Dear Chairman Jaber:

In its test year notification pursuant to Rule 25-7.140, City Gas Company of Florida (Company) notified your office of its intent to file a petition for general rate increase with a filing date of August 12, 2003. This notification was acknowledged by your office. On August 11, 2003, I advised you that the Company could not meet that filing date due to a delay in the reproduction and binding process for the testimony and MFRs, and that it would be filing the petition and supporting documents on August 13, 2003, one day later than originally projected.

In the process of final review of the bound documents, we observed a few items that should be corrected. Accordingly, we are in the process of making final changes and having the documents re-bound. We now expect to file on Friday, August 15, three days after the date in our test year letter.

If you have any questions regarding this notification, please feel free to have your staff contact me at 425-2313.

Very truly yours,

Richard D. Melson
