CASE BACKGROUND

- April 8, 2003 - Staff received a complaint regarding the purchase of a prepaid calling card. The prepaid calling services provider listed on the card was Dakota Telecommunications, Corp. (Dakota). Staff determined that Dakota had not obtained a certificate of public convenience and necessity (certificate). At that time, Commission rules required that intrastate interexchange telecommunications companies (IXCs) providing services within the state obtain a certificate.
- May 1, 2003 - Staff mailed a certified letter (Attachment A) to Dakota to request that the company investigate the complaint and to notify the company of its requirement to obtain a certificate. The company was required to submit its

DATE: September 18, 2003

IXC application by May 30, 2003. According to the certified mail receipt (Attachment B), Dakota received the letter on May 3, 2003.

- May 29, 2003 - Staff mailed a second certified letter (Attachment C) to Dakota, requesting that the company investigate the complaint filed against the company. According to the certified mail receipt (Attachment D) the letter was received by Dakota on June 4, 2003. Because of the change in the Florida Statutes that no longer required an IXC to obtain a certificate, the second letter did not request that the company submit an application for an IXC certificate.
- July 17, 2003 - Staff mailed a third certified letter (Attachment E) to Dakota informing the company of its requirement to submit a tariff and its current company contact information to the Commission. The deadline for Dakota to submit the requested information was August 4, 2003. The United States Post Office returned the third letter (Attachment F) on August 13, 2003, marked unclaimed.
- September 2, 2003 - Staff opened this docket to address Dakota's apparent violation of Sections 364.02 and 364.04, Florida Statutes.

The Commission is vested with jurisdiction over this matter pursuant to Sections 364.02(13), 364.04, and 364.285, Florida Statutes. Further, staff's recommended penalty is consistent with penalties imposed upon other prepaid calling service providers by the Commission in previous dockets for the same apparent violation. Accordingly, staff believes the following recommendations are appropriate.

DISCUSSION OF ISSUES

Issue 1: Should the Commission impose a \$25,000 penalty upon Dakota Telecommunications, Corp. for its apparent violation of Sections 364.02 (13) and 364.04, Florida Statutes, to be paid to the Florida Public Service Commission within fourteen calendar days after the issuance of the Consummating Order?

Recommendation: Yes. If Dakota Telecommunications, Corp. fails to timely protest the Commission's Order, and fails to file a tariff and provide the Commission with current contact information, the company should also be required to immediately cease and desist providing intrastate interexchange telecommunications services in Florida upon issuance of the Consummating Order until the company files a tariff and provides the Commission with current contact information. (Curry, Susac)

Staff Analysis:

Apparent Deficiency

After receiving a complaint, staff determined that Dakota was providing intrastate interexchange telecommunications services within the state. Staff then notified Dakota of its requirement to obtain an IXC certificate via certified mail. The deadline for Dakota to submit the IXC certificate application was May 30, 2003. After not receiving the application, staff sent a second certified letter to Dakota. This letter was sent after the passage of the Tele-Competition Innovation and Infrastructure Enhancement Act (Tele-Competition Act) and only requested that the company respond to the consumer complaint. Staff later followed up with a third certified letter informing Dakota of its requirement to file a tariff and to provide the Commission with the company's current contact information. The letter was later returned by the United States Post Office marked unclaimed. Even though Dakota never received the third certified letter which specifically addressed the company's requirement to file a tariff and to provide the Commission with the company's current contact information, the company did receive the initial letter requesting that it obtain a certificate. Part of the certification process includes filing a tariff and providing the Commission with the company's current contact information. As of the date of filing this recommendation, Dakota has not filed a tariff or provided the Commission with its current contact information, which is in apparent violation of

DATE: September 18, 2003

Sections 364.02(13) and 364.04, Florida Statutes. Staff believes that the company has been adequately notified of its requirements and has been provided with sufficient time to meet those requirements.

Applicable Florida Statutes

On May 23, 2003, Florida state legislators passed the Tele-Competition Act which no longer requires an IXC providing services within the state to obtain a certificate. However, Section 364.02(13), Florida Statutes, requires each IXC to provide the Commission with information to contact and communicate with the company. Section 364.02(13), Florida Statutes, states in pertinent part:

Each intrastate interexchange telecommunications company shall continue to be subject to ss. 364.04, 364.10(3)(a), and (d), 364.285, 364.163, 364.501, 364.603, and 364.604, shall provide the commission with such current information as the commission deems necessary to contact and communicate with the company....

Further, the Tele-Competition Act did not amend Section 364.04, Florida Statutes. IXCs providing service within the state are still required to file a tariff with the Commission in accordance with Section 364.04(1), Florida Statutes, which states:

Upon order of the commission, every telecommunications company shall file with the commission, and shall print and keep open to public inspection, schedules showing the rates, tolls, rentals, contracts, and charges that a company for service to be performed within the state.

Proposed Penalty

Staff believes that Dakota's failure to provide the Commission with current contact information and file a tariff are "willful violations" of Sections 364.02 (13) and 364.04, Florida Statutes, in the sense intended by Section 364.285, Florida Statutes.

Pursuant to Section 364.285(1), Florida Statutes, the Commission is authorized to impose upon any entity subject to its jurisdiction a penalty of not more than \$25,000 for each day a

DATE: September 18, 2003

violation continues, if such entity is found to have refused to comply with or to have willfully violated any lawful rule or order of the Commission, or any provision of Chapter 364, Florida Statutes, or revoke any certificate issued by it for any such violation.

Section 364.285(1), Florida Statutes, however, does not define what it is to "willfully violate" a rule or order. Nevertheless, it appears plain that the intent of the statutory language is to penalize those who affirmatively act in opposition to a Commission order or rule. See, Florida State Racing Commission v. Ponce de Leon Trotting Association, 151 So.2d 633, 634 & n.4 (Fla. 1963); c.f., McKenzie Tank Lines, Inc. v. McCauley, 418 So.2d 1177, 1181 (Fla. 1st DCA 1982) (there must be an intentional commission of an act violative of a statute with knowledge that such an act is likely to result in serious injury) [citing Smith v. Geyer Detective Agency, Inc., 130 So.2d 882, 884 (Fla. 1961)]. Thus, a "willful violation of law" at least covers an act of purposefulness.

However, "willful violation" need not be limited to acts of commission. The phrase "willful violation" can mean either an intentional act of commission or one of omission, that is failing to act. See, Nuger v. State Insurance Commissioner, 238 Md. 55, 67, 207 A.2d 619, 625 (1965) [emphasis added]. As the First District Court of Appeal stated, "willfully" can be defined as:

An act or omission is 'willfully' done, if done voluntarily and intentionally and with the specific intent to do something the law forbids, or with the specific intent to fail to do something the law requires to be done; that is to say, with bad purpose either to disobey or to disregard the law.

Metropolitan Dade County v. State Department of Environmental Protection, 714 So.2d 512, 517 (Fla. 1st DCA 1998) [emphasis added]. In other words, a willful violation of a statute, rule or order is also one done with an intentional disregard of, or a plain indifference to, the applicable statute or regulation. See, L. R. Willson & Sons, Inc. v. Donovan, 685 F.2d 664, 667 n.1 (D.C. Cir. 1982).

Thus, the failure of Dakota to provide the Commission with current contact information and file a tariff meets the standard for a "refusal to comply" and a "willful violation" as contemplated

DOCKET NO. 030875-TI

DATE: September 18, 2003

by the Legislature when enacting section 364.285, Florida Statutes.

Nor could Dakota claim that it did not know that it had the duty to provide the Commission with current contact information and file a tariff. "It is a common maxim, familiar to all minds, that 'ignorance of the law' will not excuse any person, either civilly or criminally." Barlow v. United States, 32 U.S. 404, 411 (1833); see, Perez v. Marti, 770 So.2d 284, 289 (Fla. 3rd DCA 2000) (ignorance of the law is never a defense). Moreover, in the context of this docket, all telecommunication companies, like Dakota are subject to the rules published in the Florida Administrative Code. See, Commercial Ventures, Inc. v. Beard, 595 So.2d 47, 48 (Fla. 1992).

Further, the amount of the proposed penalty is consistent with penalties previously imposed by the Commission upon IXCs that were providing intrastate interexchange services within the state and failed to file a tariff and to provide the Commission with the company's current contact information. Thus, staff recommends that the Commission find that Dakota has, by its actions and inactions, willfully violated Sections 364.02(13) and 364.04, Florida Statutes, and impose a \$25,000 penalty on the company to be paid to the Florida Public Service Commission.

DOCKET NO. 030875-TI

Issue 2: Should this docket be closed?

Recommendation: The Order issued from this recommendation will become final upon issuance of the Consummating Order, unless a person whose substantial interests are affected by the Commission's decision files a protest within 21 days of the issuance of the Proposed Agency Action Order. If the Commission's Order is not protested and the payment of the penalty is not received within fourteen calendar days after the issuance of the Consummating Order, the collection of the penalty should be referred to the Department of Financial Services. This docket should be closed administratively upon either receipt of the payment of the penalty or upon the referral of the penalty to the Department of Financial Services. (Susac)

Staff Analysis: Whether staff's recommendation on Issue 1 is approved or denied, the result will be a Proposed Agency Action Order. If no timely protest to the Proposed Agency Action is filed within 21 days of the date of issuance of the Order, this docket should be closed administratively upon receipt of the payment of the penalty or referral of the penalty to the Department of Financial Services.

Re: Notice of violation to obtain a certificate to provide prepaid calling services in the state of Florida and Notice of consumer complaint.

Dear Sir:

The Florida Public Service Commission recently received the enclosed complaint filed against Dakota Telecommunications Corp., regarding the purchase of a prepaid phone card titled "Maxima." The complaint was filed by Ms. Zelda Boozer on April 8, 2003. According to Ms. Boozer, the phone card that she purchased was for fifty-two (52) minutes of calling time; however, she was only able to use the card for a total of thirty-three (33) minutes. The prepaid calling service provider listed on the card is Dakota Telecommunications. At this time, I ask that you please investigate this complaint, contact Ms. Boozer, and provide me with a detailed response by May 16, 2003, that addresses the issues of this complaint and verifies that Ms. Boozer has been contacted and her issues resolved.

After receiving Ms. Boozer's complaint, I found that Dakota Telecommunications Corp. has not obtained the proper certification needed to provide prepaid paid calling services (PPCS) within the state of Florida. Rule 25-24.910, Florida Administrative Code (F.A.C.), Certificate of Public Convenience and Necessity Required, states:

A company shall not provide PPCS without first obtaining a certificate of public convenience and necessity as a local exchange company, alternative local exchange company, or interexchange company. The name used as the provider of PPCS printed on the prepaid calling card shall appear identical to the name in which the certificate is issued. A "doing business as" name may be used in lieu of the certificated name if it is registered as a fictitious name with the Florida Division of Corporations and reflected on the certificate before the name is used on the card.

To resolve the certification matter, please file an application with the Florida Public Service

Please understand that if Raven Communications, Inc. fails to comply with Rule 25-24.910, Florida Administrative Code, that by Section 364.285, Florida Statutes, the Commission is authorized to impose upon any entity subject to its jurisdiction a penalty of not more than \$25,000 per day for each offense, if such entity is found to have refused to comply with or to have willfully violated any lawful rule or order of the Commission, or any provision of Chapter 364.

Re: Notice of violation to obtain a certificate to provide prepaid calling services in the state of Florida and Notice of consumer complaint.

Dear Sir:

The Florida Public Service Commission recently received the enclosed complaint filed against Dakota Telecommunications Corp., regarding the purchase of a prepaid phone card titled "Maxima." The complaint was filed by Ms. Zelda Boozer on April 8, 2003. According to Ms. Boozer, the phone card that she purchased was for fifty-two (52) minutes of calling time; however, she was only able to use the card for a total of thirty-three (33) minutes. At this time, I ask that you please investigate this complaint, contact Ms. Boozer, and provide me with a detailed response by May 16, 2003, that addresses the issues of this complaint and verifies that Ms. Boozer has been contacted and her issues resolved.

After receiving Ms. Boozer's complaint, I found that Dakota Telecommunications Corp. has not obtained the proper certification needed to provide prepaid paid calling services (PPCS) within the state of Florida. Rule 25-24.910, Florida Administrative Code (F.A.C.), Certificate of Public Convenience and Necessity Required, states:

A company shall not provide PPCS without first obtaining a certificate of public convenience and necessity as a local exchange company, alternative local exchange company, or interexchange company. In addition, Dakota has not provided the Florida Public Service Commission (Commission) with the company's contact information. Also, Section 364.04, F.S., requires that all telecommunications companies providing services within the state of Florida file a tariff with the Commission. The tariff should include the rates, tolls, rentals, contracts, and charges of the company for the services to be performed within the state. A sample tariff and a tariff checklist are enclosed to assist you (Enclosure 3). Please submit the contact information and the tariff to the following address:

Florida Tariff No. 1
Original Sheet 5

TARIFF FORMAT SHEETS

A. Sheet Numbering - Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.

B. Sheet Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet version on file with the FPSC. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14. Because of various suspension periods, deferrals, etc, the FPSC follows in their tariff approval process, the most current sheet number on file with the Commission is not always the tariff page in effect. Consult the Check Sheet for the sheet currently in effect.

C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:

2.
2.1.
2.1.1.
2.1.1.A.
2.1.1.A.1.
2.1.1.A.1.(a).
2.1.1.A.1.(a).I.
2.1.1.A.1.(a).I.(1).
2.1.1.A.1.(a).I.(1).(1).

D. Check Sheets - When a tariff filing is made with the FPSC, an updated check sheet accompanies the tariff filing. The check sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this page if these are the only changes made to it (i.e., the format, etc. remains the same, just revised revision levels on some pages). The tariff user should refer to the latest check sheet to find out if a particular sheet is the most current on file with the FPSC.

3.1 Timing of Calls

The customer's long distance usage charge is based on the actual usage of the Company's network. Usage begins when the called party picks up the receiver, (i.e. when 2 way communication, often referred to as "conversation time" is possible.). When the called party picks up is determined by hardware answer supervision in which the local telephone company sends a signal to the switch or the software utilizing audio tone detection. When software answer supervision is employed, up to 60 seconds of ringing is allowed before it is billed as usage of the network. A call is terminated when the calling or called party hangs up.
