RE: Docket No. 020640-SU, Application for certificate to provide wastewater service in Lee County by Gistro, Inc.

Please add to the docket file the attached letter dated July 9, 2003, from J. Fritz Holzberg (utility), to Rosanne Gervasi (legal staff). The letter is a partial response to staff's February 6, 2003 notification of remaining deficiencies. Attached to the letter is a territory description, full-scale territory map, full-scale system map, and reduced-scale territory/system map. The full-scale territory and system maps are being held by Richard Redemann.

Dear Ms Gervasi:

Finally we almost succeeded to complete all of the staffs requirements which for this part makes me also a little happy.. The only item which remains on your list is the tarif , but this we also will copleted.

All the questions are facts which are existent and only had to be repeated, the tarif is probably a heavy weight box fight over 10 rounds, but we will manage this problem to.

What bothers me really is that you always are sending a copy of all our correspondence to Mr. Sundstrom, I dont like him he is an unethical men .In July 2002 Mr Friedman admitted to you that Bonita Springs Utilities, in 1991 had elected not to accept our collection system. Some time later in a letter to our attorney Robert B. Burandt, Mr. Sandstrom claimed that Bonita Springs Utilities has a fully executed contract with Forest Mere. They do not even have a contract to treat the.sewage.

We probably need 3 more items to complete our paperwork , which can be done very quickly.

- 1) Advertising , I will send you a copy before we advertise.
- 2) Updated list of all other utilities in the area or we can use the last one ?
- 3) Tariff, will also be done in a few days.

Shoud the staff have any more wishes, please let me know

Sincerely,

J.Fritz Holzberg
