Knology of Florida, Inc. (“Knology”) interconnects with BellSouth in Bay County, Florida, through fiber meet points arranged as virtual collocation facilities. (The Vertical and Horizontal coordinates for the facility meet points are shown in the attached FPSC spreadsheet.) These facilities are joint use facilities and we have shown them as the facilities from and to the ILEC.

Knology is a facilities-based provider of telecommunications and data services on a wholesale and retail basis. We build our own fiber facilities directly to the end user. Other carriers can purchase transport facilities from their point of presence in Bay County, Florida, to the end user over Knology facilities. We do not rely on BellSouth collocation or transport facilities to provide these services.
