**BELLSOUTH TELECOMMUNICATIONS, INC.'S
LIST OF PROPOSED ISSUES**

In accordance with the Memorandum issued in this docket on July 18, 2003, BellSouth Telecommunications, Inc. ("BellSouth") respectfully submits the following list of proposed issues for consideration in this docket. The issues stated herein are preliminary in nature and are made consistent with the Commission's July 18, 2003 Memorandum. In the event that additional issues are identified or discussed during the meeting scheduled to occur on July 29, 2003, BellSouth reserves the right to supplement, revise, or modify this list. BellSouth's proposed issues are:

1. Should the Commission consider the refund aspect of the Florida Public Telecommunications Association ("FPTA") complaint)?
 - A. Should the filed rate doctrine bar the FPTA's refund claims?
 - B. Should the prohibition against retroactive ratemaking bar the FPTA's refund claims?
 - C. Should any other legal or regulatory doctrine bar the FPTA's refund claims?

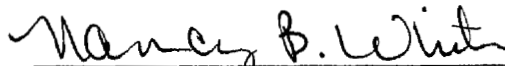

Note --- It is BellSouth's position that the Commission can and should resolve BellSouth's proposed Issue 1 through the submission of legal briefs and that a hearing is not needed on this issue.

2. Should the Commission adopt new pay telephone access service ("PTAS") rates that BellSouth will charge payphone service providers ("PSPs") on a prospective basis?
3. If the Commission adopts new PTAS rates that BellSouth will charge PSPs on a prospective basis, what are the appropriate tariffed rate(s)?

Note – BellSouth has attempted to resolve issues 2 and 3 with the FPTA and remains willing to do so. If this issue were resolved, then no hearing would be necessary. BellSouth suggests that a timeframe be established in which to conclude such negotiations.

Respectfully submitted this 28th day of July, 2003.
