Re: 2003 TRO Data Request in Docket Nos. 030851-TP and 030852-TP

Dear Ms. Bayó,

Please find enclosed the responses of Florida Digital Network, Inc., d/b/a FDN Communications ("FDN") to the data requests of the Florida Public Service Commission, transmitted to FDN by letter dated November 12, 2003, from Ms. Beth Salak.

A copy of this letter is enclosed for Ms. Lee of the Commission staff. Please forward this copy to Ms. Lee. Attached to Ms. Lee's copy is a 3.5" diskette containing the data response spreadsheets.

Please note that the spreadsheets regarding Remote Switches and High-Capacity Loops are blank. This is so because (1) FDN does not have "remote switches," and (2) FDN does not self-provide or obtain from third parties (i.e., non-ILECs) high-capacity loops. On the subject of switching, information regarding FDN owned switches is provided on the Switching spreadsheet.

Please also be advised that pursuant to Rule 25-22.006(5), Florida Administrative Code, Florida Digital Network, Inc., d/b/a FDN Communications ("FDN") claims confidentiality over certain portions of FDN's responses to the Commission staff's data requests. One highlighted copy and two edited copies of the confidential portions are therefore also enclosed.

The identified information contains proprietary investment, market deployment, customer location information and competitive interest information. This information is valuable, is used by FDN in conducting its business, and FDN strives to keep it secret. Therefore, such information relates to competitive interests of FDN, the discloser of which would impair the competitive business of FDN. This information contains information that FDN strives to keep secret because it is elemental to FDN's business and status in the competitive market place. Therefore, such information is a trade secret.
