Will do.

RHS folks, please note the e-mail below. Begin using "competitive" and "CLEC" in place of "alternative" and "ALEC" in all TX-related matters due to the change in 364, FS.

I went back and made changes to these docket:

030463
030465
030479
030508
030513
030515
030521

and will put a copy of this e-mail in each file for documentation of the change.

Watch out for future filings and be sure we comport with the change in terminology.

Thanks.
Kay

We should begin using "competitive" and "CLEC" in all TX-related dockets now, right?

Kay
