**RE:** Responses to "Update Letters" - Indicating name changes

---

I recently mailed out my request for "updated information" from all the Companies/Utilities under the FPSC jurisdiction and they are currently being returned. The following company responded by indicating on the letter that their company's name has changed from what they were originally certificated as:

1. Utility Board of the City of Key West - City Electric System - TX504

Forwarding copy of my "updated information" for the above company for your information and further handling. I have checked CMS, no request for a name change has been received and until a docket is opened and an order is issued acknowledging their request, they will remain listed as they were originally certificated under.

Thanking you in advance for your help.

*forwarding on letter head the change in operating name. Since this is a city utility they do not have to file with Sec. of St.*
