Ref: Docket No. 020745-SU

I wish to continue my objection to the application for providing wastewater services.

The application is so transparent, I'm amazed you'd even consider it. It's totally unnecessary. But that's democracy, eh? Let the big guys trample on the little guys.

By the way, I received your November 15th letter on December 9th. I live on Palm Island, which is the only location in the United States that does not have postal delivery.

In future correspondence from the State, please arrange for someone to deliver it in person.

Cordially,

Daniel Nolan, C.I.T.T., P.Log.
