Here goes:

04749-02 can be sent back to FPL
06731-02 can be set back to FPL
09294-02 has been covered by other confidentiality orders, and so is already confidential.
09925-02 was granted by Order No. PSC-02-1331-CFO-EI
10217-02 can be sent back to CPV Gulfcoast (Jon Moyle)
10898-02 I am working on an Order for this; it probably will not be issued before next week.

Please let me know if you need any more information.
Larry

I have been working on this with FPL. Several of the documents can be returned; one has had an order issued, and I will be getting the order out on the last one as soon as I can get it prepared and signed. I'll send you a list later this morning with the up to date information.

There are a few documents filed as confidential in these dockets for which there has apparently been no ruling:

06731-02 - Filed 6/28/02 by FPL under a notice of intent; described as "response to ECR/Ballinger oral request, which contains a 3-pg document, in reference to staff's monitoring role of FPL's supplemental request for proposals."

09294-02 - Filed 9/3/02 by staff; described as "direct testimony of Andrew L. Maurey with Exhs ALM-1 through ALM-17."

09925-02 - Filed 9/18/02 by FPL; described as "response to CPV Gulfcoast's 3rd set of interrogatories, Nos. 106 and 107."

10217-02 - Filed 9/24/02 by ???; described as "deposition transcript of Douglas F. Egan taken 9/17/02 at Silver Spring MD."

10898-02 - Filed 10/8/02 by staff; described as "Composite Hearing Exhibit No. 36."

Have any of these documents had rulings? If there was no formal request for 06731-02, shouldn't it be moved from conf. to the docket file?

Please advise asap; we are preparing record for filing in Supreme Court and will need orders issued on any of these documents that were entered in the record of the hearing--also need to know if any are no longer confidential.

Thank you.

Kay
