8. What is FPL's current strategy for hedging natural gas, residual oil, and electricity prices for June 2003 through March 2004 in sufficient quantities to meet FPL's objectives in its risk management plan and the direction afforded by Order No. PSC-02-1484-FOF-EI, in Docket No. 11605-EI, issued October 30, 2002?
