Re: CPV Gulfcoast, Ltd. v. Lila A. Jaber, Chairman, et al.
Docket Nos. 020262-EI and 020263-EI; Supreme Court Case No. SC03-0066.

Dear Ms. Flynn:

In response to your letter dated February 26, 2003, concerning the record in the above-referenced case, we would request that the attached documents, which were filed in the proceeding before the Florida Public Service Commission, Docket Nos. 020262-EI and 020263-EI, be included in the record transmitted to the Florida Supreme Court. For your information and convenience, we have attached a copy of the docket sheet for the above-referenced dockets, with the document numbers highlighted.

Please contact us if you have any questions.

Sincerely,

Jon C. Moyle, Jr.
Attorney for CPV Gulfcoast Ltd.

Commissioner Lila A. Jaber
Chair, Florida Public Service Commission
2540 Shumard Oak Boulevard
Tallahassee, FL 32399-0850

Re: Request for Investigation by the FPSC into FPL's Decision on \$1.1 Billion in Energy Expansion

Dear Chair Jaber:

The Miami Herald recently ran a story on Florida Power & Light (FPL) Company's plans for a \$1.1 billion expansion that would add 1,900 megawatts of power over the next three years (see attached article dated January 19, 2002). I was distressed to read in the article that, even though FPL supposedly received eighty-one (81) proposals from fifteen (15) other energy developers to see if outsiders could build the new generators cheaper, FPL "decided that it would be best - and cheapest - to do the job itself." As an affected customer and ratepayer, I am requesting that the Florida Public Service Commission (FPSC) hold hearings on this matter and that the FPSC require that FPL provide full and open disclosure of all proposals, documents, analyses, etc. related to the proposed energy expansion(s) discussed in the Miami Herald article.

Having worked for FPL for over twenty years, with the last five years working as a Regulatory Coordinator and dealing with issues such as fuel adjustment, site certifications, new fuel testing, and generation expansion, I am very familiar with FPL's philosophy towards competition from outside energy companies. FPL's philosophy was then (and I'm sure still is) to take whatever action is necessary to stop or minimize competition from such outside energy companies. One example of this philosophy was FPL's wilful breach of their contract to purchase cogeneration power from the Fajul's Okeelanta and Osceola facilities a few years ago. This breach of contract by FPL (which put the cogeneration facilities in bankruptcy) led to a lawsuit being filed by the Fajuls; the lawsuit was settled out of court in the year 2000 for \$222.5 million (which settlement, of course, was passed on to FPL's customers).

The Miami Herald article states that the Florida Partnership for Affordable Competitive Energy (PACE) noted that, while outside energy companies have won bids to build generating plants for Florida municipal electric companies by making their bids cheaper than those made by IOUs, not one bid (from outside energy companies) has been accepted by a Florida IOU since 1994, when Florida started requiring RFPs. Given FPL's philosophy concerning outside competition, and given that FPL is the only one that reviewed and analyzed the eighty-one proposals received for this proposed energy expansion, it does not seem to be a such a remarkable coincidence that

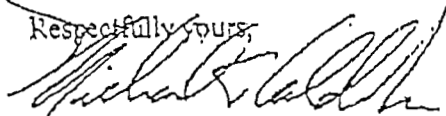

FPL determined that it (FPL) was the only choice to do such an expansion.

I understand that Governor Jeb Bush's Energy Commission recently came out with a report that suggests that the State of Florida should seriously consider energy deregulation and competition from outside energy companies. FPL, and others, can be expected to vehemently protest the concept of energy deregulation and competition from outside energy companies (along with their many, well-paid lobbyists). They will undoubtedly cite the recent energy problems in California, and the more recent collapse of Enron, as examples why deregulation and outside competition are not good ideas. In fact, in the Miami Herald article, FPL states "...we also believe our expansion proposal has fewer associated risks at this time than contracting for purchased power with independent power plant producers, many of whom are facing financial uncertainties due to the economy..." It is true that risks exist, but the State of Florida and the FPSC can learn from the problems that others have experienced, and build safeguards into their rules and regulations, and require good contracting practices, that would minimize such risks. Deregulation and outside competition have worked in other states and other countries, and the State of Florida and the FPSC should at least consider such alternatives. The customers and ratepayers can only benefit when there is true competition and the procurement/evaluation process is open and transparent.

Therefore, as an affected customer and ratepayer, I am asking that the FPSC fully investigate all elements of this proposed energy expansion, and FPL's decision, in an open and transparent manner. A public hearing should be held, with any and all interested parties having a chance to participate, to see documents, and to ask questions. All interested parties should have the ability for discovery, interrogatories, requests to produce, testimony by appropriate personnel, and cross-examination. Only under such circumstances can the ratepayer, customers, the FPSC and the public be assured that such a decision has been properly and fairly made.

I am also requesting to be kept advised, and/or notified, of any proceedings or hearings before the FPSC, and any communications with the FPSC, etc. regarding this matter. If you have any questions or need further information, please contact me at (305) 579-2594 (office), (305) 233-7779 (home), by email at mikec996@worldnet.att.net, or at the address above.

Respectfully yours,

Michael T. Caldwell

**FLORIDA POWER & LIGHT COMPANY'S
NOTICE OF TAKING DEPOSITION DUCES TECUM**

TO: Michael Green
1049 Edmiston Place
Longwood, Florida 32779

PLEASE TAKE NOTE THAT, PURSUANT TO Florida Rule of Civil Procedure 1.310, Florida Power & Light Company ("FPL") will take the deposition upon oral examination of **Michael Green**. The foregoing deposition will take place on **September 17, 2002, beginning at 12:30 P.M.**, before a court reporter, a Notary Public or some other officer authorized by law to take depositions. The deposition will take place at the following location:

**Curley & Pynn Public Relations Management, Inc.
801 North Magnolia Avenue
Suite 210
Orlando, Florida 32803
Telephone: (407) 423-8006**

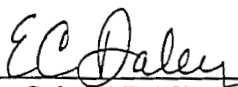

The deponent shall bring to his deposition:

- a. copies of all documents the deponent has provided to any, existing or former, party to this proceeding; and
- b. copies of documents relied upon in preparing the deponent's testimony and exhibits in this proceeding, including but not limited to any document he will utilize during his testimony at the hearing before the Public Service Commission ("PSC").

Said deposition is to be used for discovery purposes, for use at trial, or both, and will continue from day to day until complete. Individuals with disabilities needing a reasonable accommodation to participate in this proceeding should contact Gabriel E. Nieto, Esq., at 305.577.7083. If hearing impaired, call 1-800-955-8771 (TDD) or 1-800-955-8770 (V) via Florida Relay Service for assistance.

For:
Jon Moyle Jr.
Moyle, Flanigan, Katz, Raymond & Sheehan
118 North Gadsden Street
Tallahassee, FL 32301

Received these papers on the 3rd day of September, 2002 at 1:29 pm to be served on MICHAEL C. GREEN, 1049
Edmiston Place, Longwood, FL 32779.

I, Sheila M. Huff, do hereby affirm that on the 10th day of September, 2002 at 7:40 pm, I:

SUBSTITUTE SERVED the within named person by leaving a true copy of the Subpoena with the date and hour of
service endorsed thereon by me, at their usual place of abode, to a person residing therein who is 15 years of age or
older to wit: **Kay Green, Spouse** co-resident and informing said person of the contents thereof, pursuant to F.S.
48.031(1).

Under penalty of perjury, I declare that I have read the foregoing and that the facts stated in it are true, that I am a
Certified Process Server in the circuit in which service was effected in accordance to Florida Statutes. Pursuant to
F.S. 92.525(2) I have no interest in the above action and NO NOTARY IS REQUIRED.

Sheila M. Huff
18th Circuit #2001-926.Huf

Our Job Serial Number: 2002018125
Ref: v

APPENDIX 8

Prehearing Officer in this proceeding required in the Scheduling Order that “[e]ach party shall prefile, in writing, all testimony that it intends to sponsor Failure to timely prefile exhibits and testimony from any witness in accordance with the foregoing requirements may bar admission of such exhibits and testimony.” *Scheduling Order at 6.*

2. Prefiled direct testimony for all intervenors’ witnesses was due to be filed in the Commission on August 20, 2002, a full four weeks after the Prehearing Officer issued the Scheduling Order on July 23, 2002. *Scheduling Order at 9.* Every intervenor had the same amount of time for prefiling testimony.

3. As of September 4, 2002, fourteen days after the deadline for prefiling of intervenor testimony, CPV had not prefiled testimony for Mr. Green or Mr. Caldwell, as required by the Scheduling Order. However, CPV’s Response to FPL’s First Set of Interrogatories (“Response”) was mailed five days prior to the deadline for prefiling testimony.

4. In its Response, CPV merely listed “Mike Green” and “Michael Caldwell,” with no further identifying information, as fact witnesses whom CPV expects to call to testify in the October hearing in this proceeding. *CPV Gulfcoast Ltd.’s Response to Interrogatory No. 1.*

5. CPV stated in its Response only that Mr. Green would testify as to the alleged “[u]nfairness of FPL’s RFP process and related matters” and that Mr. Caldwell would testify as to FPL’s alleged “desire to keep competitors out of the state of Florida.” *Id.* This extremely broad response to FPL’s interrogatory omits all identifying information about CPV’s two witnesses and also fails to provide a description of their expected testimony that sufficiently allows the Commission, the Commission Staff, and FPL to prepare for the hearing.

6. FPL has prefiled testimony for every witness it plans to call to testify at the Need Determination hearing. Although CPV had the same amount of time as all other intervenors to

prepare prefiled testimony, CPV has chosen to ignore the Commission's direction as to Mr. Green and Mr. Caldwell. FPL will be at an unfair disadvantage in the hearing if FPL has no opportunity to review prefiled testimony of these two live witnesses for intervenor CPV. FPL needs to review this expected testimony in order to gain further understanding of CPV's positions in opposition to FPL's Petition for Determination of Need. With no prehearing opportunity to discover the positions of Mr. Green and Mr. Caldwell, FPL is unable to prepare adequately to rebut any allegations that these witnesses might present. CPV should not be allowed to ignore without consequence the Prehearing Officer's clear requirement of prefiled testimony.

WHEREFORE, undersigned counsel respectfully requests that this Commission enter an order excluding the testimony of CPV fact witnesses Mike Green and Michael Caldwell on the grounds that CPV has not met the Commission's clear requirement in its Scheduling Order of pre-filing testimony of its witnesses.

Respectfully submitted,

COMMISSION
CLERK

In re: Petition to determine
need for an electrical power
plant in Martin County by
Florida Power & Light Company.

Docket No.: 020263-EI
Filed: September 12, 2002

**RESPONSE OF CPV GULF COAST, LTD. AND CPV CANA, LTD.
TO FLORIDA POWER & LIGHT COMPANY'S MOTION
IN LIMINE TO EXCLUDE TWO WITNESSES**

CPV Gulfcoast, Ltd. and CPV Cana, Ltd. (hereafter "CPV"), pursuant to Section 120.569 and 120.57(1), Florida Statutes ("F.S."), and Rule 28-106.204, Florida Administrative Code ("F.A.C."), file this Response to Florida Power & Light Company's ("FPL") Motion in Limine to Exclude Two Witnesses, and in support, state the following:

1. As FPL acknowledges in its Motion in Limine, in its Responses to Interrogatories served to FPL on August 15, CPV notified FPL that it expects to call Mr. Mike Green and Mr. Michael Caldwell as fact witnesses at the October 4 hearing in this proceeding. In its Responses, CPV identified the subject matter about which each witness is expected to testify.

2. As attested in the Affidavit of Mike Green, attached as Exhibit 1, Mr. Green was a former employee of Duke Energy. After being approached about offering

RECEIVED & FILED

RM

testimony, he indicated that he would need to check with his former employer about providing testimony. It was not until recently that he heard back from his former employer, at a point in time beyond the deadline for filing prefiled testimony. Moreover, Mr. Green attests that he is not within the control of CPV and will be testifying pursuant to subpoena. Given these circumstances, it is not reasonable to exclude Mr. Green's testimony on the grounds that prefiled testimony was not filed.

3. Mr. Michael Caldwell, the other witness whose testimony FPL seeks to exclude, also is not employed by CPV. In fact, he is a former employee of FPL with pertinent information on and direct knowledge of some of the issues being addressed at the October hearing in this proceeding. As with Mr. Green, due to CPV's lack of control over Mr. Caldwell's availability and schedule, CPV has obtained a subpoena to compel Mr. Caldwell's testimony at the hearing.

4. The Prehearing Officer's Scheduling states that "failure to timely prefile exhibits and testimony from any witness in accordance with the foregoing requirements *may* bar admission of such exhibits and testimony." Order No. PSC-02-0992-PCO-EI (Scheduling Order, July 23, 2002, emphasis added). Such language typically is included in scheduling orders precisely to provide the Commission flexibility to address situations like that present in this case, in which witnesses' presence and/or testimony were unable to have been obtained at the time prefiled testimony was due.

5. FPL argues that it needs Mr. Green's and Mr. Caldwell's prefiled testimony in order to prepare to adequately rebut allegations that may be presented by these witnesses at hearing. However, FPL can readily determine these witnesses'

positions and the allegations they likely will advance at hearing by deposing them.¹

Given these circumstances, it is not unreasonable to allow deposition transcripts for these witnesses to function in the place of prefiled testimony. See In re: Application for Amendment of Certificates in Lake County in JJ's Mobile Homes, Inc., PSC-95-0208-PCO-WS. Moreover, a letter authored by Mr. Caldwell that accuses FPL of failing to award a contract to an outside bidder because of a policy of thwarting competition has been prefiled in this case as an exhibit to the testimony of Doug Egan. FPL can hardly claim prejudice or surprise as to the subject matter about which Mr. Caldwell will testify, if called.

6. Contrary to FPL's assertions, CPV has not "chosen" to ignore the Prehearing Officer's² direction. As previously explained, circumstances beyond CPV's direction and control prevented CPV from obtaining testimony from Mr. Green and Mr. Caldwell for prefilings in this proceeding. The relief FPL requests in its Motion in Limine is unduly harsh and punitive given the circumstances. FPL can avoid the "unfair advantage" about which it complains by deposing CPV's witnesses, something it apparently intends to do.

7. Section 120.57(1)(b), F.S., which establishes the administrative procedures applicable to this proceeding expressly recognizes that all parties to a formal administrative proceeding "...shall have an opportunity to respond, present evidence and argument on all issues involved, to conduct cross-examination and submit rebuttal

¹ FPL states in footnote 1 of its Motion that deposition transcripts are unavailable because neither witness has been deposed by any party. CPV suggests that FPL is free to depose Mr. Green and Mr. Caldwell at a mutually acceptable time. In fact, FPL has filed a Notice of Deposition of Mr. Caldwell and has indicated its intent to depose Mr. Green.

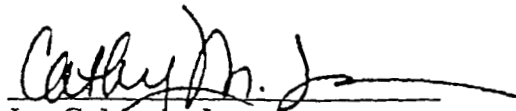

² The Scheduling Order was issued in this proceeding by the Prehearing Officer, not the Commission, as FPL appears to state in its Motion.

evidence" Section 120.57(1)(b), F.S. (emphasis added). FPL's efforts to exclude CPV's witnesses are contrary to this statutory provision establishing parties' rights to participate in formal administrative hearings. Moreover, tellingly, FPL does not (and cannot) cite any Uniform Rules, Commission rules, or other authority *requiring* exclusion of witnesses for which prefiled testimony was not submitted. The Uniform Rules and Commission rules do not contain such provisions.

8. For the reasons discussed herein, excluding CPV's witnesses' testimony would be extremely and unduly prejudicial to CPV's effective participation as a party in this proceeding. Moreover, excluding CPV's witnesses' testimony would be unduly harsh and punitive, given the circumstances that prevented CPV from adhering to the Scheduling Order's prefiled testimony deadlines. Finally, neither FPL nor any other party will be inconvenienced, or treated unfairly or prejudicially by allowing such testimony, since each party has the opportunity to depose (and in fact, FPL apparently is deposing) CPV's listed witnesses in advance of the hearing.

WHEREFORE, CPV Gulfcoast, Ltd. and CPV Cana, Ltd. respectfully request the Prehearing Officer to deny FPL's Motion in Limine to exclude the testimony of CPV's witnesses Green and Caldwell.

Respectfully submitted this 12th day of September, 2002.

AFFIDAVIT

STATE OF FLORIDA
COUNTY OF SEMINOLE

BEFORE ME, this day personally appeared Mike Green, who being duly sworn, deposes and says that the following information is true and correct, and within his personal knowledge:

1. I understand that I have been listed as a witness by CVP Gulfcoast, Ltd. and CPV Cana in PSC Docket No. 020262 and 020263, Petitions for Need filed by Florida Power and Light Company.
2. I was approached by counsel for CPV Gulfcoast, Ltd. And CPV Cana, Ltd. on or about August 1, 2002 in which my testimony was sought for the above-referenced proceedings.
3. I indicated that I had certain obligations to my former employer, Duke Energy, and would have to check with them to see whether I might be able to provide testimony in this proceeding, something which I did.
4. It was only within the last week that I received a response to my inquiry from my former employer.
5. Given the above, and the fact that I am not under the control of CPV Cana, Ltd. or CPV Gulfcoast, Ltd., I did not file testimony in these proceedings as I understand is called for in the Prehearing Order.
6. I have recently been served a subpoena for trial in this proceeding and plan to testify pursuant to that subpoena if not released from its effect.

FURTHER AFFIANT SAYETH NAUGHT.

Mike Green

APPENDIX 10

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Petition to determine
need for an electrical power
plant in Martin County by
Florida Power & Light Company.

DOCKET NO. 020262-EI
ORDER NO. PSC-02-1282-PCO-EI
ISSUED: September 19, 2002

ORDER GRANTING MOTION TO EXCLUDE WITNESSES

On September 5, 2002, Florida Power & Light Company ("FPL") filed a motion in limine to exclude two witnesses for intervenors CPV Gulfcoast, Ltd. and CPV Cana, Ltd. (collectively, "CPV"). CPV filed its response to FPL's motion on September 12, 2002. As set forth below, FPL's motion is granted.

By Order No. PSC-02-0992-PCO-EI, issued July 23, 2002, ("Scheduling Order") procedural guidelines and controlling dates were established for this case. Among other things, the Scheduling Order requires that "[e]ach party shall prefile, in writing, all testimony that it intends to sponsor" and provides that "[f]ailure to timely prefile exhibits and testimony from any witness in accordance with the foregoing requirements may bar admission of such exhibits and testimony." Pursuant to the Scheduling Order, the prefiled testimony for intervenors' witnesses was due to be filed by August 20, 2002.

Consistent with these requirements, CPV filed the direct testimony of witness Douglas F. Egan on August 20, 2002. In its Prehearing Statement filed September 11, 2002, CPV identified two additional witnesses, Mike Green and Mike Caldwell, that CPV wishes to offer at the hearing in this docket scheduled for October 2-4, 2002. CPV had not prefiled testimony of either Mr. Green or Mr. Caldwell. In its Prehearing Statement, CPV stated that it was not able to file prefiled testimony for these witnesses because they are not under CPV's control. Further, CPV stated that it plans to call these witnesses at hearing and present direct examination at that time "as is authorized by section 120.57(1)(b), and Rule 28-106.213, F.A.C."

On September 12, 2002, FPL filed a motion in limine to exclude the testimony of Mr. Green and Mr. Caldwell in this proceeding. In its motion, FPL notes the requirements set forth in the Scheduling Order and notes that CPV has not complied with those requirements. FPL states that CPV, in a response to FPL discovery mailed five

ORDER NO. PSC-02-1282-PCO-EI
DOCKET NO. 020262-EI
PAGE 2

days prior to the deadline for prefiling intervenors' direct testimony, listed Mr. Green and Mr. Caldwell as fact witnesses whom CPV expects to call to testify at hearing in this docket. FPL states that CPV's response also indicated that Mr. Green would testify as to alleged "[u]nfairness of FPL's RFP process and related matters" while Mr. Caldwell would testify as to FPL's alleged "desire to keep competitors out of the state of Florida." FPL asserts that this response omitted all identifying information about the two witnesses and failed to provide a description of their testimony sufficient to allow the Commission, the Commission staff, and FPL to prepare for hearing. Citing Order No. PSC-95-0208-PCO-WS, issued February 15, 1995, FPL notes that the Commission requires prefiled testimony to afford parties, the Commission staff, and the Commission the opportunity to review and prepare for hearing.

FPL further asserts that it will be at an unfair disadvantage in this proceeding if it does not have the opportunity to review prefiled testimony of Mr. Green and Mr. Caldwell while CPV has the opportunity to review the prefiled testimony of every FPL witness. FPL further asserts that it is unable to adequately prepare to rebut any allegations that these witnesses might present.

In its response, CPV emphasizes that both Mr. Green and Mr. Caldwell are not employed by CPV, are not "within the control" of CPV, and will be testifying pursuant to subpoena. In addition, CPV asserts that Mr. Green's testimony could not be timely prefiled because he needed to check with his former employer about providing testimony but did not hear back from his former employer until after the filing deadline. CPV suggests that the Scheduling Order's provision stating "[f]ailure to timely prefile exhibits and testimony from any witness in accordance with the foregoing requirements may bar admission of such exhibits and testimony" is intended to give the Commission flexibility to address situations like the one presented in this case. CPV asserts that FPL can avoid any unfair disadvantage and prepare for its rebuttal simply by deposing Mr. Green and Mr. Caldwell to determine their positions and the allegations they will likely make at hearing. CPV, citing Order No. PSC-95-0208-PCO-WS, claims that it is not unreasonable to allow deposition transcripts of these individuals to serve as prefiled testimony.

ORDER NO. PSC-02-1282-PCO-EI
DOCKET NO. 020262-EI
PAGE 3

CPV further argues that FPL's motion to exclude testimony from Mr. Green and Mr. Caldwell is contrary to the provisions of Section 120.57(1)(b), Florida Statutes, which state that all parties shall have an opportunity to present evidence on all issues involved. CPV states that FPL has not and cannot cite any authority requiring exclusion of witnesses for which prefiled testimony was not submitted. CPV concludes that excluding the testimony of Mr. Green and Mr. Caldwell would be unduly harsh and punitive and would be unduly prejudicial to CPV's effective participation as a party. CPV states that neither FPL nor any other party will be inconvenienced or treated unfairly or prejudicially by allowing the testimony.

Rule 28-106.211, Florida Administrative Code, provides that the presiding officer before whom a case is pending may issue any orders necessary to effectuate discovery, prevent delay, and to promote the just, speedy, and inexpensive determination of all aspects of the case. Pursuant to this authority, this Prehearing Officer issued Order No. PSC-02-0992-PCO-EI, in which procedural guidelines and controlling dates were established for this case. Among the procedural guidelines established in that Order is a requirement that each party prefile, in writing, all testimony that it intends to sponsor. Further, the Order established a schedule for prefiling such testimony. The consequence of not timely prefiling testimony is made clear in the Order: the testimony may be barred. The requirement to prefile testimony in writing pursuant to an established schedule is a long-standing practice for formal, evidentiary hearings before the Commission. Such procedures enhance the parties' ability to prepare for hearings that often involve very complex technical and policy matters and promote the ability of the parties and the Commission to focus their efforts at hearing.

As set forth above, CPV, pursuant to the requirements of the Scheduling Order, prefiled the testimony of one of the witnesses it intends to sponsor, Douglas F. Egan, on August 20, 2002. Pursuant to the Scheduling Order, FPL then had the opportunity to rebut witness Egan's prefiled testimony through prefiled rebuttal testimony due September 11, 2002. CPV did not inform the Commission of its intent to sponsor any other witness until it filed its Prehearing Statement on September 11, 2002. Although it was clearly aware of the Scheduling Order's procedural requirements

ORDER NO. PSC-02-1282-PCO-EI
DOCKET NO. 020262-EI
PAGE 4

and knew that it wished to sponsor the testimony of Mr. Green and Mr. Caldwell at least five days prior to the deadline for prefiling intervenors' testimony, CPV did not request an extension of time to prefile the testimony of those individuals. Nor did CPV request an exception to those procedural requirements to allow it to offer witnesses at hearing who had not prefiled testimony. Instead, CPV disregarded those requirements and stated in its Prehearing Statement that it plans to call Mr. Green and Mr. Caldwell at hearing and present direct examination at that time as is authorized by Section 120.57(1)(b), Florida Statutes, and Rule 28-106.213, Florida Administrative Code.

Section 120.57(1)(b), Florida Statutes, provides, among other things, that all parties to a formal administrative proceeding shall have the opportunity to present evidence on the issues. That opportunity is clearly provided through the Scheduling Order issued in this docket. The Scheduling Order governs only the manner in which testimony is provided. Nothing in Section 120.57(1)(b), Florida Statutes, precludes the Commission from requiring that testimony be prefiled in writing. Likewise, nothing in Rule 28-106.213, Florida Administrative Code, precludes the Commission from establishing such a requirement.

CPV's explanation for not prefiling the testimony of Mr. Green and Mr. Caldwell in accordance with the Scheduling Order is that neither individual is within CPV's "control," apparently because neither individual is a CPV employee. However, CPV does not indicate that either individual was unwilling to provide prefiled written testimony on CPV's behalf. The brief description of these individuals' testimony, provided in CPV's Prehearing Statement, makes clear that neither individual is being offered as an adverse witness to CPV. Further, while CPV has at least contacted Mr. Green and offered an explanation as to why his testimony could not be timely prefiled, it is not clear whether CPV has even contacted Mr. Caldwell. It is not at all uncommon in Commission proceedings for a party to prefile the testimony of a witness it intends to sponsor, where the witness may not be in the direct "control" of the party as an employee. CPV has not sufficiently explained why it could not do the same in this case.

In addition, allowing CPV to present the testimony of Mr. Green and Mr. Caldwell at hearing would clearly prejudice and

ORDER NO. PSC-02-1282-PCO-EI
DOCKET NO. 020262-EI
PAGE 5

inconvenience the parties to this case. The requirement of prefiled written testimony allows parties to review and conduct discovery related to each party's direct case to promote a more efficient and focused hearing. If CPV is permitted at this late date to avoid prefilng the direct testimony of Mr. Green and Mr. Caldwell, all other parties are prejudiced in that they have provided their direct case in advance for the benefit of CPV and other parties' review and discovery efforts but are left to conduct extensive discovery late in the case just to learn what CPV intends to offer as its direct case. Further, permitting CPV to avoid the Scheduling Order's requirement for prefilng the testimony of these individuals would put FPL and, possibly, other parties in the position of being unable to prefile responsive rebuttal testimony pursuant to the Scheduling Order's requirements. Finally, permitting CPV to offer these individuals as witnesses without prefilng testimony would inconvenience parties who have relied upon the terms of the Scheduling Order and who would have to set aside time shortly before hearing, amid other hearing preparation, to glean CPV's direct case and question it through discovery.

Citing Order No. PSC-95-0208-PCO-EI, CPV suggests that it would be reasonable to allow deposition transcripts for these individuals to function in the place of prefiled testimony. In that Order, the Commission required parties who did not prefile the testimony of adverse witnesses to prefile deposition transcripts for those witnesses instead. Clearly, this case is distinguishable because neither Mr. Green nor Mr. Caldwell are being offered by CPV as adverse witnesses. CPV's reliance on Order No. PSC-95-0208-PCO-EI is misplaced.

The purpose of a motion in limine is to afford the trier of fact the opportunity to rule on the admissibility of evidence prior to trial or hearing, so that irrelevant and immaterial matters, or evidence whose probative value is outweighed by the danger of unfair prejudice, may be excluded. Anise DeVoe v. Western Auto Supply Company, 537 So. 2d 188 (Fla. 2d DCA 1989); 75 Am. Jur. 2d TRIAL §94. While FPL's motion goes more to procedural issues than evidentiary issues of admissibility, it is, for the reasons set forth above, well-taken. Accordingly, FPL's motion is granted.

Based on the foregoing, it is

ORDER NO. PSC-02-1282-PCO-EI
DOCKET NO. 020262-EI
PAGE 6

ORDERED by Commissioner J. Terry Deason, as Prehearing Officer, that Florida Power & Light Company's motion in limine to exclude the testimony of Mr. Mike Green and Mr. Mike Caldwell in this proceeding is granted.

By ORDER of Commissioner J. Terry Deason as Prehearing Officer, this 19th day of September, 2002.

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code, if issued by a Prehearing Officer; (2) reconsideration within 15 days pursuant to Rule 25-22.060, Florida

ORDER NO. PSC-02-1282-PCO-EI

DOCKET NO. 020262-EI

PAGE 7

Administrative Code, if issued by the Commission; or (3) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility. A motion for reconsideration shall be filed with the Director, Division of the Commission Clerk and Administrative Services, in the form prescribed by Rule 25-22.060, Florida Administrative Code. Judicial review of a preliminary, procedural or intermediate ruling or order is available if review of the final action will not provide an adequate remedy. Such review may be requested from the appropriate court, as described above, pursuant to Rule 9.100, Florida Rules of Appellate Procedure.

APPENDIX 11

2. The testimony CPV seeks from Mr. Evanson would be cumulative in that FPL, under the Prehearing Officer's Scheduling Order,² has previously filed with this Commission and served to the parties the prefiled testimony of ten witnesses in support of FPL's Petition for Determination of Need. During the discovery period for this proceeding, CPV has had the opportunity to depose all of these witnesses and will have the opportunity to cross examine all of them at the Hearing. In addition, CPV has taken Mr. Evanson's deposition in this proceeding.

3. FPL's witnesses, particularly Steven R. Sim, Rene Silva and Moray P. Dewhurst, have fully described in their prefiled testimony and in subsequent depositions FPL's decision-making process as to the Request for Proposals and the evaluation and decision-making that led FPL to file its present Petitions for Determination of Need. As FPL's witnesses, including Mr. Evanson, have already stated in prefiled testimony, Mr. Evanson's involvement in the matter was limited.

4. Mr. Evanson is responsible for the entire operation of FPL, which is the largest investor-owned utility in Florida and one of the largest in the United States. As such, he qualifies under Florida law as a high-ranking officer who may not be compelled to testify unless it has been established that the testimony to be elicited is necessary and relevant and unavailable from a lesser ranking officer. Dep't of Rehabilitative Services v. Brooke, 573 So. 2d 363, 371 (Fla. 1st DCA 1991) ("Brooke") ("We agree . . . that '[d]epartment heads and similar high-ranking officials should not ordinarily be compelled to testify unless it has been established that the testimony to be elicited is necessary and relevant and unavailable from a lesser ranking

² Order Consolidating Need Determination Proceedings, Approving Proposal for Handling Confidential Bid Information and Establishing Procedure, Order No. PSC-02-0992-PCO-EI (July 23, 2002).

officer”)(reversing, due to executive privilege, orders directing that the Secretary of Health and Rehabilitative Services appear before the trial court to explain discretionary budget decisions). *See also Halderman v. Pennhurst State School and Hospital*, 559 F. Supp. 153 (E.D. Penn. 1982)(quashing a subpoena absent any showing that information sought from a department head was not equally available from a lesser-ranking official); *Crown Cent. Petroleum Corp. v. Garcia*, 904 S.W. 2d 125, 128 (Tex. 1995)(a corporate president or other high-level corporate official may not be compelled to give a deposition unless the party seeking the deposition shows that the official possess some unique or superior personal knowledge of relevant facts); and *Baine v. General Motors Corp.*, 141 F.R.D. 332 (M.D. Ala. 1991)(accord). As Mr. Evanson stated during his deposition, the process was a “bottom-up,” rather than a “top-down” approach, in which analysis of options for the Need Determination was conducted by others within FPL, who relied in part upon analysis of an outside consultant. Mr. Evanson approved their recommendation. The individuals who evaluated the options, including the outside consultant, are witnesses who have prefiled testimony and will testify during the hearing in this proceeding.

5. Counsel for CPV had the opportunity to examine Mr. Evanson at his deposition on September 26, 2002. Moreover, Mr. Evanson resides in North Palm Beach, Florida, and works in Juno Beach, Florida, and both towns are more than 100 miles from the site of the hearing in Tallahassee. Florida law considers Mr. Evanson to be unavailable to testify and, thus, CPV is permitted to seek to introduce as evidence in the hearing the deposition transcript of Mr. Evanson. Fla. R.C.P. 1.330(a)(3) (“The deposition of a witness, whether or not a party, may be used by any party for any purpose if the court finds . . . (B) that the witness is at a greater distance than 100 miles from the place of the trial or hearing”). Thus, Mr. Evanson’s live testimony is unnecessary because a deposition transcript is available.

6. CPV's service of the unnecessary subpoena to Mr. Evanson can lead only to redundant and cumulative testimony and, thus, it is apparently is designed to harass FPL and Mr. Evanson rather than to seek admissible evidence in the Determination of Need proceeding. Mr. Evanson is a high-ranking official whose role in this Need Determination proceeding was limited to approving a recommendation of others within FPL. Thus, under the First District Court of Appeal's decision in Brooke, Mr. Evanson is not required to be present for live testimony in this proceeding and the subpoena should be quashed.

WHEREFORE, FPL requests that the Commission enter an order quashing the subpoena served by CPV which commands Mr. Evans to appear to testify at the hearing in this proceeding beginning on October 2, 2002.

SUBPOENA

THE STATE OF FLORIDA

TO: Paul Evanson, 700 Universe Blvd., Juno Beach, Florida 33408

YOU ARE COMMANDED to appear before the Florida Public Service Commission at 2540 Shumard Oak Blvd., Tallahassee, Florida 32399, on October 2, 2002, at 9:30 a.m., or at such time thereafter as designated by counsel for CPV Cana, Ltd. and CPV Gulfcoast, Ltd., to testify in this action. If you fail to appear, you may be held in contempt.

YOU ARE SUBPOENAED to appear by the following attorney(s) and, unless excused from this subpoena by these attorneys or the Commission, you shall respond to this subpoena as directed.

DATED on August 26, 2002.

CPV GULF COAST, LTD.'S RESPONSE
TO FLORIDA POWER & LIGHT COMPANY'S
MOTION TO QUASH SUBPOENA

CPV Gulfcoast, Ltd. ("CPV"), pursuant to Rule 28-106.204, Florida Administrative Code, hereby responds to Florida Power & Light Company's ("FPL") Motion to Quash Subpoena (the "Motion") served on FPL President, Paul J. Evanson to appear as a witness¹ in the Commission's hearing in these consolidated proceedings. For the reasons set forth below, CPV urges that the Motion be denied:

1. FPL, in this consolidated hearing which it has initiated, is trying to prohibit CPV from having the ability to call as a witness the person who has admitted in deposition that he is ultimately responsible for the decisions on which these hearings are based. (No other FPL witness is in the position of being able to make the ultimate decision or to testify regarding the factors that he

¹It should be noted that Mr. Evanson was listed in CPV's Prehearing Statement. When efforts to secure assurances from FPL counsel that Mr. Evanson would appear voluntarily were not successful, CPV was forced to subpoena him. FPL seems to object to Mr. Evanson's attendance at the beginning of the hearing pursuant to the subpoena as being improper. Obviously FPL will go first in the hearing and controls the pace of its case; with clearer input from FPL's counsel CPV would be more than willing to delineate a more specific time for Mr. Evanson and has attempted to do so.

considered in making that decision. Thus, Mr. Evanson and his testimony is unique.) FPL is, thus, attempting to deprive CPV of a witness with certainly relevant information (or, in the alternative, attempt to require CPV to reveal how it intends to use at hearing an adverse party as a witness). FPL's assertion that its other witnesses will testify to the "same information" that CPV may seek to elicit from Mr. Evanson is clearly speculative.

2. The only Florida case FPL cites as a reason to excuse Mr. Evanson as a witness is Dept. of Rehabilitative Services v. Brooke, 573 So. 2d 363 (Fla. 1st DCA 1991). That case dealt with a separation of powers issue, where the Court, in concluding that the Secretary of the Department of HRS need not appear (at least initially), agreed with the decision in Halderman v. Pennhurst State School and Hospital, 559 F. Supp. 153 (E.D. Penn. 1982). In Halderman, the United States Court, in precluding the calling of the Pennsylvania Secretary for the Department of Public Welfare as a witness, stated that "department heads and similarly high-ranking officials should not ordinarily be compelled to testify unless it has been established that the testimony to be elicited is necessary and relevant and unavailable from a lesser ranking officer." Neither the Brooke case, nor the Halderman case on which it relies, dealt with officers, of any rank, in a private sector corporation.

3. FPL also suggests because counsel for CPV deposed Mr. Evanson and that he would be more than 100 miles from the hearing in Tallahassee (thus making his deposition admissible under the Florida Rules of Civil Procedure) that this should somehow preclude CPV from having the opportunity to present Mr. Evanson as a live witness. Rule 1.330(a)(3), which is permissive in nature, i.e., a departure "may" be used in certain circumstances, can in no way be construed as supporting the proposition that because a witness has been deposed, and his or her deposition may be admissible, that the person cannot also be called as a live witness. If the Rule were so construed, parties would

be unduly constrained in exercising their rights to depose individuals and the Commission's state-wide subpoena power would be severely curtailed.

Moreover, the deposition of Mr. Evanson is clearly not an adequate substitute for his live testimony. The deposition was limited to two hours and was clearly a "discovery" deposition (as contrasted with a deposition designed from the outset to perpetuate testimony and to be used in lieu of a live witness). Moreover, there was at least one question, considered key by CPV, that Mr. Evanson was instructed not to answer, again showing the inadequacies of simply tendering the deposition in place of his live testimony.²

4. The standards for quashing a subpoena are set forth in section 120.569(2)(k)1. F.S., which states:

Any person subject to a subpoena may, before compliance in a timely petition, request a presiding officer having jurisdiction of the dispute to invalidate the subpoena on the ground that it was not lawfully issued, is unreasonably broad in scope, or requires the production of irrelevant material.

FPL has failed to establish that any of these statutory grounds for invalidating a subpoena apply in the instant situation.

5. CPV's use of Mr. Evanson as a witness is clearly relevant to the proceedings, given the fact that he is the person at FPL with "overall responsibility" (Deposition of Paul Evanson, p. 7) for the decisions at issue in these hearings. Moreover, as shown by FPL's Response to CPV's First

²The question posed related to a competing bidder, who, but for the equity penalty being imposed on it, proposed a plan that had a lower total revenue requirement than FPL's self-build plan. This bidder has withdrawn from the case and also withdrew its bids. CPV asked whether FPL had entered into a settlement agreement with this bidder and Mr. Evanson was instructed by his counsel not to answer the question. (See Exhibit A, excerpt of deposition of Paul Evanson.) CPV plans to pursue this line of questioning at hearing and, if Mr. Evanson, is again instructed not to answer, seek an order compelling a response.

Set of Interrogatories, Mr. Evanson was clearly the person with the final say in determining the best alternative. See interrogatory No. 15 and the attached response as follows:

Q.

Identify who made the decision that FPL won its Supplemental Request for Proposal and when that decision was made. If the decision was made by a committee or group of people, identify all members of the committee or group.

A.

The results of the economic analyses performed independently by FPL and Mr. Alan Taylor showed that the All-FPL self build option is the lowest cost alternative to meet FPL's capacity need. Based on these results and on his own review of non-economic factors related to different generation capacity alternatives, Mr. Rene Silva concluded that the All-FPL self build option is the best alternative. Mr. Silva communicated his conclusions and the bases for those conclusions to Mr. Paul Evanson, who concurred.

Similarly, attached as Composite Exhibit "B" are e-mails reflecting Mr. Evanson's involvement in various aspects of the RFP decision-making process.

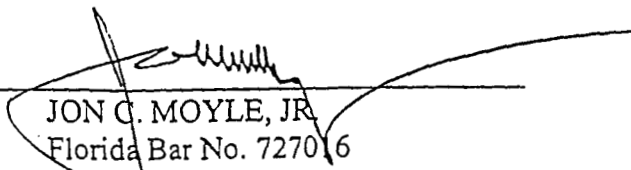

FPL's assertions that Mr. Evanson will only provide "redundant and cumulative testimony" is clearly speculative and FPL has not met its burden of proof establishing a basis for quashing the subpoena. See Bernstein v. Bernstein, 498 So. 2d 1270, 1271 (Fla. 4th DCA 1986) ("The burden of proof is ordinarily upon the party moving for relief . . ."). Finally, the Brooke case does not protect private sector corporate officers, particularly in administrative hearings that are initiated by the corporation involved.

WHEREFORE, CPV requests that the Commission deny FPL's Motion to quash the subpoena of PAUL EVANSON.

Respectfully submitted,

MOYLE, FLANIGAN, KATZ, RAYMOND
& SHEEHAN, P.A.

Jon C. Moyle, Jr.

1 they know how I act and think, they might tell me more.
2 But certainly on important items, they obviously let me
3 know ahead of time.

4 Q. To the extent that a settlement obligated FPL
5 to take a position in something in the future, would you
6 expect that that would be brought to your attention?

7 A. Again, depending on how important it is. If it
8 was important, they would. If it was unimportant, they
9 might not.

10 Q. As the president of FPL, would you be surprised
11 if a settlement were entered into, a formal written
12 settlement, without your knowledge?

13 A. A settlement of?

14 Q. Of any claims in a need case?

15 A. Well, I'm finding it a little difficult to
16 visualize what it is that you are referring to. So all I
17 can fall back on is if it is an important item, I should
18 be aware of it, should have been made aware of it.

19 Q. But my follow-up question was, To the extent
20 that it obligated you to take a position or not take a
21 position --

22 A. It depends on whether the position was an
23 important one or insignificant one, you know.

24 Q. Who gets to make those decisions about whether
25 it's important or insignificant? Is that something that

1 you delegate to your staff?

2 A. Well, I think most of them have worked with me
3 long enough to know what I consider important and not.
4 And if they don't understand that distinction, they find
5 out pretty quickly. They don't make the mistake twice.

6 Q. Are you familiar with Steve Sim?

7 A. Yes.

8 Q. Do you know him to be a trustworthy individual?

9 A. I do.

10 Q. I'm going to ask you to read a portion of his
11 testimony, of his rebuttal testimony that is found on
12 Page 16, starting on Lines 2 and ending on Lines 4. And
13 I'd ask you just to read it to yourself.

14 A. Okay.

15 Q. Without identifying the bidder, what does that
16 statement mean to you?

17 A. Well, number one, that's not my understanding
18 of the facts of this particular case. But number two, it
19 would suggest that the way he states that that but for
20 the equity penalty, one bidder was lower or one
21 combination of one bid was lower than the FPL proposal.

22 Q. So if that were true, then that would mean that
23 there was a proposal out there that beat the FPL proposal
24 if the equity penalty were not imposed?

25 MR. LITCHFIELD: I object to the form of the

1 question. The equity penalty was not imposed in
2 this case. This issue has been aired add nauseam in
3 other depositions, so I would ask Counsel to
4 rephrase it.

5 BY MR. MOYLE:

6 Q. We have a little bit of a running debate about
7 whether the equity penalty has been imposed or applied.
8 So let me ask you --

9 A. Well, I would like to define that it is the
10 cost.

11 Q. Would you agree, if this statement were true,
12 then that there was another bid out there to the extent
13 the equity penalty issue were not considered in the
14 analysis, that the other bid would have been lower than
15 you all, the FPL bid?

16 A. Can I look at that one more time? Could you
17 repeat the question?

18 Q. Assuming that statement is true, would you
19 agree that without the equity penalty being factored in
20 that there was another proposal or another bidder out
21 there that would have beaten the all-FPL plan?

22 MR. LITCHFIELD: I'll object to the form of the
23 question. I think you indicated proposal or bidder.
24 That's a compound question.

25 THE WITNESS: Well, it suggests that. It

1 doesn't really state it, but it would suggest that
2 which is frankly not my understanding of it.

3 BY MR. MOYLE:

4 Q. Do you know why this other bidder that was
5 identified here is no longer in the case?

6 A. I think that's between the other bidder to deal
7 with why somebody is or isn't.

8 Q. Right. I'm asking you if you know?

9 A. I'm not sure why.

10 Q. Do you know if FPL has entered into a
11 settlement agreement with this other bidder?

12 MR. LITCHFIELD: There I will object, because
13 whether there is or isn't, that fact alone would
14 disclose potential settlement communications. So I
15 would ask the witness not to answer that question.

16 MR. MOYLE: Well, I disagree, because I'm not
17 asking about any of the terms of the settlement.
18 I'm asking simply whether this is a settlement
19 agreement.

20 MR. LITCHFIELD: And that fact alone could be
21 confidential as between the parties. As you know,
22 settlements are entered into all the time. And a
23 typical term of settlements is that the fact of the
24 settlement alone may be confidential. So I think by
25 the witness indicating one way or the other whether

1 there is or isn't a settlement that that fact alone
2 could cut across settlement communication privilege.

3 MR. MOYLE: I'm not aware of a privilege
4 related to settlement communications;
5 attorney-client, work product, whatnot.

6 MR. LITCHFIELD: Are you suggesting that you
7 have a right to know whether a settlement was
8 entered into in this proceeding?

9 MR. MOYLE: Yes.

10 MR. LITCHFIELD: Under what theory?

11 MR. MOYLE: Well, let's work through it.
12 You'll see. So are you instructing the witness not
13 to answer as to whether a settlement has been
14 entered into with the bidder identified in Mr. Sim's
15 testimony on Page 16?

16 MR. LITCHFIELD: I am.

17 MR. MOYLE: Okay. Well, I'll tell you how I
18 think it's relevant. To the extent that a
19 settlement agreement has been entered into with a
20 bidder that has a lower cost alternative, that cuts
21 against your argument that it's -- that your
22 self-build plan is the least cost alternative.
23 Okay?

24 And to the extent that the statutory obligation
25 is to go with the least cost alternative and there's

1 another bid out there that has that least cost
2 alternative, and in order to not select them or
3 whatnot you enter into a settlement agreement with
4 them, I think it runs counter to the purposes of the
5 statute and to the bid rule, and is against the
6 interest of the ratepayers in that they are not
7 getting the best possible deal that's out there.

8 MR. LITCHFIELD: Well, your argument assumes
9 first that the bid rule requires that the company
10 enter into a contract with the absolute low cost
11 bidder. It also assumes that the equity penalty
12 would not be reflected in the analysis. And it also
13 assumes that the bidder didn't withdraw of its own
14 volition. And that the bidder otherwise would have
15 entered into a contract with FPL.

16 And that FPL, had the bidder remained in the
17 mix, and had the equity penalty not been applied and
18 all of the other things that we've just discussed or
19 I just mentioned were in effect, that the bidder and
20 FPL were able to work through negotiations to effect
21 an agreement, which in itself could be quite an
22 ordeal. And by no means it guaranteed a contract
23 would be entered into. So I think the premise is
24 somewhat speculative.

25 And I still maintain that whether or not a

1 settlement was entered in itself could be considered
2 confidential. And therefore, were there a
3 settlement, if Mr. Evanson in answering this
4 question could violate a term of the settlement
5 agreement in that respect.

6 MR. MOYLE: We'll let the commission sort this
7 one out.

8 MR. LITCHFIELD: I think that's probably what
9 we need to do.

10 THE WITNESS: Could I add one footnote to that?

11 BY MR. MOYLE:

12 Q. Sure.

13 A. I'm listening to my Counsel. But I would say
14 as to that particular company that was mentioned on that
15 page, its credit rating is such that we would not under
16 any circumstances grant the RFP to them.

17 Q. So even if they were lower, you are testifying
18 that --

19 A. I am absolutely testifying to that. Their
20 financial condition is so weak and so poor that it would
21 be imprudent for us to do that, to sign a contract
22 because of number one. And number two, I think that they
23 should not have even bid given our requirements or
24 statements in the RFP. And I think if you approached
25 Moray Dewhurst, our CFO, he would be appalled at even the

Sam Waters
04/19/02 10:00 AM

To: Armando Olivera/EXEC/FPL@FPL
cc:
Subject: Re: Terms and Conditions in Reissuance of RFP

The descriptions in the RFP are very generic. For example, we say that we will have a contract with pay-for-performance, but we do not give a formula. That would be part of a negotiated deal. Our intent was to tell them the general terms and conditions so they could frame a bid, but that a detailed contract would be negotiated after the short list is created. I'll send you a copy of the original RFP so you can see the specifics.

The pricing, availability, energy costs are requested in a specific format, so that can easily be transferred to contract terms. We ask for \$/kw-mo, a guaranteed heat rate, availability, etc.

If you have any other questions, give me a call.

Armando Olivera

Armando Olivera

Subject: Re: Terms and Conditions in Reissuance of RFP

How are the financial aspects of this treated?

Does the RFP include the terms and conditions for how they are going to be paid or will that be negotiated later? This will undoubtedly have a big impact on the valuation each bid so I assume that there is something already that describes the calculation of capacity payments, energy costs, etc.

If you have it, I would like to see a summary of the financial terms and conditions as well as the operating terms (dispatch rights, availability, capacity levels, etc.).

Steve R Sim/RAP/FPL@FPL, Mario Villar@FPL, Delia
Perez-Alonso@FPL, Tony Rodriguez/PGD/FPL@FPL
Subject: Terms and Conditions in Reissuance of RFP

Aside from the issue of moving/changing the avoided units in our RFP, there are several terms and conditions that bidders have objected to which should be addressed before we reissue an RFP:

- Completion Security
- Length of time the bid must remain open
- Regulatory Out Provisions
- Legislative Out Provisions

Completion Security

In the RFP, FPL requested completion security of \$50,000/MW, with the right to draw upon that amount in full or terminate the contract if the developer is as little as 1 day late. There does not seem to be an objection to the amount, rather it is the right to fully draw down the fund and terminate at FPL's discretion that bothers the bidders. We do state that this is only a preference, and that we may extend the in-service date up to 5 months for them to cure, but they have filed a complaint here nevertheless.

Suggested remedy: Maintain the \$50,000/MW level of security. FPL will draw down on a daily basis in the amount of the greater of replacement power cost, or \$330/MW per day (assumes a maximum 5 month cure period) until the funding is exhausted, at which time the contract will be terminated if the nonperformance is not cured. We should recognize that with any contract, the failure to perform is only backed up by dollars, and we are left holding the reliability bag.

Length of Time the Bid Must Remain Open

FPL asked for bids to remain open for 390 days, on the basis that we needed to rely on the bids until contract negotiations and licensing were completed. Bidders have complained this is way too long and that a more reasonable period is 120 days.

Suggested remedy: Request bidders to hold bids open for 120 days minimum. For those bidders whom we select for active negotiation, ask that bids remain firm until a contract is negotiated and a need determination or cost recovery decision is rendered by the Commission.

Regulatory Out Provisions

The RFP specified that FPL would have the right to terminate a contract if any regulatory agency, specifically the PSC or FERC, disallowed any portion of the contract costs for cost recovery. This is beyond the "regulatory out" provisions that the Commission has approved in the past.

Suggested remedy: Return to the old form of the regulatory out provision that states that FPL will simply not pay that portion of the contract costs not allowed for cost recovery. The bidders will still complain, but it is less onerous, and certainly far less risk than our right to cancel the contract. It is entirely possible that the Commission would throw this out if they have any say in the contract design. They have rejected it in recent Standard Offer contracts.

Legislative Out Provisions

The RFP stated that FPL desired the right to terminate or shorten the contract if the legislature, either state or federal, changed the regulatory structure in Florida, specifically, if merchant developers were allowed to build in Florida. It's a little ironic that they complained about this one, but,

Suggested remedy: Drop this provision.

Other possible issues: Although it has not formally arisen, the issue of FPL not offering its sites for development lurks with Staff. I think it is very unlikely to come back. We have also not addressed in great detail the full range of contractual provisions we would ask for in negotiations. I think less is more in this regard. In the contract we are developing, there is far more detail on nonperformance issues, as well as our rights to dispatch, control, etc. The RFP was never intended to be an exhaustive presentation of all of the terms and conditions we would request, just a general indicator of what we wanted.

We can discuss these issues further at our Monday meeting. If you have any questions or comments, please feel free to call me.

(bcc: Steve R Sim/RAP/FPL)

Subject: RFP/Generation Strategy Meeting, Friday, Nov. 2

The purpose of our meeting this Friday will be to discuss our strategy in responding to the bids received addressing our RFP, as well as the longer-term generation strategy. Tomorrow, I will be forwarding materials to you that include a proposed strategy, and the latest results we have from analysis of the RFP responses and the preliminary estimates for FPL projects.

I have to caution everyone that we will not have a proposed short list of bidders or anything approaching a final result of the analyses. The form of the bids resulted in nearly 80 combinations of pricing and terms, and we are still looking at all of the possible combinations. I am going to try and indicate what projects appear to be floating to the top, and give some indication of how our repowering and new combined cycle projects might stack up against them.

My intent is to develop a consensus on direction for our generation plan, i.e. do we want to build or buy, or a combination of both? What kind of projects do we want to be involved in? How long should we be buying for, if that is the choice? Should FPLE be involved in the projects? etc. While I will propose an approach, I am looking forward to a lively discussion given the many issues we identified at the last meeting.

If you have any issues or questions you would like to include in the meeting, please feel free to call me.

Exhibit No. _____

Sam Waters

To: Paul Evanson/EXEC/FPL@FPL
cc:
Subject: FPL's Need Determination Case

Paul -

In the course of preparing our filing for the Need Determination Case, we have become aware of flaws in the computer model we used to determine our answer. For example, the program rejected a plan that fell short of a 20% reserve margin in one year, although the shortage was less than 1 MW. We also have some differences in cost calculations for our units within the model. We stumbled upon these as we recreated our results and the history of analysis. Bottom line is we have found a new plan that is closer to the all FPL plan than what I presented to you and the management team earlier. It looks like we are going in with a case based on the FPL plan being break-even with a plan consisting of both FPL and non-FPL options. I don't know for sure yet because we need to get transmission numbers, which will be in middle of next week.

While this is personally discouraging because of all the effort put into the analysis, I still believe we have a strong case, and we should get approval for Martin and Manatee based on the facts of the case. I don't like last minute changes any more than you do, but better we catch them now rather than during the discovery in the case. When I know the final damage, I'll let you know, but I didn't want to sit on this until all the work was done. Please call me if you would like to discuss.

Sam

Subject: Meeting with El Paso - Evaluated Cost

Paul: We summarized to El Paso, before FPSC Staff, 4 cost-related points. (1) Their bid was (already) not in the lowest cost combination, and again invited them to lower it; (2) By changing their proposal to a "contingent energy delivery contract" the plant availability they had been evaluated at was overstated, and an adjustment would result in a higher evaluated cost for their bid; (3) Now that they have clarified that the only pipeline that, with certainty, can deliver gas to Belle Glade is through FGT AND also NUI (a local gas distribution company) (Not Gulfstream), we now know that the cost of fuel to their plant would go up by at least 20 cents/MMBtu - that's an increase of at least 5% on ALL the fuel, and (4) the heat rate they sent us for the evaluation, which was supposed to be average over time, was the all-time best, which they estimate to be 3% lower than the average - here's another 3% increase we have to add to the evaluated cost of fuel. They only argued regarding point number (2). We told them we needed to adjust our economic evaluation with these new numbers - and any new numbers they give us by Monday - and will communicate to them our decision based on the new information. I can brief you in greater detail tomorrow. We agreed not to meet with El Paso tomorrow. Rene

Subject: Credit Ratings of Bidders and Ranking of Prior Bids

In preparation for Monday's meeting, attached is a file showing the current credit ratings of the developers who bid in response to our previous RFP. I have not yet found ratings for El Paso, Competitive Power Ventures or Tractabel. Our RFP carried a requirement that a bidder should be able to show a credit rating of BBB or better from 2 rating agencies, one of which must be Moodys' or S&P. If they cannot, then they are required to post additional security. At this time, Calpine, AES and Mirant do not meet the minimum requirements. We did not say they could not bid, only that they must address their deficiencies through additional security. However, this criteria would definitely weigh against them if they cannot show a reliable form of security.

The attached spreadsheet also shows roughly where each bidder's proposal(s) ranked by quartile in the previous analysis. You should also know that if AES is removed from the bidder's list, any project we select other than FPL would add at least \$100 million, NPV to costs. In other words, the one AES bid was really the only thing that made any alternative portfolio competitive.

bidderranking.x

Developer	Quartile	Moody's	S&P	
AES	1	Ba1	BB	Some proposals in quartile 2 and 3
PG&E	1	Baa2	BBB	
Calpine	1	B1	B+	Some proposals in quartile 2,3,4
Enron	2	Ca	D	
Reliant	2-3	Baa3	BBB	
Mirant	3	Ba1	BBB-	
El Paso	3			
Sempra	4	A2	A-	
CPV	4

APPENDIX 13

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Petition for Determination of Need for Proposed Electrical Power Plant in Martin County of Florida Power & Light Company

In re: Petition for Determination of Need for Proposed Electrical Power in Manatee County of Florida Power & Light Company

DEPOSITION OF MICHAEL GREEN

Tuesday, September 17, 2002
801 North Magnolia Avenue, Suite 210
Orlando, Florida 32803
12:33 p.m. - 2:20 p.m.

APPEARANCES:

- GABRIEL E. NIETO, ESQUIRE
Steel Hector & Davis LLP
215 South Monroe Street, Suite 601
Tallahassee, Florida 32301-1804
JOSEPH A. MCGLOTHLIN, ESQUIRE (telephonically)
McWhirter, Reeves, McGlothlin, Davidson, Decker, Kaufman & Arnold, P.A.
117 South Gadsden Street
Tallahassee, Florida 32301
BILL HOLLIMAN, ESQUIRE (telephonically)
Moyle Flanigan Katz Raymond & Sheehan, P.A.
118 North Gadsden Street
Tallahassee, Florida 32301

(Note: There could have been various other parties participating telephonically that did not announce their appearance during the proceedings.)

Thereupon, MICHAEL GREEN
Having been first duly sworn or affirmed was examined and testified as follows:

DIRECT EXAMINATION

BY MR. NIETO:
Q. Can you please state your name for the record.
A. Michael Green.
Q. And what's your present business address, Mr. Green?
A. 1049 Edmondson Place, Longwood, Florida. 32779 is the Zip code.
Q. Have you ever had your deposition taken before?
A. Yes.
Q. How many times?
A. Two, I think.
Q. Just tell me briefly what the subject matter of the cases were.
A. They all pertained to the Duke New Smyrna Beach power plant applications in Florida.
Q. You've probably heard this before, but as we go forward, if I garble a question or mess a question up, or you don't understand what the question was, feel free to ask me to repeat it. I'll be glad to repeat it or restate it or clarify any issues.

EXHIBITS

Exhibit No. 1.....37
Exhibit No. 2.....66

As we go forward, if the question calls for a yes or no answer, if you can, I'd appreciate you answering yes or no, or whatever explanation you'd like to give.
And certainly, if you need a break at any point in time, just let me know and I'll be glad to accommodate you.
MR. MCGLOTHLIN: You need to speak up for me a little bit, please.
Q. I sure will, Joe. I'm sorry.
Could you give me a brief overview of your educational background?
A. I got a bachelor of science degree, civil engineering, University of Tennessee.
Q. Any post-graduate work or graduate school?
A. No.
Q. And where are you currently employed?
A. Currently, I've started a small consulting company called Michael Green Consulting.
Q. Could you give me an overview of your employment history from the time that you received your bachelor's degree? First of all, when was that? What year was that?
A. I graduated in 1972.
Q. Could you give me just the high level summary of your employment history from '72 forward?
A. Yes.

1 Q. Go ahead.
 2 A. It's 30 years.
 3 Q. I don't need to know every single position.
 4 A. It's all with Duke Energy. I went with Duke
 5 Energy upon graduation. I spent probably 15 years in
 6 design engineering designing steam-powered power plants,
 7 nuclear, coal, natural gas, as well as some hydroelectric
 8 facilities.
 9 I became involved in strategic planning for Duke
 10 Energy. I helped craft the merger with Pan Energy when
 11 Duke Power merged with Pan Energy, perhaps -- what was
 12 that -- five, six, seven years ago.
 13 I became involved with Duke's position on
 14 wholesale and retail competition about that same time
 15 frame. I gave testimonies in North and South Carolina
 16 forums.
 17 I held several other positions between all those,
 18 I guess. I was asked to come down and open Duke's offices
 19 in Florida in 1988, which I did. And I remained in
 20 Florida as Duke's vice president and general manager of
 21 Florida operations from 1998 until June 30, 2002, at which
 22 time I took an early retirement.
 23 Q. Okay.
 24 Let's go back over the general job descriptions.
 25 How long would you say that you were involved in

1 called with Duke, the chairman and his staff, on what is
 2 the strategic direction of the corporation. And once that
 3 direction has been established by the policy committee, to
 4 help implementation plans to go down that strategic
 5 direction.
 6 Q. Is it fair to say that's a fairly high level
 7 position you were involved in -- strike that.
 8 I'm just trying to get a feel for how detailed
 9 the position would be as strategic planning would be.
 10 Would it be just looking at things on a company-
 11 wide basis, or would you go down to a specific project
 12 level and review or make recommendations?
 13 A. Both.
 14 Q. What were your responsibilities from the time
 15 that you opened Duke's Florida operations until the time
 16 that you left in June of 2002?
 17 A. I was vice president for business development and
 18 operations for Florida for Duke Energy North America,
 19 which is the merchant generation arm of Duke.
 20 Q. You were in charge of basically all of Duke's
 21 generating projects in Florida?
 22 A. I'm in charge of finding business opportunities
 23 for Duke Energy North America in Florida.
 24 Q. Now, during that time that you were employed with
 25 Duke, you also had a position with Pace, correct?

1 designing steam and nuclear power plants?
 2 A. Fifteen to twenty years.
 3 Q. Did any of them involve combustion turbine power
 4 plants or were they just steam electric?
 5 A. Mostly steam electric.
 6 Q. How about strategic planning, how many years
 7 there?
 8 A. Three or four.
 9 Q. And you said from 1998 forward you were involved
 10 in Florida --
 11 A. In business and development for Florida.
 12 Q. In the time -- does strategic planning overlap
 13 there at all or is that --
 14 A. No. I think -- I said high level would be --
 15 I spent three years -- I was vice president of the group
 16 called corporate accounts between design engineering and
 17 strategic planning. That was going around trying to find
 18 large national customers that Duke might serve.
 19 Now, there probably was overlaps in some of those
 20 jobs, strategic planning and the corporate accounts.
 21 There probably was some overlap, yeah.
 22 Q. And can you just give me the definition of
 23 strategic planning? What would you generally be
 24 responsible for in that position?
 25 A. Coordinating with the policy committee as it's

1 A. Yes.
 2 Q. How long did that last? Just give me a time
 3 frame from beginning to end.
 4 A. Pace was formed in -- last year, 2001. I don't
 5 know the exact date. So I came to Florida in 1998 and
 6 Pace was formed in 2001.
 7 Q. Did you have any relationship with Pace before it
 8 was formed, any precorporation or any preformation stages
 9 of it?
 10 A. I can't have a relationship with something that
 11 doesn't exist so --
 12 Q. Were you involved in the founding, I guess is the
 13 question?
 14 A. Yes, I was involved in founding Pace, yes.
 15 Q. And are you still -- do you still hold a position
 16 with Pace?
 17 A. Pace has hired me now that I've retired to act as
 18 their executive director.
 19 Q. Did you take on the executive director position
 20 after you left Duke on June 30, 2002?
 21 A. I took it after I left Duke, yes.
 22 Q. Was there some gap?
 23 A. Yes.
 24 Q. What was your role with Pace from the time it was
 25 formed in 2001 until the time that you became executive

1 director?

2 MR. MCGLOTHLIN: Let's go off the record.
3 I'm going to have an objection, but I want to see what
4 counsel's purpose is in this line of questioning.

5 MR. NIETO: I'm just trying to get general
6 background. Just seeing what his relationship is to
7 the various parties at this point. I don't really
8 have any follow-up to this question at this point,
9 although I will ask some other Pace-related questions
10 later on.

11 MR. MCGLOTHLIN: Well, we may have to talk
12 about that.

13 My understanding is that this deposition was
14 noticed because of plaintiff's intent to call
15 Mr. Green as a witness.

16 MR. NIETO: It was, but, you know --

17 MR. MCGLOTHLIN: He's not here in his
18 capacity as an employer of Pace.

19 MR. NIETO: And I'm not asking him questions
20 in that capacity. I'm only asking him questions to
21 the extent that he has knowledge of issues, and if
22 they relate to Pace, they relate to Pace.

23 I mean, he's being called as a witness and I
24 think all of these issues are relevant.

25 But that's my last question in this line and

1 I believe, but I think that's the term they used. They
2 acted as executive director, Public Strategies, Inc.

3 Q. Do you consider yourself to be an expert in any
4 area of utility operations?

5 A. In which area?

6 Q. Well, I'm asking whether you consider yourself an
7 expert in any area.

8 A. Yeah, I consider myself an expert in electric
9 plant operation, regulatory legislative issues regarding
10 power generation, especially in Florida. I consider
11 myself an expert on many of the economic parameters of
12 power generation.

13 Q. Do you consider yourself an expert on the
14 economic analysis of power supply options?

15 A. Yes, I do.

16 Q. Have you ever conducted an economic analysis of
17 what power supply options for a purchaser?

18 A. No, I have not.

19 Q. Have you ever used an economic modeling tool,
20 such as a GS or Promod?

21 A. No, I have not.

22 Q. What's the basis for your expertise in that area?

23 A. Most recently, the last four years of evaluating
24 business opportunities in Florida with municipalities
25 industrial utilities and cooperatives in evaluation of

1 we can deal with the other issues later when we get to
2 them. That's probably the most expedient way to
3 handle it.

4 THE COURT REPORTER: Who was that talking?

5 MR. MCGLOTHLIN: That was Mr. McGlothlin.

6 THE WITNESS: Can you repeat the question?

7 (The court reporter read back the requested
8 question.)

9 THE WITNESS: I was elected Chairman of Pace
10 after the formation in 2001. And I served as chairman
11 until I resigned that position. I think it was
12 effective May of 2002. I'm not too sure about the
13 exact date. But a month or two prior to my
14 resignation from Duke.

15 BY MR. NIETO:

16 Q. Just to tie this up.

17 Was somebody else executive director during that
18 period or was that a position created recently?

19 A. Let's see. There was a position -- well, I'm
20 trying to think.

21 Q. I just want to know if there was an actual
22 person.

23 A. No. There was not an actual person. Public
24 Strategies, Inc., a consultant, was -- I guess had the
25 role of interim executive director, I believe. And I say

1 potential responses to bids to those entities.

2 Q. Evaluation of potential responses to bids to
3 request for bids or --

4 A. Both, request for proposals that were issued, as
5 well as proactive discussions with entities to see if
6 there's some business opportunities.

7 Q. Could you give me a brief overview of what the
8 evaluation process was that was used in those instances?

9 MR. NIETO: I don't like to interrupt, but
10 I'm having to strain to hear you, Dave.

11 Q. I'm sorry. I stepped back from the microphone.

12 The question was whether he could give me just a
13 brief overview of the analysis process employed in the
14 examples that he cited.

15 A. I'm a little hesitant, because the parties with
16 which we dealt is confidential, so --

17 Q. I'm not asking you to divulge any confidential
18 information. I just want the high level tour of the
19 process.

20 A. In my three or four years here in Florida, we
21 evaluated the forward price curves of what we saw as
22 energy and capacity would be in Florida. How various
23 types of generation assets would fit into a supply stack.
24 What their projected run hours would be. What their -- if
25 looking at older equipment for potential purchase, what

1 their reliability concerns might be, what their
 2 maintenance concerns might be.
 3 Q. Did any of this involve a comprehensive system
 4 wide analysis to determine which of several power supply
 5 options would be the most cost effective for utility?
 6 A. No. As I said, I was not on the buying -- I
 7 mean, I was not on the --
 8 Q. You were never on the purchasing side.
 9 A. I was on the other side of the equation.
 10 Q. Okay.
 11 A. I had nothing to sell.
 12 Q. Have you ever developed or had a hand in
 13 developing a request for proposals?
 14 A. No.
 15 Q. Have you ever developed or had a hand in
 16 developing a bid in response to an RFP?
 17 A. Yes.
 18 Q. Can you give me some examples of --
 19 A. I participated in FPL's original RFP, the
 20 evaluation of that and Duke's responses to that, and
 21 several others in the State of Florida, but I won't
 22 divulge who they are. They were not FPL.
 23 Q. In those examples that you cited, and I realize
 24 you don't want to divulge the names, but in those
 25 examples, did you ever have occasion to discuss what the

1 A. Not that I remember.
 2 Q. When did you first become aware of FPL's initial
 3 RFP in this matter?
 4 A. Early in 2001.
 5 Q. You stated that you had, in fact, worked
 6 formulating a response for Duke to that initial RFP,
 7 correct?
 8 A. I worked with the Duke folks in formulating a
 9 response.
 10 Q. Would it be fair to say that you remained
 11 involved, or at least in the monetary role, throughout the
 12 process of the initial RFP from the time -- to the time
 13 FPL went and issued a supplemental RFP?
 14 A. Yes, I stayed involved.
 15 Q. Were you aware of the -- when did you become
 16 aware of the filing FPL's need petitions?
 17 A. I guess it was soon after they awarded the self-
 18 build option.
 19 Q. Would it be fair to say that you became aware of
 20 the filing of the petition shortly after that filing
 21 occurred?
 22 A. Yeah.
 23 Q. Did you have any discussions with FPL -- let's go
 24 back and talk about just the initial RFP, and then we'll
 25 talk about the second RFP.

1 purchasing utility of the terms of the RFP are to
 2 negotiate terms?
 3 A. Yes.
 4 Q. Could you give me, without divulging the names,
 5 just an overview of what occurred?
 6 A. Well, we had opportunities to discuss the terms
 7 of the RFP with several parties.
 8 Q. Was that because you took exception to some of
 9 the terms that were in the RFP, didn't agree with them?
 10 A. I would call them up and ask some questions about
 11 clarity and things like that.
 12 Q. Were those questions answered to your
 13 satisfaction?
 14 A. For the most part, yes.
 15 Q. Have you been qualified as an expert by either
 16 the Florida commission or any other commission?
 17 A. Yes, I believe was in the need determination case
 18 for Duke New Smyrna Beach in the public service
 19 commission, and perhaps for the site certification
 20 application process for that same facility.
 21 Q. Do you recall what the subject matter of your
 22 testimony was in the Duke New Smyrna application?
 23 A. I don't remember exactly.
 24 Q. Any other instances where you would have been
 25 qualified as an expert?

1 Did you have any discussions with FPL regarding
 2 the initial RFP?
 3 A. Not prior to our submitting -- not prior to Duke
 4 submitting our letter in response to the RFP. I did not
 5 have any. I think some of the Duke folks in Houston might
 6 have had a few conversations, but I don't know who they
 7 talked to.
 8 Q. Did you personally have any discussions with
 9 FPL after Duke filed its proposal?
 10 A. I had discussions with several of FPL's
 11 representatives in Tallahassee when I ran into them at
 12 various Tallahassee meetings.
 13 Q. Who did you speak to?
 14 A. Bill Walker. I'm trying to -- a lady that works
 15 for Bill Walker. I can't remember her name now.
 16 Q. Lorraine Adams perhaps?
 17 A. Oh, a couple people -- let me just say a couple
 18 people in Bill Walker's office.
 19 Q. How many conversations would you say there were
 20 all together with Bill Walker or his staff?
 21 A. Three or four.
 22 Q. What was the subject matter?
 23 A. Primarily my questions of Bill on -- some of it
 24 was timing of submittals. Some of it was questions about
 25 what some of the conditions are. That's about all I can

1 remember.

2 Q. What was your question regarding the timing of

3 the submittal? I don't understand that.

4 MR. MCGLOTHLIN: I can't hear the question.

5 MR. NIETO: I asked him to clarify what his

6 question was regarding the timing of the submittals.

7 THE WITNESS: It had to do with Duke's

8 anticipated response to the RFP. Whether the response

9 of Duke was going to provide whether that would fall

10 within the same timing sequence as what was published

11 in the RFP.

12 BY MR. NIETO:

13 Q. And you weren't sure specifically when you had to

14 file. Is that fair?

15 A. Yes.

16 Q. Did he clarify that point to you?

17 A. Yes.

18 Q. And what were your other questions? It seemed

19 like they were technical question, but I want to make sure

20 I understand exactly what they were.

21 A. I don't remember all of them. I expressed a

22 couple of -- asked a couple of questions on some of, I

23 guess, terms or conditions that were in the RFP for

24 clarity.

25 Q. Do you recall which terms you had questions on?

1 A. I don't remember them all. I think -- I do

2 remember one of the questions that I asked was keeping the

3 bid open for 365 days or 395 days, whatever it says in the

4 RFP. I expressed -- I thought that was sort of a lengthy

5 time to keep a bid open in this uncertain market.

6 Q. Do you recall a response?

7 A. I don't recall the response. I'm not sure I got

8 a response. I think he listened to my expression of

9 concern.

10 Q. When you asked your question regarding the 365

11 days, did you suggest an alternate amount of time?

12 A. No, I did not.

13 Q. Do you recall any other discussions with FPL

14 personnel regarding the initial RFP?

15 A. I don't remember the specific questions I asked.

16 Like I said, I talked to them two or three times, maybe

17 four, and it was generally just discussing some of the

18 terms of the RFP. I can't remember which ones they were

19 now.

20 Q. When would you say that these discussions

21 occurred, if you can give me a general time frame?

22 A. Sometime after the RFP was issued and prior to

23 Duke's response to the RFP, and that's -- I don't -- over

24 a couple of months. First or second quarter of 2001,

25 probably. Maybe later than that even. I don't remember

1 specifically, but between those two events.

2 Q. They all occurred prior to Duke's response?

3 A. Yes.

4 Q. And obviously they would of had to occur after

5 the RFP was issued.

6 Did you have any similar discussions regarding

7 the supplemental RFP after it was issued?

8 A. No.

9 Q. With regard to either phase of the RFP process,

10 do you recall drafting or having a hand in drafting

11 written questions to FPL?

12 A. No, I did not.

13 Q. And you stated that you had an opinion -- that

14 you expressed an opinion as to the 365-day period with

15 regard to the initial RFP.

16 Did you form any opinions about any other terms

17 in the RFP in that time frame?

18 A. Yes, I did.

19 Q. Which terms?

20 A. Several terms in additions in there.

21 Q. Could you give me some examples?

22 A. Yeah. I'm trying to think of them.

23 Fifty thousand dollar a day penalty per megawatt.

24 Security of completion. I guess they called it a binder.

25 And the rights of FPL to call all of that down if the

1 bidder was one day late on his project. That caught my

2 attention.

3 Q. Did anything else catch your attention?

4 A. The vagueness of several terms and conditions in

5 there relative to allowing FPL to terminate any awarded

6 contract that were outside of the bidder's control. It

7 made it extremely difficult, I think, on the bidder to

8 assess that risk and reflect that risk in its bid.

9 Q. Anything else that you can recall?

10 A. Those are probably a couple. If I sat there and

11 went over the RFP again page by page I probably could

12 think of some others, but that's off the top of my head.

13 Q. What made it difficult to assess risk with

14 respect to the termination provisions, to use your term?

15 A. Not so much made it difficult to assess the

16 risks, but it made it impractical to come up with a very

17 competitive bid when you've got to add in perhaps 30

18 million dollars of potential penalty if your one day

19 late.

20 For a bidder to win, a bidder must look at his

21 financing of the project. And financing could depend on

22 the revenue stream from a contract.

23 If the risk is out there, that the investor on

24 the utility will terminate the contract when some

25 legislative or regulatory action may occur any time within

1 the 25 years, or whatever the term of the bid was made
 2 the financing of a proposal extremely difficult.
 3 Q. Was your concern -- is it fair to say that your
 4 concern was based primarily on the provision in the
 5 initial RFP that allowed termination for legislative
 6 restructuring of the electric market?
 7 A. That and the regulatory out if the PSC did not
 8 award full recovery of all costs.
 9 Q. Did you raise either of those concerns during the
 10 legislative provision or the regulatory out provision to
 11 your term again with FPL?
 12 A. I did not.
 13 Q. Did you -- well, did anybody from Duke raise
 14 those issues?
 15 A. I believe people from Duke in the energy trading
 16 group had some discussions with some people in FL&P, but I
 17 don't know who they contacted in FPL.
 18 Q. You were not involved in that?
 19 A. I was not.
 20 Q. Do you know if anybody from Duke raised the issue
 21 regarding the completion security?
 22 A. I don't know.
 23 Q. Again, you were not involved in that?
 24 A. (The witness nods head.)
 25 THE COURT REPORTER: I'm sorry, was that a

1 365-day provision?
 2 A. No, I did not have concerns about that as bad. I
 3 mean, I can't remember what the supplemental RFP says
 4 right now, but I don't think it was 390 days or 365. At
 5 the time I think it was 120 days. And that's more
 6 consistent with what I think is industry practice on
 7 RFP's.
 8 Q. So that alleviated your concern?
 9 A. It alleviated my concern somewhat on that one
 10 issue, yes.
 11 Q. Do you believe it should have been even a smaller
 12 number?
 13 A. Ninety days I thought would have been more
 14 realistic, but 120 is not bad, quite frankly.
 15 Q. Did the second RFP alleviate your concern
 16 regarding the completion security?
 17 A. Not totally, no.
 18 Q. Not totally. How did it alleviate it?
 19 A. Still some vague terms in there that the bidder
 20 was still at risk of not being able to count on a contract
 21 revenue stream as it determined its financing
 22 possibilities in my mind.
 23 Q. For right now I want to focus just on the
 24 completion security, which was the \$50,000 a day
 25 security. And that provision was changed in the second

1 no?
 2 A. No. I'm sorry.
 3 Q. Nodding doesn't come across real well on the
 4 transcript.
 5 Actually, you need to answer the question.
 6 A. No.
 7 Q. Did you have an occasion to review FPL's
 8 supplemental RFP?
 9 A. Yes.
 10 Q. Were the three issues you identified -- well,
 11 let's go one by one.
 12 Was the issue of the 365 days addressed at all?
 13 A. I believe it was, yes. It was lessened. In my
 14 term, the harshness of that condition was lessened in the
 15 supplemental.
 16 Q. At the time that you saw the supplemental RFP,
 17 did you form an opinion as to whether or not the change
 18 was reasonable or whether it -- strike that.
 19 Did you form an opinion as to whether the change
 20 addressed your concern?
 21 A. I formed an opinion that the supplemental RFP
 22 changed some of the concerns I had, but not all of the
 23 concerns I had.
 24 Q. Well, after reviewing that RFP document, did you
 25 still have the same concern with regard to the -- was a

1 RFP, and I'm wondering whether that alleviated your
 2 concern. We can talk about the termination provisions in
 3 a second.
 4 A. It did not -- the \$50,000 security binder was
 5 lowered, I think, to \$330 dollars per megawatt per day.
 6 In the supplemental I don't -- it comes out to be -- for
 7 the Duke plant that we were proposing is a little bit more
 8 than -- it was approximately a quarter million dollars a
 9 day. That was still a fairly hefty penalty. And so my
 10 concern was not totally alleviated, no.
 11 Q. And with regard to the -- well, before I get to
 12 that point, did you form an opinion at or about the time
 13 that you saw the second RFP document?
 14 A. Yeah. I didn't know the changes until I saw the
 15 second RFP document. It was at the time I saw the second
 16 RFP document.
 17 Q. Now, the legislative out provision dealing with
 18 the restructuring of the electric market, I assume --
 19 correct me if I'm wrong -- your concern was alleviated
 20 there?
 21 A. I'd have to go back and look at the RFP. I can't
 22 remember what the supplemental RFP said. I can look at it
 23 if you want me to, but I don't --
 24 Q. Well, I'm really trying to get a feel for what
 25 your opinion was at the time that you saw the document

1 more than anything else, but we can get to that in a
 2 second. If you don't recall, you don't recall.
 3 A. I don't recall.
 4 Q. Do you recall any opinion as to the regulatory
 5 out, the provision dealing with cost recovery at the time
 6 you saw the second RFP document?
 7 A. Yeah. The second RFP document improved upon the
 8 original RFP, in that it allowed for a non-payment of the
 9 amount, whatever the PSC would not approve or put them in
 10 -- whatever you call them. And that was clearly better
 11 than the original, but still it's a risk that the bidder
 12 has to assume when he presents its -- you know prepares
 13 his pricing bid, because it's -- the PSC's authorization
 14 of recovery is fairly out of the bidder's control.
 15 So it's a risk that must be recognized with
 16 assumptions of what that risk is.
 17 Q. Do you consider leaving that risk in existence to
 18 be reasonable?
 19 A. Rephrase that. I'm sorry.
 20 Q. Let me rephrase it.
 21 Did you consider the version in the second RFP to
 22 be commercial and reasonable? And again, just strictly
 23 with regard to the cost recovery provision.
 24 A. My experience, I had seen cost recovery which
 25 would just talk about replacement energy cost and not fix

1 owned utility, or the municipality, or whatever else, kind
 2 of bears that risk. The industrial-owned utility bears
 3 that risk. So I've seen it both ways.
 4 Q. Based on the discussion over the last few
 5 minutes, is it fair to say that you had formed several
 6 opinions regarding the second RFP document at or about the
 7 time you saw it? In other words, the opinions we've been
 8 discussing --
 9 A. I formed an opinion on the second one just like I
 10 formed an opinion on the first one.
 11 Q. At or about the time you saw the document?
 12 A. And following seeing the document, and following
 13 discussions with the rest of the Duke folks in Houston and
 14 Charlotte. We kind of collaborate on how Duke will and
 15 will not respond both to the initial supplemental RFP.
 16 So, yeah, I formed opinions on both of them after they
 17 were issued.
 18 Q. When did those discussions occur with the Duke
 19 folks?
 20 A. On the initial one, it was following the issuance
 21 of the initial RFP up until Duke's response to Florida
 22 Power & Light, which was on or before the due date of
 23 responses.
 24 The second round of discussions was after the
 25 supplemental was issued and ensued probably for two or

1 a number for it. Some days energy may be very cheap.
 2 Some days it may be very expensive.
 3 So I had questions about where the number came
 4 from. And other RFP's that I'm familiar with would talk
 5 about if the bidder's plant is not available or whatever
 6 else, then, you know, they are responsible for replacement
 7 energy or capacity.
 8 Is that your question or --
 9 Q. No, it wasn't. That was actually a separate
 10 question. I wasn't asking -- your answer, just to
 11 clarify, was related to the issue of the completion
 12 security of \$330 a megawatt, if I understood correctly.
 13 A. Right.
 14 Q. I had essentially the same question with regard
 15 to the provision regarding whether the PSC allows cost
 16 recovery. And we were discussing a second ago, which is
 17 whether or not -- what happens when a portion of the
 18 contract, let's say, is not allowed the cost for
 19 recovery.
 20 And my question was, whether you thought that was
 21 a commercial and reasonable term as it was relating in the
 22 second RFP document?
 23 A. As it was written in the second RFP was more
 24 reasonable, I guess. I have seen similar statements in
 25 some RFP's. I've seen some RFP's where the industrial-

1 three weeks before Duke decided they would not submit a
 2 response to the second RFP.
 3 Q. To the extent you know, what was Duke's reason
 4 for not responding to the second RFP?
 5 A. Probably twofold.
 6 First, the conditions were still somewhat
 7 onerous, though not as onerous as the initial RFP. And
 8 the self-build costs, we still assume -- we still thought
 9 were -- we were very skeptical about how low the self-
 10 build costs were given what our plants cost in the
 11 marketplace today.
 12 Those two factors led us to the decisions and not
 13 bid on the second RFP at all.
 14 Q. When you say you were skeptical as far as the
 15 cost of the self-build options, am I correct in assuming
 16 that that also means that Duke felt it was not in a
 17 position to propose a bid that would be lower than those
 18 self-build costs, putting aside the issue of whether you
 19 think the costs were reasonable or not?
 20 A. Duke elected not to bid on the second RFP,
 21 because given the conditions that had to be reflected in
 22 the bid that Duke would have had to prepare, and the fact
 23 that the self-build comparison costs were so much lower.
 24 I think Duke made -- we made the decision that Duke would
 25 be -- it would be a bad business decision to spend \$10,000

1 to submit a bid with those conditions and those extremely
2 low self-build, and what I would call, unrealistic self-
3 build construction costs.

4 Q. Let me ask you on that subject, do you consider
5 yourself to be an expert on construction cost estimating
6 as it relates to power plants?

7 A. Yes.

8 Q. Have you ever compared a construction cost
9 estimate?

10 A. Yes.

11 Q. How many times?

12 A. Two or three.

13 Q. What kinds of plants were those?

14 A. Combine cycle, two-in-one combined cycle without
15 duck firing, two-in-one combined cycle with duck firing,
16 coal plants, hydroelectric pump storage and run-of-the-
17 river hydroplanes.

18 Q. And what was it that made Duke believe that the
19 construction cost estimates were unrealistic?

20 A. Duke's history of building plants in 21 states
21 around the country and our understanding of what it takes
22 to build plants based on what the cost of the machinery
23 is, cost of transmission upgrades, the various cost
24 elements that go into it.

25 Plus, I think the very same week that Florida

1 believes should be the per KW price of energy, is there
2 any other basis that you're aware of for believing that
3 FPL's cost estimates were unrealistic?

4 A. I looked at the cost estimates for Florida Power
5 & Light had in their ten-year site plans that were issued
6 in '01, which I think is what I had to work with on the
7 first RFP.

8 If I remember right, Greenfield combined cycle
9 plants were on the -- anywhere from \$600 and \$900 per kw
10 That's FPL's ten-year cycling numbers. I can't remember
11 if that was direct cost or if that included AJDC [sic],
12 but it was numbers in the ballpark.

13 Then when I saw numbers that were \$360 or \$411,
14 which I think are the two self-build options I remember in
15 the initial RFP, I was very skeptical.

16 Q. Is it fair to say that you were skeptical
17 regarding the estimates, but you can't point to anything
18 specific other than your general knowledge of what you
19 believe the prices should be?

20 A. I don't know what FPL's detailed cost estimates
21 are. I do know what it takes to build power plants in
22 Florida since I have bid on several. And I was extremely
23 surprised of how low the self-build costs were.

24 Q. The costs you were using for comparison were
25 Greenfield. Is that correct?

1 Power & Light awarded itself the self-build option -- I
2 can't remember the costs that they awarded it to
3 themselves, but I want to say it was approximately \$400
4 per kw.

5 At the same time, Florida Power Light and Energy
6 came out with their financing for their unregulated
7 Johnson Rhode Island facility which was \$750 a kw. And I
8 was skeptical that the regulated arm of Duke or of Florida
9 Power & Light was going to build a plant 50 percent
10 cheaper than the unregulated arm of Florida Power & Light.

11 Q. As you sit here today, is there any specific
12 portion of the estimate or -- strike that.

13 Is there anything specific that you can point to
14 that you believe is unreasonable?

15 A. No. I don't know FPL's detailed cost estimates.
16 All I see is file direct cost AFUDC [sic] and transmission
17 interconnection costs that are reflected either in the
18 ten-year site plans or I guess now in the need
19 determination document.

20 Q. Was there ever an attempt by you or anybody that
21 you were affiliated with to create an alternative estimate
22 using similar equipment to see what that would cost? I'm
23 just exploring what the basis for -- strike that. That
24 was another garbled question.

25 Other than the general comparison which Duke

1 A. Ten-year site plans of Florida Power & Light had
2 both conversion costs for some of their facilities, as
3 well as, I believe, what they call unsited Greenfield
4 facilities.

5 Q. Have you seen a copy of the notice of
6 deposition?

7 A. I'm sure you have it. If you'll show it to me.

8 Q. Yeah, I can show it to you. I'm just going to
9 mark this as No. 1.

10 A. Yes, I have.

11 (Exhibit No. 1 was marked for identification.)

12 BY MR. NIETO:

13 Q. Let me show you what has been marked as Exhibit 1
14 to your deposition, which is a copy of the notice of
15 taking deposition duces tecum.

16 Do you have with you any documents that relate to
17 either Question A or Question B at the bottom of the first
18 page?

19 A. I brought with me several documents. One of
20 which is what you just showed me. One of which -- I also
21 have two of these subpoenas from CPB, and I believe
22 Florida Power & Light. I have a copy of the supplemental
23 RFP. I have the first book of the need study for Martin
24 and Manatee. I have two ten-year site plans with FPL 1999
25 and 2000. I've got the original RFP. And I have a press

1 release relative to that Rhode Island plant. The rest is
2 my shopping list for my wife.

3 Q. And these are the entire -- of documents that you
4 just cataloged for us that you brought in response to the
5 deposition notice, correct?

6 A. Yes.

7 Q. Were any of those documents provided to you by
8 CPB?

9 A. By CPB, no.

10 Q. Were any provided by Pace?

11 A. No.

12 Q. I assuming that they all relate to Question B,
13 which is copies of documents relied upon in preparing your
14 testimony in this proceeding?

15 A. Yes.

16 Q. Did you review anything else in preparing for
17 this case other than the documents that you brought with
18 you?

19 A. No.

20 Q. Has anything been provided to you by CPB at all?

21 A. No.

22 Q. Anything by Pace?

23 A. No.

24 Q. Do you intend to develop any documents for use in
25 this hearing?

1 A. I told him that I would have to check with Duke
2 Energy since I -- since I'm a retiree and I have certain
3 obligations to Duke based on my retirement package I
4 received. I must get notification from Duke or get
5 approval from Duke, I guess is the right word.

6 Q. Did he specify which portions of the RFP he was
7 referring to when he asked whether you had an opinion?

8 A. No. It was a pretty broad discussion about
9 whether I had -- whether I would be willing to testify on
10 it, really.

11 Q. Did you have any opinions that you expressed?

12 A. I didn't express them to him. I told him I have
13 opinions.

14 Q. And I assume you went back and discussed this
15 with Duke at some point.

16 A. Yes.

17 Q. Excuse me if I mischaracterize this correctly,
18 but when did you get the sign-off from Duke to testify in
19 the proceeding?

20 A. The final sign-off was probably -- I want to say
21 it was Wednesday or Thursday of last week by phone call
22 with one of the attorneys for Duke in Houston.

23 We have been having ongoing discussions, you
24 know, since approached by them up until Wednesday or
25 Thursday of last week.

1 A. No.

2 Q. I assume it's your intent to testify at the
3 hearing. Is that correct?

4 A. I've been subpoenaed to testify, therefore, it is
5 my intent.

6 Q. Prior to that subpoena being issued, did you have
7 any discussions with either Mr. Moyle or anybody else
8 representing CPB regarding testimony in this case?

9 A. Prior to when?

10 Q. Prior to receiving the subpoena.

11 A. Yes, I think Mr. Moyle and I -- I was at the
12 Florida Municipal Power Association, FMPA conference in
13 South Florida, and I don't remember the exact dates, but
14 --

15 Q. Tell me what month that was in.

16 A. I want to say May -- May or June, but again I'm
17 not real sure. It was early this summer.

18 Q. Was that the first time that you discussed
19 testimony in this case with Mr. Moyle?

20 A. Yes.

21 Q. What did you talk about?

22 A. Mr. Moyle I think -- he just basically asked
23 whether I had an opinion about the conditions of the RFP
24 and whether I would consider testifying.

25 Q. What was your response?

1 Q. Without telling me what you discussed with your
2 attorneys --

3 A. Dukes' attorneys?

4 Q. Or Dukes' attorneys. How long would you say the
5 discussions went on? I'm trying to get a feel for how
6 many discussions there were and when they occurred.

7 A. Three or four discussions, 30 minutes each spread
8 out over three weeks probably.

9 Q. So the first occurred sometime around May or June
10 after you spoke to Mr. Moyle?

11 A. No. I think the first of them occurred after I
12 received the subpoena from CPB, because I wasn't real sure
13 I was going to be asked to testify. I mean, we talked
14 about it, but I hadn't really gotten the formal subpoena,
15 quite frankly.

16 Questions with Duke' lawyers, attorneys, were
17 twofold. Number one, how did they feel about me
18 testifying. And secondly, do they want an attorney
19 present at the testimony.

20 Then when I received the subpoena from Florida
21 Power & Light for this deposition or a deposition, then I
22 again went back to Duke to see if they -- how they felt
23 about that and again if they want an attorney present
24 And I got the final word on both of those aspects last
25 week.

1 Q. During the time period from when you first spoke
2 to Moyle in May or June and the final sign-off Wednesday
3 or Thursday of last week, did you have any further
4 discussions with Mr. Moyle regarding this case?

5 A. Yeah. I think I talked to him on a couple of
6 occasions just -- quite frankly, I was asking him, are you
7 sure you want me to testify because I didn't want to.

8 Q. When did that occur?

9 A. I don't know exactly. Over the last -- I'd say
10 twice over the last three weeks maybe.

11 Q. If I have the time line correct -- if I'm wrong,
12 please correct me.

13 Sometime in May or June Mr. Moyle approaches you
14 about testifying. You then tell him that you've got to go
15 back to Duke. A fairly long period passes, and about
16 three or four weeks ago you have the first follow-up
17 discussion with Mr. Moyle on the topic of testimony. Is
18 that right?

19 A. I think that's right. I'm a little fuzzy on the
20 dates, but there's a fairly long gap in time between his
21 first -- and we might have talked once or twice when we
22 were in South Florida. I can't remember exactly. But
23 from those first couple of meetings they were about the
24 same time period, there's a large gap between that and
25 when we had further discussions about it. Because I

1 A. He has asked me if I read the RFPs, and I told
2 him, yes, I had. And he asked me if I had opinions of
3 them, and I said, yes, I did.

4 Q. Did he ask anything else in the three
5 conversations?

6 A. I don't think so. I don't remember anything
7 else.

8 Q. Have you discussed your testimony in this case
9 with any other party or any other parties' attorneys other
10 than Mr. Moyle?

11 A. I discussed the testimony with the Duke
12 attorneys. That's it.

13 Q. In that first discussion with Mr. Moyle, did he
14 ask you whether you'd be willing to write up and prefile
15 testimony in the proceeding?

16 A. It came up, and I can't remember if he asked me
17 and -- we talked about it and I told him again I wasn't
18 sure whether I could because I had to check with Duke.
19 I'm not sure he asked me directly -- the subject came up.
20 I just don't remember if he asked me that or whether I
21 asked the question if I got to file something. Because if
22 I'm going to go back to Duke, I needed to know that. I
23 can't remember if he asked me that first or whether I
24 brought it up myself.

25 Q. Did the subject ever come up whether if he did

1 didn't go back to Duke until I was pretty sure they were
2 serious about having testimony.

3 Q. And you say that Mr. Moyle asked you at that
4 first discussion whether or not you had any opinions.

5 Is it your understanding that you are going to
6 testify regarding your opinions as to the RFP documents?

7 MR. HOLLIMAN: This is Bill Holliman and I
8 represent Moyle Flanigan firm. I'm having a real
9 difficulty hearing the questions.

10 Q. The question was -- I'll repeat it to you or may
11 end up restating it, but either way.

12 The question was whether he had -- let me just
13 restate it.

14 At the first discussion with Mr. Moyle, you
15 stated that he indicated -- he asked whether you had
16 opinions regarding the RFP documents. And my question to
17 you is: Is it your understanding, based on your
18 conversations with Mr. Moyle, that your testimony will
19 relate to your opinions as to the two RFP documents?

20 A. Yeah. I don't know what he's going to ask me.
21 It's not -- he hasn't told me what he's going to ask me
22 yet, if that's your question.

23 Q. Well, has he asked you whether you have any
24 knowledge besides the opinions that were discussed at that
25 first meeting?

1 prefile testimony what the subject matter of that would
2 have been?

3 A. No.

4 MR. HOLLIMAN: This is Bill Holliman again.
5 You're fading really badly on your questions. Could
6 you please maybe speak more directly into the
7 microphone?

8 MR. NIETO: I'll try, Bill.

9 MR. HOLLIMAN: Thank you.

10 BY MR. NIETO:

11 Q. You stated that you had opinions, indicating
12 Mr. Moyle had opinions at that first meetings. Other than
13 the opinions that were already discussed, what were they?

14 We discussed some aspects of the RFP already.
15 I'm just wondering just in the last hour or so. And the
16 question is -- and I've garbled it somewhat -- is whether
17 or not you had any other opinions when you were referring
18 to your opinions to Mr. Moyle?

19 A. I had a lot of opinions. I did not pass them on
20 to Mr. Moyle.

21 Q. Well, the opinions you had, we've discussed the
22 365 days that became 120 days, the termination provision
23 both for legislative restructuring and for PSC cost
24 recovery and the completion security.

25 So the question will be whether or not in the

1 universal of opinions you had when you were discussing
2 testimony with Mr. Moyle, whether you had any other
3 opinions as to the RFP?

4 A. Let me make sure I clarify. I had opinions in
5 those. I also had opinions on what I thought were
6 unrealistic self-build costs. I don't believe I actually
7 shared all these opinions with Mr. Moyle.

8 Q. I understand. I'm trying to get your own sense
9 of what your opinions were on that date is really what I'm
10 asking.

11 A. My opinions on that date were as I've said, the
12 somewhat onerous conditions and unrealistic self-build
13 costs to summarize them.

14 Q. And just so we're clear, were there any
15 conditions that you considered onerous other than the ones
16 that I've listed a second ago, which would be the 365
17 days, to use that term again, legislative restructuring
18 provision, the cost recovery provision, and the \$2,000 a
19 day completion security which has been modified?

20 Feel free to take a look at the documents if
21 you'd like.

22 A. Yeah, I'm going to look at the document. I had
23 another issue, I guess, which I just would characterize it
24 as uncertainty of the evaluation criteria. A lot of words
25 in here, in the original RFP that says FPL may consider,

1 might there be?

2 I don't -- I won't go through the rest of them,
3 but there's several -- as you go through each page, there
4 are questions, vagaries of how the evaluation will be --
5 how the bids will be evaluated.

6 Q. And when you talk about -- using your term --
7 vagaries in the bid evaluation, I think you also discussed
8 uncertainty in the evaluation criteria.

9 Did I correctly take that to mean that you would
10 have had liked to have seen the criteria spelled out in
11 greater detail up front?

12 A. Yes.

13 Q. In your experience dealing with utility RFP's,
14 have you ever seen any that list every single evaluation
15 criteria?

16 A. No.

17 Q. Is it your understanding that bidders could have
18 taken exception to when you use the commercial term?

19 A. Yes. However, seeing that exceptions would be --
20 I think the original RFP said exceptions will be
21 penalized, I think are the words that are used.

22 Q. Did Duke ever ask for clarification as to what it
23 -- I believe the statement that -- including estimated
24 impact on cost of capital and you had some question as to
25 what that meant.

1 FPL might do this, but it's uncertainty on my part on what
2 would be the evaluated criteria, not what it may be or
3 what it might be. I had an opinion about that.

4 I was also very surprised that FPL had very
5 matter of factly eliminated the potential of a polling
6 agreement, which is a pretty standard practice.

7 I was concerned that the bidder would be
8 responsible for all future environmental regulatory costs.

9 I was somewhat concerned, and I can't find it
10 right now, but the requirement to notice in the newspaper
11 all options that would be bid in the local newspapers.
12 That seemed to be somewhat premature in the first round of
13 bids. And it seemed onerous on the bidder to have to do
14 that in my opinion.

15 I remember that on Page 21 of the original RFP,
16 Duke parties that were reviewing this, we didn't know what
17 the statement being under economic evaluation is said
18 including the estimated impact on FPL's cost of capital
19 associated with entering into a purchase power agreement.
20 We weren't too sure what that meant.

21 In the list of factors that might be considered
22 in the evaluation of bids they list, I think, 14, but they
23 say these are the factors which may be considered, but are
24 not necessarily limited to.

25 The question was asked, What other considerations

1 Did Duke ever ask for clarification on that
2 point?

3 A. I know I did not. I don't know if the people in
4 Houston did. I don't know.

5 Q. What did do you take that to mean?

6 A. I had no idea.

7 Q. Can you explain to me how the various items that
8 you've listed affect the decision as to whether or not a
9 unit is the most cost effective alternative available?

10 A. Ask the question again. I'm sorry.

11 Q. We've discussed the last serious of questions
12 several of the commercial terms in the RFP of the affect
13 of the bidders and so on.

14 And my question to you is simply for you to
15 explain to me how that impacts the determination of
16 whether one choice or another is the most cost effective
17 alternative for the purchasing utility and its customers?

18 A. I'm not sure I know how it affects the
19 determination of -- what makes it the most cost effective.
20 I do know it makes bidding extremely uncertain when the
21 conditions that place risk on the bidders -- conditions
22 that place risk on the bidders have to be reflected in the
23 bid price.

24 When there is uncertainties in the evaluation
25 criteria, bidders aren't real certain what it is that the

1 issue with RFPs are looking for, long-term, short-term,
 2 you know, do they have a preference.
 3 Q. Your question was whether or not I know how it
 4 affects the determination. I know how it affects the
 5 bidder in the preparation of a bid.
 6 Q. Your understanding, based on your knowledge of
 7 the RFP documents, that if a bidder submitted a proposal
 8 that was on its face more cost effective than the self-
 9 build alternatives, that there would be negotiations that
 10 ensued after it was selected.
 11 A. Yes.
 12 Q. And couldn't those negotiations address many of
 13 the issues that we've just discussed?
 14 A. Yes, they certainly could.
 15 Q. In your opinion, what are the risks to a
 16 purchasing utility from a purchase power agreement?
 17 A. I'm not sure I'm qualified to answer that. I
 18 never purchased.
 19 Q. Would you agree that a default by the selling
 20 utility imposing a risk on the purchaser?
 21 A. Common sense would tell me that would be a risk.
 22 Q. Did you ever have occasion to review any of the
 23 proposals to either RFP other than Duke's proposals?
 24 A. I'm sorry?
 25 Q. The question simply is whether any of the parties

1 no personal knowledge regarding FPL's construction cost
 2 estimates, correct?
 3 A. I have no knowledge of the detailed construction
 4 cost estimates, that's correct.
 5 Q. And you have no personal knowledge beyond
 6 documents that were provided to you in the context of this
 7 proceeding?
 8 A. Yes. I have -- yes.
 9 Q. You also have no personal knowledge as to what
 10 occurred in the short-list negotiations with respect to
 11 the second RFP, correct?
 12 A. I have no knowledge of what occurred in the
 13 short-list negotiations.
 14 Q. Do you have any knowledge regarding exceptions
 15 formally taken by any party to the RFP terms?
 16 A. I have no knowledge of those.
 17 Q. Is it fair to say that the knowledge that you do
 18 have with respect to this proceeding is all gleaned from
 19 the documents that you've been provided in the context of
 20 the case, either various RFP documents and your site
 21 plans, et cetera?
 22 A. Yes, in addition to the discussions that I've had
 23 with the Duke parties in preparation for our proposal.
 24 Q. And the Duke parties themselves, though, were
 25 forming opinions as to the documents they had reviewed.

1 provided you with their responses to either of the RFPs,
 2 or have you had occasion in any other context to review
 3 responses other than the one that you prepared for Duke?
 4 A. No, I've not seen any response other than Duke's
 5 response.
 6 Q. Am I correct in stating that --
 7 MR. MCGLOTHLIN: I can't hear the question.
 8 Q. Am I correct in stating that as you sit here
 9 today you can't point to a specific set of proposals that
 10 you believe is more cost effective than the two FPL self-
 11 build options?
 12 A. Yeah, I've not seen other proposals other than
 13 Duke's proposal, so I cannot say what would be more cost
 14 effective.
 15 Q. Mr. Green, am I correct in stating that you have
 16 no personal knowledge of how FPL developed its RFP,
 17 correct?
 18 A. I have no personal knowledge, no.
 19 Q. And you also have no personal knowledge as to how
 20 the proposals were evaluated by FPL beyond what you glean
 21 from the documents before you?
 22 A. Yeah, beyond what I've gleaned from these
 23 documents and perhaps need determination. I didn't bring
 24 all the need determination with me.
 25 Q. I think we've already established that you have

1 They didn't have any personal knowledge --
 2 A. Yes, you are correct.
 3 Q. Would it be fair to say that -- regardless of
 4 what questions you were asked at the hearing, anything
 5 that you testify to would be an opinion based on the
 6 various relevant documents?
 7 A. Yes.
 8 MR. NIETO: Let's take just a quick break, if
 9 we could.
 10 (There was a short break in the proceedings.)
 11 BY MR. NIETO:
 12 Q. Earlier in your deposition we discussed some of
 13 your initial concerns with the initial RFP, and then
 14 whether or not you thought that they were addressed in the
 15 second RFP. And I want to go back over a couple of issues
 16 when some new ones came to light in the more recent part
 17 of our discussion.
 18 First of which being tolling agreement. Is it
 19 your opinion that the second RFP document addressed the
 20 issue of tolling?
 21 A. I don't remember. I'd have to look. I can look
 22 if you want me to. I can't remember whether tolling was
 23 mentioned in there or not. I do remember in the initial
 24 RFP at least three times it said we would consider
 25 tolling.

1 Q. Let's get your opinions down. What I'd like to
2 do is for you to take a look through the second RFP to
3 familiarize yourself, and then we can discuss whether or
4 not you think these issues were addressed by FPL.

5 And while you're doing that, I'll ask you both
6 questions at once and you can look at them at the same
7 time.

8 The second would be whether or not you thought
9 that the evaluation criteria were better spelled out in
10 the second RFP as opposed to the first one?

11 A. In response to your first one, I do believe that
12 they dropped the prohibition, I would term it as, in the
13 original RFP on tolling. And I'm just going by on Page 10
14 of the original. It says, you may not assume that FPL
15 fuel will be used during the term. And that sentence is
16 dropped in the supplemental.

17 So my opinion is that FPL removed the prohibition
18 on tolling in the supplemental.

19 Q. Assuming that's correct, would that address your
20 concern?

21 A. It would address that one concern.

22 Q. That one concern, yes.

23 Do you have an opinion as to whether or not the
24 evaluation criteria were, in your opinion, better spelled
25 out in the second RFP document?

1 these, but these are criteria that they will use, I would
2 feel somewhat more comfortable.

3 The fact that even in the web site answers, the
4 words were used of "may," "might" and "could," rather than
5 "will".

6 Q. So if I understand your testimony correctly, you
7 feel that the list of criterias should be provided, but
8 that doesn't preclude necessarily the consideration of
9 whether a criteria had become relevant as the polls are
10 evaluated. Is that correct?

11 A. Yeah, it is my opinion, yes, that as much
12 certainty that the industrial-owned utility can offer on
13 the evaluation criteria should be provided such that they
14 can get the best bids at table.

15 Q. And if FPL had, in fact, utilized all the
16 criteria in the RFP document, would that alleviate your
17 concern?

18 A. Could you rephrase that? I'm sorry.

19 Q. Sure. Let me rephrase it.

20 You stated that your concern related to the fact
21 that the RFP document that FPL made utilized the following
22 criteria, and that you had a concern with it, maybe,
23 because you weren't sure whether or not they were going to
24 use those criteria.

25 And my question to is: If FPL had, in fact,

1 A. I don't believe the evaluation criteria was
2 spelled out much better in the second document.

3 In my opinion the supplemental RFP added one
4 evaluation of criteria to the list that was submitted in
5 the initial RFP, but still the words say factors, which
6 may be considered but not necessarily limited to the
7 following.

8 So in an answer to your question, I don't believe
9 there's much more clarity in evaluation factors in the
10 supplemental.

11 Q. In your participation in the initial RFP, were
12 you aware that FPL was maintaining a web site with
13 questions and answers?

14 A. Yes, I was aware of that.

15 Q. In your opinion, did the ability of bidders to
16 submit questions and have them answered, if you will,
17 alleviate the concern with respect to the evaluation
18 criteria?

19 A. No, that did not alleviate my concern of the
20 evaluation criteria, no.

21 Q. Other than having every single evaluation
22 criteria listed in the RFP document, what would address
23 your concern?

24 A. I guess if FPL would have said that we will use
25 the following criteria, but maybe not be limited to just

1 utilized every single one of those criteria in evaluating
2 proposals, would that alleviate your concern?

3 A. If the RFP said that they were definitely going
4 to use a certain list of criteria, and indeed that's what
5 they used, that would go a long way to alleviate my
6 concern.

7 But the fact that they said that they might and
8 that they did indeed use those, that does not alleviate my
9 concern. Plus, there's -- out of the 14 criteria listed,
10 there's no reflection of which is more important than the
11 others.

12 Q. So if I understand what you're saying correctly,
13 you would want the RFP to state some set of defined
14 criteria that will absolutely be considered, and then to
15 also have some type of a waiting system where this
16 criteria is worth 20 percent and this one is 30 percent,
17 et cetera.

18 A. Some sort of indication of how important the
19 various criteria that are going to be used are to the --
20 Florida Power & Light.

21 Q. What if they were all important?

22 A. Then state that.

23 Q. So essentially if FPL would have changed "may" to
24 "will," and add a sentence that said, "the following
25 criteria are all important," that would have alleviated

1 your concern. Is that correct?
 2 A. If they said that they were all equally
 3 important, that would alleviated my concern.
 4 You need to know how important "important" is.
 5 There are 14 of them there.
 6 Q. Do you have any basis to testify in this
 7 proceeding that any of CPB's proposals should have been
 8 selected?
 9 A. I don't have any knowledge of anybody's proposal
 10 other than Duke's.
 11 Q. Do you consider yourself to have expertise in
 12 utilities capital structure or utilities cost of capital?
 13 A. Not particularly. I'm aware of it and I can talk
 14 enough of it, but I would not consider myself the expert.
 15 Q. Who are Pace's current members?
 16 MR. MCGLOTHLIN: As I indicated earlier,
 17 Mr. Green is not here in the capacity of --
 18 (inaudible) -- of potential witness.
 19 MR. NIETO: Well, just to clarify, I'm not
 20 asking him to testify as a party or representative, or
 21 to take positions officially for Pace, but to the
 22 extent he has factual knowledge that may relate to
 23 Pace, I'd like to ask those questions. And that's the
 24 distinction I'm drawing. I'm not asking him to make
 25 any official announcements for Pace.

1 MR. NIETO: Why don't I ask the question and
 2 then at least we'll have them on the record and we can
 3 go -- we can evaluation these issues question by
 4 question. That may be the best way.
 5 And the first question was who are Pace's
 6 current members to your knowledge?
 7 THE WITNESS: And I'm going to answer that
 8 question. Calpine (phonetic) Corporation, Merit,
 9 Competitive Power Adventures, Constellation Energy,
 10 National Energy Group, Reliant.
 11 Is that six?
 12 BY MR. NIETO:
 13 Q. That is six, yes.
 14 Is an affiliate of PG&E, or Pacific Gas &
 15 Electric, a member at this point?
 16 A. That is National Energy Group. Yes.
 17 Q. Were all six of these members founding members of
 18 Pace?
 19 A. No.
 20 Q. To your knowledge, is Pace funding any of its
 21 members participations in these proceedings?
 22 MR. MCGLOTHLIN: I object to the question and
 23 instruct the witness not to answer. We have an
 24 objection to discovery in another form, and I believe
 25 it's inappropriate and -- (inaudible) -- for him to

1 MR. MCGLOTHLIN: I'd just say this --
 2 (inaudible) -- objections that have been made. I
 3 understand that you're co-counsel is working on --
 4 (inaudible) -- and if this becomes -- (inaudible) --
 5 to obtain information -- I'm going to object to that
 6 at that point.
 7 MR. NIETO: Right now all I'm asking -- and
 8 let's just be perfectly clear on this. I'm asking him
 9 for matters that are within his personal knowledge.
 10 No different than any employee of Pace being deposed
 11 who would have knowledge of this. I'm not asking him
 12 to testify as an official corporate or party
 13 representative of Pace. And I have a series of
 14 questions to ask and I'm going to ask them, and
 15 whether you all answer them is up to you. I mean, if
 16 I ask them and I don't get answers, then, you know,
 17 we'll hold the deposition open and take it to the
 18 prehearing officer.
 19 MR. MCGLOTHLIN: And that might be necessary,
 20 but I'll just observe that what he may have personal
 21 knowledge of I had -- (inaudible) -- that other
 22 persons would be aware of. I don't think that is --
 23 (inaudible) basis for including the questions in this
 24 deposition that go to his duties and knowledge as
 25 executive director. But ask your question.

1 answer in this deposition while that objection is
 2 pending.
 3 BY MR. NIETO:
 4 Q. What's the process by which a new member is
 5 admitted to Pace, if you know?
 6 A. I'd have to look in the bylaws to be exact. We
 7 have bylaws that spell that out. But Pace is open to
 8 co-generators, independent power producers, and others
 9 interested in advancing wholesale electric competition in
 10 the state of Florida.
 11 Q. Do all Pace members contribute equally to its
 12 operating costs?
 13 MR. MCGLOTHLIN: Objection. We have
 14 objections to other discovery questions going to
 15 Pace's source of the financing and funds. And I
 16 believe that makes it inappropriate to -- that's the
 17 same information, Mr. Green, and that objection is
 18 still pending.
 19 MR. NIETO: Joe, I'm going to ask a series of
 20 questions on financing. If you want to say "same
 21 objection," that's fine, but I want to get them on the
 22 record.
 23 MR. MCGLOTHLIN: Okay.
 24 BY MR. NIETO:
 25 Q. Who decides how Pace's funds are used?

1 MR. MCGLOTHLIN: Same objection; same
 2 instruction.
 3 Q. Does Pace have any funding sources other than its
 4 members?
 5 MR. MCGLOTHLIN: Same objection; same
 6 instruction.
 7 Q. Is Pace providing any funding to the Florida
 8 Action Coalition team?
 9 MR. MCGLOTHLIN: Same objection; same
 10 instruction.
 11 Q. And do you have any knowledge of any Pace members
 12 directly funding the Florida Action Coalition team?
 13 MR. MCGLOTHLIN: Same objection; same
 14 instruction.
 15 Q. Can you give me a list of the present officers of
 16 Pace?
 17 A. Yes, I can.
 18 Q. Okay.
 19 A. And I'll do that.
 20 The chairman of Pace is Tim Eaves. The vice
 21 chairman of Pace is Rick Wolffinger. And the
 22 secretary/treasurer position is held by Lea Gibbons.
 23 Q. To your knowledge, are any of these persons
 24 officers of any of Pace's members?
 25 A. I don't know if they are officers of members.

1 Q. Or serving on the boards of members.
 2 A. They are employees of Pace members. I'm not sure
 3 if they're officers or board members.
 4 Q. Fair enough.
 5 I just want to go through them one by one, and if
 6 you could tell me which of Pace members they're associated
 7 with.
 8 Mr. Eaves?
 9 A. He is with Calpine.
 10 Q. Mr. Wolffinger?
 11 A. With Constellation Energy.
 12 Q. And Gibbons?
 13 A. With National Energy Group.
 14 Q. Do you know Ken Slater, Kenneth J. Slater?
 15 A. I have met him once. I don't know him.
 16 Q. Was that in the context of this case?
 17 A. No.
 18 Q. Do you know whether he is retained or was
 19 retained by Pace?
 20 A. Yes, I think he has a letter of -- well, he's
 21 working for Pace.
 22 Q. Do you know whether he was at one point retained
 23 by any other party to this case?
 24 A. I don't know that.
 25 Q. Are you aware of him ever preparing testimony for

1 any other party to this case, CPB in particular?
 2 MR. HOLLIMAN: Would you repeat the
 3 question?
 4 Q. The question was whether he was aware of
 5 Mr. Slater at one point having prepared testimony for CPB
 6 for use in this proceeding, and it was just a yes or no as
 7 to whether he was aware of that.
 8 A. No, I was not aware of that.
 9 Q. Could you tell me what the basis for Mr. Slater's
 10 compensation is from Pace? Just a general structure of
 11 calculating the numbers.
 12 A. I don't know what the compensation is.
 13 Q. If Mr. Moyle -- going back to that first meeting
 14 that you had with him back in May or June, if he had asked
 15 you to draft and prefile testimony giving your opinions in
 16 this proceeding --
 17 MR. HOLLIMAN: This is Bill Holliman. I
 18 didn't hear that question.
 19 Q. The question was -- and I'll start over again.
 20 Going back to the initial meeting with Mr. Moyle,
 21 back in May or June, if he had asked you to draft and
 22 prefile testimony giving your opinions as to the RFP
 23 documents at that time, would you have been able to do so
 24 assuming you would have proper clearances from Duke?
 25 A. Would I have done it?

1 Q. Would you have been able to do so at that time?
 2 A. If Duke had approved that and it did not affect
 3 my severance package, I would have been able to do that,
 4 yes.
 5 Q. There's no information that came to light in
 6 between that time and now that you would have required to
 7 render your opinions, is there?
 8 A. Other than refreshing my memory of what the RFP
 9 said, no.
 10 Q. Do you feel that a utility --
 11 MR. HOLLIMAN: I can't hear.
 12 Q. Strike that.
 13 Do you feel that utilities choosing a purchase
 14 power option to meet capacity need alleviates any risks
 15 for the utility?
 16 A. Yes, I think it alleviates some risks.
 17 Q. What risks would those be?
 18 A. Depending upon the length of term of the PPA,
 19 there is some benefit in my mind to an industrial-owned
 20 utility having some flexibility of seeing what the market
 21 conditions are three years, five years, ten years out, as
 22 opposed to locking themselves in to a 30-year amortization
 23 period of a self-build facility. I think that's a benefit
 24 of the PPA if it's a shorter term.
 25 Q. Essentially, you can choose a term that you

1 couldn't choose in a self-build option, correct?

2 A. Say that again. I'm sorry.

3 Q. If I understand your testimony correctly, the
4 risks mitigating factor in a purchase power agreement is
5 that it can be structured for a shorter term than a self-
6 build option or a person with a turn-key option can.

7 A. It can be structured. A PPA can be structured
8 for a shorter term, which I believe would give the
9 industrial-owned utility some optionally to take a look at
10 what future market conditions are. To make sure they're
11 getting the best priced energy for the consumers.

12 Q. Is it fair to say that the benefit from that
13 would incur primarily where the utility could add capacity
14 at a future date at a lower cost than it could at the time
15 it locks itself in, to use your term?

16 A. They can take a look at -- the industrial-owned
17 utility can take a look at what the needs are three years,
18 five years from now, and make a determination then. If
19 they need to add more capacity, they can add it. They can
20 bid out for some additional. There's lots of flexibility
21 with the PPA's that quite frankly do not exist if all of
22 the capacity is self-build value generation.

23 And I think that's -- my opinion is that that's
24 for all utilities, not just Florida Power & Light. I
25 believe they should have a mix of self-build. They

1 of the consumers. I'm not sure if it's in the best
2 interest of the industrial-owned utility, but I believe
3 it's in the best interest of the consumers that they're
4 looking out for.

5 Q. Well, that would only be true if the cost of
6 power from the contract were less than the cost of power
7 from the self-build option.

8 A. It would be true if the cost of -- you know,
9 obviously the industrial-owned utilities looks for what's
10 the least cost. Projecting the need for the next 25 years
11 or 30 years is uncertain at best. Projecting what the
12 costs are going to be for capacity and energy over the
13 next 25 or 30 years is probably more questionable at best.

14 And any postponement of these major decisions
15 while satisfying the current and short-term needs, is a
16 benefit, in my mind, to industrial-owned utilities.

17 Q. Is it your understanding that the type of
18 comprehensive economic analysis that the utilities engage
19 in when evaluating power options takes into account the
20 various scenarios whereby the self-build options may be
21 postponed?

22 A. Yes, it's -- in reading I think some of the
23 recent testimonies of Florida Power & Light, I understand
24 that several alternatives are looked at in the evaluation
25 process.

1 certainly should be a part of the generation fleet. There
2 should be some of it -- a fair portion of power --
3 purchase power agreements, and perhaps some as even
4 purchased on the open spot market. And I think that's
5 consistent with FERK [sic] guidelines as well in the
6 recent standard market design.

7 Q. And again, just so I understand your opinion as
8 to what the benefits would be to the utility, it would
9 relate essentially to timing that they could structure --
10 in your opinion, structure timing more flexible with
11 purchase power agreements than they could with self-build
12 options.

13 MR. MCGLOTHLIN: I hate to interrupt, but I
14 really cannot hear that question when you said --

15 Q. Well, let me give it a shot.

16 So if I understand your testimony correctly, the
17 primary benefit from utilizing purchase power options is
18 that the length of the commitment can be structured more
19 flexible than can be the case with self-build options.

20 A. That is clearly one of the benefits, and that is
21 a primary benefit.

22 Also, any time that an industrial-owned utility
23 can postpone the investment of three or four hundred
24 million dollars for a power plant, and postpone that
25 burden on the consumers, I think is in the best interest

1 Q. And part of that process quantifies the costs, if
2 you will, or the cost savings of postponing self-build
3 decisions.

4 A. Yes, I can only assume it will. I have not seen
5 the quantifications, but I assume that's what is done.

6 Q. Assuming that that quantification is done,
7 wouldn't that mitigate or whatever -- mitigate is probably
8 the wrong term -- but wouldn't that address the issue you
9 raised with regard to a utility deferring self-build
10 decisions?

11 A. No, not totally.

12 Q. Why not?

13 A. The answer to your question would be yes if the
14 industrial-owned utility knew for certain what all the
15 load needs are going to be in the future; knew what the
16 potential for spot market energy in the future would be;
17 if they knew the future of regulation of energy -- of the
18 energy industry in Florida for the next 30 years, let
19 alone the next ten years. I mean, next ten years, let
20 alone the next 30 years.

21 If all of these were certain, then certainly a
22 quantification of the differences would give you the right
23 answer.

24 But my point is that no one has that crystal ball
25 cleared up and know how all these future scenarios are

1 going to play out.
 2 Q. So your concern, really, relates to -- and
 3 correct me if I'm wrong -- but it really relates to the
 4 fact that you don't believe that all these various factors
 5 can be adequately or accurately estimated sitting here
 6 today and looking forward 30 years.
 7 A. That is correct.
 8 Q. And, in fact, if the estimates and the
 9 projections were perfect, you wouldn't have any concern
 10 with the evaluation. Is that correct?
 11 A. I wouldn't go as far as I wouldn't have any
 12 concern, but if the projections were 100 percent accurate
 13 and the economic evaluation was done appropriately, then
 14 that should give you the right answer. That's right.
 15 Q. And doesn't the uncertainty cut both ways? You
 16 could find that costs are less in the future. You could
 17 find they're more. Isn't that correct?
 18 A. That is correct. But with the --
 19 Q. Go ahead.
 20 A. Never mind.
 21 Q. -- and perfect marbles all we can do is sit here
 22 and do the best we can to project the future. Isn't that
 23 right?
 24 A. As a retired and imperfect immortal.
 25 MR. NIETO: I'm going to take two minutes to

1 MR. HOLLIMAN: This is Bill Holliman, no
 2 questions.
 3 THE COURT REPORTER: Would anybody like to
 4 order?
 5 MR. NIETO: Before I do that, you have the
 6 option of reading your transcript for accuracy or
 7 waiving that right. It's up to you. And obviously
 8 you can't change your answers, but you can make sure
 9 that everything is correct.
 10 THE WITNESS: I would like to read it.
 11 MR. MCGLOTHLIN: At that's not actually an
 12 accurate advice, that he can change his testimony.
 13 MR. NIETO: Well, either way, he would like
 14 to read it, so I think that's -- that's fine.
 15 THE COURT REPORTER: Did you want to order or
 16 did you want to go ahead and hold off or --
 17 MR. NIETO: I think we'll go ahead and order.
 18 THE COURT REPORTER: Anybody else like a
 19 copy?
 20 MR. HARRISON: Gary Harrison, the Public
 21 Service Commission, I would like the information on
 22 how we can order it. I don't have the ability to
 23 order it myself. I have to go through our clerk's
 24 office, but if I can get the information.
 25 (There was a discussion held off the record.)

1 look over my notes. I don't think I have much else.
 2 (There was a break in the proceedings.)
 3 BY MR. NIETO:
 4 Q. You did this, but I just want to make sure we're
 5 clear on the record. I'm just going to very quickly
 6 inventory the documents that you brought to avoid
 7 attaching them to the deposition since I think they're all
 8 in the record anyway.
 9 Other than this one document we'll put aside and
 10 we'll attach, we have a copy of FPL's original request for
 11 proposals dated August 13, 2001. A copy of FPL's
 12 submittal request for proposals dated April 26, 2002.
 13 FPL's 1999 to 2008 ten-year site plan. FPL's 2000 to 2009
 14 ten-year site plan. And a copy of FPL's March 2002 need
 15 study.
 16 Is that all correct?
 17 A. That is correct.
 18 MR. NIETO: And I'm going to mark as Exhibit
 19 2 to your deposition a copy of a newspaper article
 20 that you brought with you relating to the FPL energy
 21 plant in Rhode Island that you were discussing just so
 22 to have this complete.
 23 And that is all I have.
 24 Any questions from the callers?
 25 MR. MCGLOTHLIN: I have no questions.

1 MR. MCGLOTHLIN: This is Joe McGlothlin and I
 2 would like to order a copy.
 3 THE COURT REPORTER: Mr. Holliman, do you
 4 decline at this time?
 5 MR. HOLLIMAN: We'll let you know.
 6 (There was a discussion held off the record.)
 7 MR. NIETO: Just so the record is clear, I'm
 8 continuing the deposition, because I may want to take
 9 this to the hearing officer. If we do, I think he's
 10 available on the 24th in Tallahassee and we can wrap
 11 it up then if we decide to followback up on the
 12 issues relating to Pace. So we're going to hold it
 13 open pending a decision on that point. Just so the
 14 record is clear on that point.
 15 (Exhibit No. 2 was marked for identification.)

APPENDIX 14

Q.

Identify who made the decision that FPL won its Supplemental Request for Proposal and when that decision was made. If the decision was made by a committee or group of people, identify all members of the committee or group.

A.

The results of the economic analyses performed independently by FPL and Mr. Alan Taylor showed that the All-FPL self build option is the lowest cost alternative to meet FPL's capacity need. Based on these results and on his own review of non-economic factors related to different generation capacity alternatives, Mr. Rene Silva concluded that the All-FPL self build option is the best alternative. Mr. Silva communicated his conclusions and the bases for those conclusions to Mr. Paul Evanson, who concurred.
