

Director, Division of the Commission
Club + Administration Services, I would
like to make an objection to the
Cancellation of Certificate no. 056-W

The letter we got from
the board of Directors make
it sound like a done deal.

Once they get the water
rights I heard through
the grape vine they are
going to increase the water
rates, and shut off your
water, you can't live without
water, can you imagine
what a health problem that
would cause, on the elderly

people in this park, This
is an old Park, the Club
house is condemned, the
shuffle board isn't much
better, most of all we don't
have anything, I can't
believe they can do this.

to the old people in this
park, They are using the
water to make every one
join the association
