RE: Universal Wireless, Cert. #7868

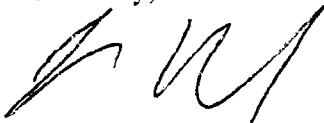

030428-TX

Dear Ms. Gilchrist:

Attached please find a completed application for a certificate to provide alternative local exchange telecommunications service. As referenced above, your office had previously issued a certificate for this purpose, however due to deficient organizational structure the annual filings were not made, resulting in the cancellation of the aforementioned certificate. The situation which led to this neglect has since been rectified. I will be personally involved with the application for the certificate and remain involved as Corporate Council for Universal Wireless to ensure future compliance. In addition to my oversight, due to the organizational deficiencies and also the rapid growth of Mr. Khalil's business, Universal Wireless has added some competent operational management staff, including Mr. Tony Drassiou and Mr. Nihad Sakhalla, both individuals have many years of telecommunications experience and both have also achieved scholastically by earning their Masters of Business Administration. Mr. Khalil has committed himself with the assistance of the aforementioned individuals, to make the necessary operational improvements, which have not only improved the efficiency and profitability of Universal Wireless, which is evidenced by the financial documents hereto attached, but these changes will also ensure that there will be no future negligent performance including any compliance issues.

Thank you for your consideration of this application, if you have any questions or concerns, please do not hesitate to contact me at (561)859-8216 or via e-mail at jj_stone@bellsouth.net.

Cordially,

Jacob James Stone, Esq.
Member of the NY, MA & FL Bar Associations
