Thanks. I had asked Jackie to let us know about the name and d/b/a's, since it wasn't at all clear from the application what the name should be. We will make the name in 348 agree with the new name in 225.

Thanks again.

Kay

Kay, the correct name for this docket is also on the name change docket "030225-TX". I didn't see where we changed the name in Case management yet but it is the same company applying for a IXC certificate.
