RE: Docket No. 020566-EI - Petition for approval of recovery schedule for two Gannon Station generating units, effective January 1, 2002, by Tampa Electric Company.

ISSUE 1: Should the recovery schedule for Gannon Units 1 and 2, approved for preliminary implementation by Order No. PSC-02-1236-PCO-EI, be revised?

RECOMMENDATION: Yes. Staff recommends that TECO's proposed recovery schedule for Gannon Units 1 and 2, reflecting the near term retirement of the related assets, be approved as modified in Attachment A of staff's January 23, 2003 memorandum to reflect a cessation of the currently approved annual dismantlement accrual. The recovery schedule and dismantlement revision should be effective January 1, 2002. Additionally, TECO should true up 2002 expenses to reflect the resultant decrease in annual expenses of about \$148,000 from that approved for preliminary implementation by Order No. PSC-02-1236-PCO-EI.
