Florida Public Service Commission

Dear Sir or Madam:

Great Lakes Telephone will not be conducting business in Florida. We purchased certain assets of Nationwide Communications, Inc, which had previously been certified to provide pay telephone service in Florida. We have made the economic determination that it is not feasible for us to continue that operation and have accordingly removed all of our payphones and disconnected all telephone lines.

I may be reached at the above number if further clarification is required.

Sincerely,

Gregory T. Andrick  
Vice President
