminatory access to combinations of unbundled loops and transport (EELs) throughout Density Zone 1, when Sprint's local circuit switches are located in the top 50 Metropolitan Statistical Areas as set forth in Appendix B of the *Third Report and Order and Fourth Further Notice of Proposed Rulemaking* in CC Docket No. 96-98, and in Density Zone 1, as defined in § 69.123 on January 1, 1999 (the Exemption). Sprint may audit CLEC's UNE-P customer base in accordance with Part B, Section 6 of the Agreement to ensure CLEC's adherence to the Exemption.

### 3.5. Specific Combinations and Pricing

3.5.1. In order to facilitate the provisioning of UNE-P Sprint shall support the ordering and provisioning of this specific combination as set forth below.

3.5.2. The Parties agree to negotiate an acceptable interim solution and support the development of industry standards for joint implementation. Ordering and provisioning for UNE-P will be converted to the appropriate industry standards within a reasonable period of time after those standards have been finalized and Sprint has had the opportunity to implement necessary operation modifications.

3.5.3. Sprint offers the following combination of network elements.

3.5.3.1. Unbundled Network Element Platform (UNE-P). UNE-P is the combination of the NID, Loop, Local Switching Port, Local Circuit Switching, Shared Transport, and Local Tandem Switching network elements.

3.5.3.2. Sprint will offer the combination of the NID, Loop, Local Switching Port, Local Circuit Switching, Shared Transport, and Local Tandem Switching (where Sprint is the provider of Shared Transport and Local Tandem Switching) unbundled network elements to provide UNE-P at the applicable recurring charges and non-recurring charges plus the applicable Service Order Charge. Sprint will also bill CLEC for applicable Usage Data Recording and Transmission Charges.

3.5.3.3. Local usage sent by Sprint to CLEC will not be billed. Local usage sent by CLEC to Sprint will be billed to CLEC at the applicable reciprocal compensation rates.

3.5.3.4. Sprint will provide CLEC's originating and terminating access usage records to CLEC. CLEC will be responsible for billing the respective originating and/or terminating access charges directly to the third party carriers. Sprint will provide CLEC call detail records that will allow it to bill its end users for usage sensitive charges. Such record exchange will be in industry standard EMI format at the charges set forth in Table One. Any non-standard requested format would be handled through the BFR process as set forth in §24 of the Agreement. CLEC may periodically request AMA records for access messages to validate EMI records provided. AMA records will

be provided to CLEC for periods subsequent to the request

- 3.5.3.5. The prices and rates for all UNEs and UNE-P services provided by Sprint to CLEC shall be in accordance with the pricing Attachment to this Amendment No. 1. The rates in this pricing Attachment will be modified as a result of Florida Public Service Commission Orders, including any Orders issued in Docket No. 990649B-TP, in accordance with the change in law provisions of the underlying Interconnection and Resale Agreement.

#### 4. GENERAL

- 4.1. Other than as set forth above, the Agreement remains unchanged and in full force and effect. In the event of a conflict between the terms of the Agreement and this Amendment, this Amendment will control. The execution of this Amendment by CLEC is subject to the approval of the United States Bankruptcy Court for the Southern District of Florida, Miami Division (the "Bankruptcy Court"), which is presiding over CLEC's pending chapter 11 bankruptcy case. To the extent of any conflict between the provisions of this Amendment and/or the Agreement on the one hand and the November 18, 2002 order of the Bankruptcy Court approving CLEC's entry into this Amendment and the compromise of certain disputes between the parties on the other hand, the terms of that certain Bankruptcy Court order shall control. Notwithstanding any prior discussions or agreements to the contrary between the parties, this Amendment and the Agreement shall terminate at 5:00 p.m. Eastern Time on December 22, 2002. This Amendment No. One executed by authorized representatives of Sprint and CLEC is made a part of and incorporates the terms and conditions of the Agreement.

[Signature Page Follows]

IN WITNESS WHEREOF, Sprint and CLEC has caused this Amendment No. One to be executed by its duly authorized representatives.
