RE: Your letter of July 28, 2003 concerning petition for reconsideration of position reclassification under the Service First Initiative.

I respectfully request and petition that the reclassification of the position I held at the Public Service Commission, Division of Water and Wastewater be reconsidered in accordance with Rule 28-106, Florida Administrative Code (F.A.C.). This position had previously been determined not to meet the criteria for Select Exempt by Governor Chile's administration and was downgraded to Career Service status. The authority to hire or fire workers in my section had been taken over by the Bureau Chief. I had not hired a person to fill a vacancy in my section in over seven years. Authority for disciplinary investigations of members of my section was also assumed by the Bureau Chief several years ago.

While "supervisory" in name, I had no real supervisory authority.
