Re: TJ289-01-0-R
(Re-instatement of Certificate of Convenience and
Necessity of Blegbi, Inc.)

DEPOSIT

APR 09 2003

Dear Madam:

Somehow, because of a misunderstanding in the correspondence between Ms. Paula Isler (Florida PSC) and our department in charge of regulatory affairs, Intelcom, Inc. (dba/Blegbi, Inc.), unfortunately missed the deadline to maintain its Certificate of Convenience and Necessity in good standing. Please find enclosed a check in the amount of \$515.50, which includes the past dues, statutory penalty and interest charges, and fines.

The Company deeply apologizes for this administrative oversight, and prays that the Commission re-instate its Certificate of Convenience and Necessity to provide Interexchange telecommunications services in the state of Florida. The Company certainly would like to assure the Commission that it will do its best to avoid such an administrative lapse in the future, and will file all annual reports in a timely manner to maintain its Certificate in good standing. Should you have further questions, or should you need further information, please feel free to contact me directly at the address above-mentioned
