You are correct, Kay. (As usual) I see no reason for us to retain the document. Todd, I have reviewed it. If you can review it and, if you agree, return it to Verizon. We can retain the redacted version.

Thanks, all.

Will post in the docket. Thanks for getting this information.

Next question: Since this is a long-closed docket, is there any need to retain the document? Could it perhaps be returned to Verizon after review by Todd Brown (the only staff person assigned to the case in '99 who is still here, other than Kim, who of course is no longer in GCL)?

Subject: XO Settlement Agreement

Lee:

I am following up on our telephone conversation today regarding the XO settlement agreement that Verizon recently filed with the FPSC. That agreement constitutes an "implementation procedure"; it does not alter the existing agreement. The original agreement was filed under Docket No. 990858-TP and approved per order PSC-99-1529-FOF-TP issued on August 4, 1999. Therefore, the XO settlement agreement should be filed in Docket No. 990858.

Don't hesitate to call me if you have any questions or comments.
