RE: Docket # 010869-WS

Dear Mr. Willis

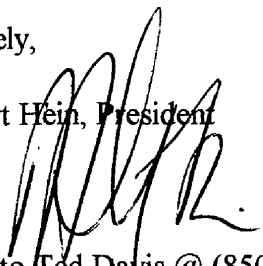

I am sending you this letter to request a waiver of the time required to install the fencing around the water & sewer plant. I am requesting a 120 day extension to install the fencing. The water plant fence should be completed by the end of January 03 and the sewer plant fence should be completed prior to March 15<sup>th</sup>, 03. I had problems with the fencing companies in regard to a fencing project with the homeowners association and that problem has spilled over onto the job for East Marion Sanitary system. The other factor in the delay was two fold in that my involvement with getting the rest of the PSC requirements complied with and the time in dealing with customer complaints do to the rate increase. The other factor is that I have had to go back to Michigan on several occasions to deal with my mothers hospitalizations and arranging for care for her. I am currently in Michigan resolving the health care issues for my Mother and plan on being back in Florida by the 20<sup>th</sup> of January at which time the fencing project will take place. I would prefer to be present when the construction takes place so that I may supervise the work.

Should you have any comments or questions,  
You may reach me by phone at (810) 733-6342  
or by fax at (810) 733-8048

Thank-you in advance for your help.

Sincerely,

Herbert Hein, President
