DOCKET NO. 030868-TL

**SPRINT'S OBJECTIONS TO CITIZENS' FIRST
REQUEST FOR PRODUCTION OF DOCUMENTS (NOS. 1-24)**

Sprint-Florida, Incorporated ("Sprint"), pursuant to Rule 28-106.206, Florida Administrative Code, and Rules 1.280 and 1.340, Florida Rules of Civil Procedure, hereby files the following Objections to the Citizens of Florida's ("Citizens") First Request for Production of Documents (Nos. 1-24) ("PODs"), dated September 3, 2003.

The objections stated herein are preliminary in nature and are made at this time to comply with the 5-day requirement set forth in Order No. PSC-03-0994-PCO-TL, issued September 4, 2003, at pages 3 and 4. Should additional grounds for objection be discovered as Sprint prepares its responses to the above-referenced PODs, Sprint reserves the right to supplement, revise, or modify its objections at the time it serves its responses.

GENERAL OBJECTIONS

Sprint makes the following general objections to Citizens' First Request for Production of Documents (Nos. 1-24). These general objections apply to each of the individual requests, respectively, and will be incorporated by reference into Sprint's answers when they are served on Citizens.

1. Sprint objects to each POD to the extent that such POD seeks documents which are beyond the scope of discovery permitted in this proceeding as set forth at Section 364.164, subsections (3) and (4), Florida Statutes, or seeks documents which are beyond the scope of those issues the Legislature has determined are to be considered by the Commission in this proceeding, or seeks documents which are beyond matters contained in Sprint's testimony and exhibits addressing those same issues.

2. Sprint objects to the PODs to the extent they seek to impose an obligation on Sprint to respond on behalf of subsidiaries, affiliates, or other persons that are not parties to this case on the grounds that such PODs are overly broad, unduly burdensome, oppressive, and not permitted by applicable discovery rules.

3. Sprint objects to the PODs to the extent that they are intended to apply to matters other than Sprint's Florida intrastate operations subject to the jurisdiction of the Commission. Sprint objects to such PODs as being irrelevant, overly broad, unduly burdensome, and oppressive.

4. Sprint objects to each and every POD and related instructions to the extent such POD or instruction calls for information that is exempt from discovery by virtue of the attorney-client privilege, work product privilege, or other applicable privilege.

5. Sprint objects to each and every POD insofar as the PODs are vague, ambiguous, overly broad, imprecise, or utilize terms that are subject to multiple interpretations but are not properly defined or explained for purposes of these PODs. Any documents provided by Sprint in response to the PODs will be provided subject to, and without waiver of, the foregoing objection.

6. Sprint objects to each and every POD insofar as it is not reasonably calculated to lead to the discovery of admissible evidence and is not relevant to the subject matter of this action. Sprint will attempt to note in its responses each instance where this objection applies.

7. Sprint objects to providing information to the extent that such information is already in the public record before the Commission.

8. Sprint objects to Citizens' discovery requests, instructions and definitions, insofar as they seek to impose obligations on Sprint that exceed the requirements of the Florida Rules of Civil Procedure or Florida Law.

9. Sprint objects to each and every POD, insofar as any of them are unduly burdensome, expensive, oppressive, or excessively time consuming.

10. Sprint objects to each and every POD to the extent that the information requested constitutes "trade secrets" which are privileged pursuant to Section 90.506, Florida Statutes. To the extent that Citizens request proprietary confidential business information which is not subject to the "trade secrets" privilege, Sprint will make such information available in accordance with the Protective Order sought by Sprint in this docket, subject to any other general or specific objections contained herein.

11. Sprint is a large corporation with employees located in many different locations in Florida and in other states. In the course of its business, Sprint creates countless documents that are not subject to Commission or FCC retention of records requirements. These documents are kept in numerous locations that are frequently moved from site to site as employees change jobs or as the business is reorganized. Therefore, it is possible that not every document has been identified in response to these requests. Sprint will conduct a search of those files that are reasonably expected to contain the requested information. To the extent that the PODs purport to

require more, Sprint objects on the grounds that compliance would impose an undue burden or expense.

SPECIFIC OBJECTIONS

In addition to the foregoing general objections, Sprint raises the following specific objections to the following individual requests. As noted previously, should additional grounds for objections be discovered as Sprint prepares its responses to the above-referenced requests, Sprint reserves the right to supplement, revise or modify its objections at the time it serves its responses.

- 6. Please provide all documents in your possession, custody or control discussing or evaluating criteria or business cases for entering new markets in Florida for local telecommunications services.**

Sprint-Florida objects to Citizens' POD No. 6 on the grounds that the request is too broad in scope and time and requests documents that are beyond the scope of the issues to be considered by the Commission in this proceeding.

- 8. Provide Sprint PCS's intrastate access rates and associated terms and conditions for each wireless carrier and interexchange carrier with which Sprint PCS interconnects in the state of Florida.**

Sprint-Florida objects to Citizens' POD No. 8 on the grounds that the POD requests documents that belong to an entity that is not within the jurisdiction of this Commission. Additionally, the requested documents are beyond the scope of the issues to be considered by the Commission in this proceeding.

- 12. Provide all studies or other documents concerning the company's choices for products and services that would be increased in order to obtain revenue neutral recovery of the access line reductions requested in this docket.**

Sprint-Florida objects to Citizens' POD No. 12 on the grounds that the POD requests documents that are beyond the scope of the issues to be considered by the Commission in this proceeding. Subject to this objection, Sprint-Florida advises that the requested documents do not exist.

21. Provide copies of any Sprint documents completed since January 1, 1990 regarding the elasticity of demand for residential service.

Sprint-Florida objects to Citizens' POD No. 21 on the grounds that the POD requests documents that address matters which are not within the scope of discovery in this proceeding permitted by Florida law. Additionally, the POD requests documents which are beyond the scope of the issues to be considered by the Commission in this proceeding.

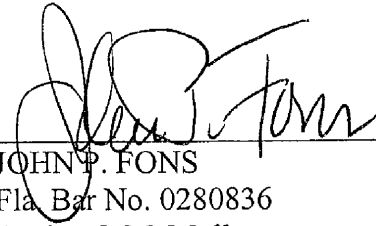

22. Provide all documents that identify, by month, the number of residential customers in Florida who have been temporarily denied due to non-payment for year 2000, 2001 and 2002.

Sprint-Florida objects to Citizens' POD No. 22 on the grounds that the POD requests documents which are beyond the scope of the issues to be considered by the Commission in this proceeding and are not relevant to any issue in this proceeding.

23. Provide all documents that identify, by month, the number of residential customers in Florida who have been disconnected for non-payment for year 2000, 2001 and 2002.

Sprint-Florida objects to Citizens' POD No. 23 on the grounds that the POD requests documents which are beyond the scope of the issues to be considered by the Commission in this proceeding and are not relevant to any issue in this proceeding.
