RE: AT&T Wireless Services Claim for Confidentiality

Dear Ms. Bayó:

AT&T Wireless Services of Florida, Inc. ("AWS"), pursuant to Section 364.183(1), Florida Statutes, hereby claims that certain information associated with its Petition for Expedited Review and Authorization for NPA-NXX Thousands Block Code being filed contemporaneously herewith is confidential and proprietary business information. Pursuant to Rule 25-22.006(5), Florida Administrative Code, in the attached envelope identified as Exhibit "A" is one paper copy of AWS detailed justification with the confidential information highlighted. Attached as Exhibit "B" are two paper copies of AT&T's response with the confidential information redacted.

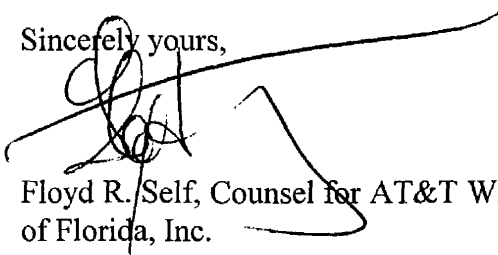

AWS is a cellular mobile radio service ("CMRS") provider that is not a "telecommunications company" for purposes of Chapter 364, Florida Statutes. However, since Florida Public Service Commission is the appropriate agency for the relief being sought by the Petition, AWS believes it is appropriate for and consistent with Florida law that this claim for confidentiality be filed.

Please acknowledge receipt of this letter by stamping the extra copy of this letter "filed" and returning the same to me.

Thank you for your assistance with this filing.
