Thanks, Mary Anne.

We'll reopen 020277 for the limited purpose of addressing this request.

Kay

As I understand it, all this is is a status report, and that no Commission action is required, other than the request for an extension of time to file the status report. I suggest filing the status report in the Chesapeake docket that is closed, because otherwise, how would we close the new docket that is opened? That would take some Commission action, and there is nothing to act on in the status report. The prehearing officer should be able to rule on the extension of time, because that is a procedural matter.

Mary Anne - Please see Kay's message below. I think it would be a little cleaner to open a new docket - but I don't think it really matters that much.

We received from Wayne S a "Summary status report on merchant function exit and request for extension of time" in re "Petition of Chesapeake for authorization of final disposition of PGA." His cover memo asks that we open a docket on the petition. Do we open a new docket, or do we go back to Docket 020277 and reopen it to address this?

Kay
