Customer Notification Letter

Customer Notification Letter

April 7, 2003

Dear [name of customer]

I am writing to inform you that on December 31, 2003, AT&T MultiQuest 900 service will be discontinued. This will in no way affect the other AT&T services to which you subscribe.

The FCC normally authorizes such a proposed discontinuance of service unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object to this discontinuance, you should file your comments within 15 days after receipt of this notification. Letters should be addressed to the Federal Communications Commission, Washington, DC 20554, referencing Section 63.71 Application of AT&T Corp. Your comments should include specific information about the impact of this proposed discontinuance upon you or your company, including any inability to acquire reasonable substitute service.

Should you have any questions, or require assistance identifying alternative providers, that would be able to provide comparable service, please contact 1-800-323-6672 prompt 2.

Sincerely,

Laurie B. Brown  
AT&T MultiQuest Product Manager
