COMMISSION  
CLERK

Re: Application for Certificate to provide Waste Water Service in Charlotte County by Island Environmental Utility, Inc.

Dear Sir or Madam:

I respectfully request that the Commission grant me Intervenor status in the above captioned matter. I am the President of the Preserve of Don Pedro Owners Association and represent some 35 property owners that would be affected by the granting of a certificate on the barrier islands Don Pedro, Little Gasparilla and Knights Island. I am also a homeowner on Don Pedro Island.

I personally object and the property owners I represent object to the granting of this certificate because there is no demonstrable need for the service; the motives of the organization seeking the certificate are strictly commercial in nature with not so much as a veiled attempt at serving the public interest; and it is contrary to announced and implemented public policy which has sought to curtail or eliminate development on bridgeless barrier islands. Sewer would both permit and encourage commercial development on the barrier islands solely for the enrichment of a few individuals at the expense of the environment and the life style of island residents.

Yours Sincerely,

James W. Wade  
President
