FPSC-COMMISSION CLERK.

## **Master Network Interconnection and Resale Agreement**

This Master Network Interconnection and Resale Agreement ("Agreement") between Atlantic.Net Broadband, Inc. ("CLEC") and Sprint- Florida, Incorporated ("Sprint"), herein collectively, "the Parties", is dated and effective this 1st day of April, 2003 for the State of Florida.

NOW THEREFORE, the Parties agree as follows:

The Parties agree that the Agreement between the Parties shall consist of the Interconnection and Resale Agreement for the State of Florida entered into by and between Sprint and Florida Digital Network, Inc., including any amendments entered into as of the date hereof (the "Adopted Agreement"), amended as follows:

### **TERM**

This Agreement shall be in force for the period commencing with the date set forth above and continuing until the 26th<sup>th</sup> of December, 2003.

### **CONDITIONS**

All services provided under this Agreement will be consistent with the decisions of courts having jurisdiction over this Agreement, including but not limited to the decisions of the Court of Appeals and the United States Supreme Court.

1. On February 20, 2003, the FCC adopted rules concerning incumbent LECs' obligations to make elements of their networks available on an unbundled basis at its open meeting. In the Matter of the Review of the Section 251 Unbundling Obligations of Incumbent Local Exchange Carriers, Docket No. CC 01-338. The Parties agree that any effective regulatory order, rule or regulation issued as a result of such open meeting shall constitute a revision or modification of the Applicable Rules and either Party may request that this Agreement be renegotiated in good faith to reflect such Amended Rules. Should the Parties be unable to reach agreement with respect to the appropriate modifications to this Agreement within thirty (30) days, either party may invoke the Dispute Resolution provisions of this Agreement.
2. The Florida Public Service Commission issued the Final Order on Rates for Unbundled Network Elements Provided by Sprint-Florida, Incorporated, Docket No. 990649B-TP, Order No. PSC-03-0058-FOF-TP on January 8, 2003 (the "Order") in which it approved new rates for Sprint's unbundled network elements (the "New Rates").

## **AMENDMENTS:**

1. CLEC and Sprint agree the following Table One reflecting the New Rates will supercede Table One in the Adopted Agreement.
2. The rates in Table One do not modify the reciprocal compensation arrangement applicable between the parties. To the extent applicable under the reciprocal compensation arrangement, End Office Switching (per MOU), Tandem Switching (per MOU), and Shared Transport (per MOU) rates in the following Tale One replace the corresponding rates in Table One of the Adopted Agreement.
3. The Network Elements section of the Adopted Agreement is hereby amended to include the following sections:
  - 3.1. Combination of Network Elements
    - 3.1.1. CLEC may order Unbundled Network Elements either individually or in the combinations of VOICE UNE-P and EEL as specifically set forth in this Section of the Agreement.
  - 3.2. Definitions
    - 3.2.1. EEL - Enhanced Extended Link (EEL). EEL for purposes of this Agreement refer to the existing unbundled network elements, specifically NID, loop, multiplexing (MUX) if necessary and transport, in the Sprint Network.
    - 3.2.2. VOICE UNE-P - Voice Unbundled Network Element Platform (VOICE UNE-P). VOICE UNE-P for purposes of this Agreement refers to the existing unbundled network elements, specifically NID, Loop, Local Switch Port, Local Circuit Switching, Shared Transport, and Local Tandem Switching, in the Sprint Network and is used to carry traditional POTS analog circuit-switched voice band transmissions.
  - 3.3. General Terms and Conditions
    - 3.3.1. Sprint will allow CLEC to order each Unbundled Network Element individually in order to permit CLEC to combine such Network Elements with other Network Elements obtained from Sprint as provided for herein, or with network components provided by itself or by third parties to provide Telecommunications Services to its customers, provided that such combination is technically feasible and would not impair the ability of other carriers to obtain access to other unbundled

network elements or to interconnect with Sprint's network or in combination with any other Network Elements that are currently combined in Sprint's Network.

3.3.2. Sprint will provide CLEC access to VOICE UNE-P and EEL as provided in this Agreement. CLEC is not required to own or control any of its own local exchange facilities before it can purchase or use VOICE UNE-P or EEL to provide a telecommunications service under this Agreement. Any request by CLEC for Sprint to provide combined UNEs that are not otherwise specifically provided for under this Agreement will be made in accordance with the BFR process described in § 43 of the Adopted Agreement and made available to CLEC upon implementation by Sprint of the necessary operational modifications.

3.3.3. The provisioning of VOICE UNE-P and EEL combinations is limited to existing facilities and Sprint is not obligated to construct additional facilities to accommodate any request by CLEC.

3.3.4. Notwithstanding Sprint's general duty to unbundle local Circuit Switching, Sprint shall not be required to unbundle local Circuit Switching, nor provide VOICE UNE-P for CLEC when CLEC serves end-users with four or more voice grade (DS0) equivalents or lines provided that Sprint provides nondiscriminatory access to combinations of unbundled loops and transport (EELs) throughout Density Zone 1, when Sprint's local circuit switches are located in the top 50 Metropolitan Statistical Areas as set forth in Appendix B of the *Third Report and Order and Fourth Further Notice of Proposed Rulemaking* in CC Docket 96-98, and in Density Zone 1, as defined in § 69.123 on January 1, 1999 (the Exemption). Sprint may audit CLEC's UNE-P customer base in accordance with § 7 of the Adopted Agreement to ensure CLEC's adherence to the Exemption.

#### 3.4. Specific Combinations and Pricing

3.4.1. In order to facilitate the provisioning of VOICE UNE-P and EEL Sprint shall support the ordering and provisioning of these specific combinations as set forth below.

3.4.2. The Parties agree to negotiate an acceptable interim solution and support the development of industry standards for joint implementation. Ordering and provisioning for VOICE UNE-P and EEL will be converted to industry standards within a reasonable period of time after those standards have been finalized and Sprint has had the opportunity to implement necessary

operation modifications.

### 3.5. Sprint Offers the Following Combinations of Network Elements

#### 3.5.1. Voice Unbundled Network Element Platform (UNE-P).

VOICE UNE-P is the combination of the NID, Loop, Local Circuit Switching, Shared Transport, and Local Tandem Switching network elements.

3.5.1.1. Sprint will offer the combination of the NID, Loop, Local Circuit Switching, Local Switch Port, Shared Transport, and Local Tandem Switching (where Sprint is the provider of Shared Transport and Local Tandem Switching) unbundled network elements to provide VOICE UNE-P at the applicable recurring charges and non-recurring charges as specified in Table One for VOICE UNE-P plus the applicable Service Order Charge. Sprint will also bill CLEC for applicable Usage Data Recording and Transmission Charges as indicated in Table One.

3.5.1.2. Until such time as Sprint can bill the recurring charges for usage based VOICE UNE-P elements (Local Circuit Switching, Shared Transport, Local Tandem Switching), these charges will be billed to CLEC the recurring flat rate charge reflected in Table One. Upon the implementation of the necessary operational modifications, Sprint will convert from billing CLEC based on this flat rated monthly charge to applicable usage based charges for the VOICE UNE-P elements.

3.5.1.3. Sprint will provide originating and terminating access records to CLEC for access usage over UNE-P. CLEC will be responsible for billing the respective originating and/or terminating access charges directly to the IXC.

3.5.1.4. Sprint will provide CLEC toll call records that will allow it to bill its end users for toll charges. Such record exchange will be in industry standard EMI format at the charges set forth in Table One. Any non-standard requested format would be handled through the BFR process as set forth in § 43 of the Adopted Agreement.

3.5.2. EEL is the combination of the NID, Loop, and Dedicated Transport network elements.

3.5.2.1. Sprint will offer the combination of unbundled loops with unbundled dedicated transport as described herein to provide EEL at the applicable recurring and non-recurring charges as specified in Table One for EEL, the applicable recurring and nonrecurring charges for cross connects and Service Order Charges. Sprint will provide cross-connect unbundled 2 or 4-wire analog or 2-wire digital loops to unbundled voice grade/DS0, DS1, or DS3 dedicated transport facilities (DS0 dedicated transport is only available between Sprint central offices) for CLEC's provision of circuit switched telephone exchange service to CLEC's own end user customers.

3.5.2.2. Multiplexing shall be provided as necessary as part of dedicated transport.

3.5.2.3. In order to obtain EELs a requesting carrier must be providing a "significant amount of local exchange service" over the proposed EEL to the end user customer, as that phrase is defined by the FCC.

3.5.2.4. Sprint reserves the right, upon thirty (30) Days notice, to audit CLEC's local usage information when Sprint reasonably believes that CLEC has not met the local usage criteria defined by the FCC. Sprint will hire and pay for an independent auditor to perform the audit, CLEC will reimburse Sprint if the audit results confirm CLEC's non-compliance with the local usage criteria. Sprint will not request more than one audit in a calendar year unless an audit finds non-compliance, in which case, Sprint shall have the right to request an audit one additional time during that same calendar year. Sprint shall continue to have the additional audit right described above, so long as the Sprint audits indicate CLEC non-compliance. In the instance of non-compliance, CLEC shall convert the loop-transport combination to special access. This is in addition to Sprint's audit rights pursuant to § 7 of the Adopted Agreement.

3.5.2.5. Notwithstanding the above limitations, Sprint will offer EELs where the component UNEs are not

previously or currently combined where Sprint is not required to provide local switching for switching used to serve end users with four or more lines in access density zone 1, in the top 50 Metropolitan Statistical Areas.

#### 4. Security Deposit

- 4.1. Sprint reserves the right to secure the account with a suitable form of security deposit, unless satisfactory credit has already been established through twelve (12) consecutive months of current payments for carrier services to Sprint and all ILEC affiliates of Sprint. A payment is not considered current in any month if it is made more than 30 Days after the bill date.
- 4.2. Such security deposit shall take the form of cash or cash equivalent, an irrevocable letter of credit or other forms of security acceptable to Sprint.
- 4.3. If a security deposit is required on a new account, such security deposit shall be made prior to inauguration of service. If the deposit relates to an existing account, the security deposit will be made prior to acceptance by Sprint of additional orders for service.
- 4.4. Such security deposit shall be two (2) months' estimated billings as calculated by Sprint, or twice the most recent month's invoices from Sprint for existing accounts. All security deposits will be subject to a minimum deposit level of \$10,000.
- 4.5. The fact that a security deposit has been made in no way relieves CLEC from complying with Sprint's regulations as to advance payments and the prompt payment of bills on presentation, nor does it constitute a waiver or modification of the regular practices of Sprint providing for the discontinuance of service for non-payment of any sums due Sprint.
- 4.6. Sprint reserves the right to increase, and CLEC agrees to increase, the security deposit requirements when, in Sprint's reasonable judgment, changes in CLEC's financial status so warrant and/or gross monthly billing has increased beyond the level initially used to determine the security deposit.
- 4.7. Any security deposit shall be held by Sprint as a guarantee of payment of any charges for carrier services billed to CLEC, provided, however, Sprint may exercise its right to credit any cash deposit to CLEC's account, or to demand payment from the issuing bank or bonding company of any irrevocable bank letter of credit,

upon the occurrence of any one of the following events:

4.7.1. when CLEC undisputed balances due to Sprint that are more than thirty (30) Days past due; or

4.7.2. when CLEC files for protection under the bankruptcy laws; or

4.7.3. when an involuntary petition in bankruptcy is filed against CLEC and is not dismissed within sixty (60) Days; or

4.7.4. when this Agreement expires or terminates.

4.8 Any security deposit may be held during the continuance of the service as security for the payment of any and all amounts accruing for the service. No interest will accrue or be paid on deposits. Cash or cash equivalent security deposits will be returned to CLEC when CLEC has made current payments for carrier services to Sprint and all Sprint ILEC affiliates for twelve (12) consecutive months.

5. The Adopted Agreement shall continue in full force and effect, including the modified terms and conditions herein. In the event of a conflict between the terms of the Adopted Agreement and the Amendments herein, the Amendments will control.
