RE:

Essex Communications, Inc. d/b/a
eLEC Communications (TJ381 and
TX325)

Dear Ms. Abbagnaro:

On June 19th, the Commission received your letter dated June 12, 2003, requesting voluntary cancellation of the company's IXC and CLEC certificates. Before staff can recommend voluntary cancellation, a company must pay the current year's Regulatory Assessment Fees, in this case 2003, or provide a date certain the fees will be paid. I am attaching the 2003 return forms for both certificates.

In addition, I need your assistance with the 2002 Regulatory Assessment Fee for the CLEC certificate (TX325). On July 24, 2002, the company mailed its 2002 return form (prepared by Amalia Martinez) showing revenues of \$40,500, and the company included payment for

Ms. Maria A. Abbagnaro

\$60.75. As information, this form was not printed by the Commission, instead it is the sample form included in our application packet. Only companies owing more than \$10,000 annually have to pay twice a year -- by July 30th for the period January 1 thru June 30 and by January 30th for the period July 1 thru December 31st. This form did not include the period covered but because of the postmark date, staff applied this to the first half of the year.

On February 10, 2003, the company mailed another return form, which was prepared by the Accounting Manager. This return showed revenues in the amount of \$346,091, and included payment of \$519.14. This was also not the return that was printed and mailed to the company by the Commission in December 2002.

So that our records accurately reflect the company's revenues, please advise what the company's total intrastate revenues are for the entire year 2002. As soon as this information is received and the company either pays the 2003 fees or provides a date certain they will be paid, a docket will be established to voluntarily grant the company cancellation of its IXC and CLEC certificates.

Please let me know if you have any questions.

Hi Valorie. I need your help with the 2002 RAF. Here's the deal...this company wrote and requested voluntary cancellation of its IXC and ALEC certificates (TJ381 and TX325). Both are paid through 2002 and only owe 2003 RAFs. Before opening a docket, I always make sure a company either pays the current year's RAF or they have to provide a date certain the RAF will be paid. When researching the ALEC, I found that RAF System shows they filed an amended return and have a credit of \$56.17.

I believe that information for 2002 (in RAF System) is incorrect, but want your opinion. The first RAF return is postmarked 7/24/02, shows revenues of \$40,500, and states it is the actual return. The return was not produced by the Commission, instead it looks like one that was printed off our website. Because of the postmark date, it appears to me that the revenues are from 01/01/02 thru 06/30/02.

The second return is postmarked 02/10/03 and also says it is an actual return (not amended). It appears the deposit number and date are stamped over the period covered written in, so I'm not sure what it says. The company reported revenues of 346,091. Although the company paid late, no penalty was assessed.

I wonder if the revenues on the two returns should not be added together and the company doesn't really have a credit? I need to write the company by tomorrow. Could you please take a look at TX325 and advise me? Thanks!!

Good morning. Since their letter did not state when the 2003 RAF would be paid, I'll have to contact them. I'll let you know when a docket is ready to be opened. Thanks.
