RULE TITLE:

RULE NO.:

Line Information Database  
Maintenance

25-4.119

RECEIVED  
2003 JAN 29 AM 11:39  
DEPT. OF REVENUE  
TALLAHASSEE, FLORIDA

PURPOSE AND EFFECT: The rule will make available through the Line Information Database (LIDB) sufficient information to ensure that collect and third party calls to alternative local exchange carrier (ALEC) customers can either be properly billed through billing and collection agreements or through the acquisition of the billing name and address information from the ALEC serving the customer accepting the charges for the call.

SUMMARY: The rule will require the local exchange carrier (LEC) to update LIDB with the account ownership code of the ALEC when the ALEC has contracted with the LEC for this service. If the ALEC has not contracted with the LEC, subsection (1)(b) provides access to the LIDB for the ALEC to update the database directly. Paragraph (2) exempts certain LECs from the requirements of the rule.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COST: LECs indicated that the initial expense of complying with the proposed rule adoption may range from \$26,000 to \$485,000, not including the costs associated with development of work the third party LIDB

provider may experience. All the companies indicated that their billing systems will have to be modified if the proposed rule adoption takes effect. Some ALECs indicated that they would experience transactional costs to comply with the proposed rule adoption. The only costs that the Commission and other state entities are expected to incur are associated with promulgating the rule. Local governments may incur costs similar to private ALECs if they offer calling services but do not have the necessary billing processes. Also, small businesses, cities, and counties may be affected if they have an ALEC certificate and offer calling services, and the costs could be similar to those of private telecommunications companies.

Any person who wishes to provide information regarding the statement of estimated regulatory costs, or to provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

25-4.119 Line Information Database Maintenance

(1) Within 6 months of the effective date of this rule, each local exchange telecommunications company shall:

(a) Update the Line Information Database (LIDB) with the account ownership code of the Alternative Local Exchange Company claiming the customer, provided the ALEC has contracted with the local exchange company to provide such information or has purchased the line directly from the local exchange company; and

(b) Provide ALECs access to LIDB, or provide updates on a contractual basis, at reasonable cost-based terms and conditions, for each ALEC that enters into a contract.

(2) LECs are exempt from subsection (1) of this rule if there is no ALEC within the service area that allows third-party or collect calls. If an ALEC in the service area elects to allow third-party or collect calls, the LEC shall comply with this rule within 6 months after such time.

NOTICE OF PROPOSED RULEMAKING

FLORIDA PUBLIC SERVICE COMMISSION

DOCKET NO. 021166-TP

RULE TITLE:	RULE NO.:
Consumer Information	25-24.830
Service Standards	25-24.840

PURPOSE AND EFFECT: The rule will make available through the Line Information Database (LIDB) sufficient information to ensure that collect and third party calls to alternative local exchange carrier (ALEC) customers can either be properly billed through billing and collection agreements or through the acquisition of the billing name and address information from the ALEC serving the customer accepting the charges for the call.

SUMMARY: Rule 25-24.830 will require an ALEC that chooses to restrict its customers from receiving collect or third party billing services to inform its potential customers about the calling restrictions. Rule 25-24.840 will require the ALEC to provide billing name and address information at a reasonable cost and in a timely manner to any telecommunications company that requests the information unless the ALEC has an active billing and collection agreement and to update account ownership information and appropriate toll restriction information directly into LIDB or contract with the appropriate LEC for daily updates.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COST: LECs indicated

that the initial expense of complying with the proposed rule amendment may range from \$26,000 to \$485,000, not including the costs associated with development of work the third party LIDB provider may experience. All the companies indicated that their billing systems will have to be modified if the proposed rule amendment takes effect. Some ALECs indicated that they would experience transactional costs to comply with the proposed rule amendment. The only costs that the Commission and other state entities are expected to incur are associated with promulgating the rule. Local governments may incur costs similar to private ALECs if they offer calling services but do not have the necessary billing processes. Also, small businesses, cities, and counties may be affected if they have an ALEC certificate and offer calling services, and the costs could be similar to those of private telecommunications companies.

Any person who wishes to provide information regarding the statement of estimated regulatory costs, or to provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.
